Unique Exhibit.

A rather unusual exhibition is going on at present at Messrs. Ayre & Sons Hardware Department, consisting of a dozen panels finished with "Maple Leaf Flat Oil Paints." This splendid display is exceptionally striking and it particularly appeals to householders who are interested in decorations. A large number of visitors have been delighted by the artistic and delicate tints of this wall finish. Another advantage of the paint is that it can be washed repeatedly with soap and water without spoiling the painted surface. The public are invited to visit the store and Mr. Bowden will be glad to furnish any information.

Scalded to Death

Accident on S.S. Orithia.

The Donaldson Liner Orithia, Capt. Brown, crippled into port yesterday afternoon. She was sixteen days out from Glasgow, bound to Baltimore and had a stormy passage. At the outset strong head winds were experienced and as the passage advanced the elements became more boisterous. The ship was lightly laden, her propeller being barely under water, and in a heavy sea she was knocked about badly. On Saturday evening last the main steam pipe burst and

NO RHEUMATISM THIS WINTER

Thanks to GIN PILLS

DON'T you want to have ONE WINTER free of Rheumatism? Don't you want to enjoy life as other men enjoy it? Don't you want to work as healthy, normal men do, instead of being all crippled up with Rheumatism or Kidney Trouble?

Then take GIN PILLS and conquer your old enemy for good. Mr. Beaudry did, with the help of the GIN PILLS.

"Syrup of Figs" for Bilious Stomach, Gas, Headache or Waste-Clogged Bowels.

Poor breath, coated tongue, dull, throbbing headache, stomach sour and full of gas, indigestion, biliousness and a sallow complexion, mean that your thirty feet of bowels are clogged with waste matter; that these drainage organs of the body are obstructed; liver stagnant and stomach full of poisonous gases, sour bile and undigested, fermenting food not properly carried off.

Most of our ills are caused by constipated bowels. We all need a laxative sometimes; nobody can doubt that. The only question is, which one is the best? and that isn't a question any more. Syrup of Figs, being composed entirely of luscious figs,enna, and aromatics, must act in a harmless, gentle and natural way. Syrup of Figs can be constantly used without injury. Its action is

three firemen who were in the stock-hold on duty, were impelled by the steam and hot water that escaped from the pipe. Two of the seamen were seriously injured, and the body of the third was fearfully scalded by the building hot vapour that escaped. Fortunately, at this point the wind and sea moderated and while temporary repairs were effected by the engineers. The three firemen were removed from the stock-hold, and the injured seamen were conveyed to the general hospital, and while temporary repairs were effected by the engineers. The three firemen were removed from the stock-hold, and the injured seamen were conveyed to the general hospital, and while temporary repairs were effected by the engineers.

At the time the pipe burst there was much commotion and in the midst of the excitement a sailor fell on the deck sustaining injuries to his back, but not of a serious nature. Messrs. A. J. Harvey & Company are the Agents for the Orithia. This morning she was dry docked to have the broken pipe remedied. The Orithia is no stranger in St. John's, neither is Capt. Brown.

Here and There.

ACKNOWLEDGMENT.—The Christian Brothers, Mt. Cashel, beg very gratefully to acknowledge the receipt of thirteen dollars and ninety-five cents (\$13.95) from the Klark-Urban Company, per J. L. Slattery, Esq.—ad.

CLARK-URBAN CO.—Capt. Clay of Missouri was produced by the above Company last night to a capacity audience. The piece was excellently handled, showing careful preparation, and the performers gave typical and faithful portrayals of the different characters.

CITY COUNCIL MEETING.—The meeting yesterday passed the usual class of applications. The Inspector General expressed an adverse opinion as to the erection at the rear of a building on Prescott St. Mr. Fenelon appeared for Mr. Oke on the application. The protest of the parties concerned will be duly considered. Watchman Fogarty sick leave is to be curtailed. The meeting adjourned at 6 p.m.

LATEST War News

The Torpedoing of a Battleship.

Special to Evening Telegram.

ATHENS, To-day. Lieut. Vothis, commander of the torpedo boat, which sank the Turkish battleship Fethiullah at Saloniki, sent the following report of the incident to his Government. The forts at Karabum were flashing searchlights unceasingly between the Estuary of Karavofarno and the mouth of the Vadar Rivers, but I passed safely in making full speed for Saloniki and arrived at 11.20 in the evening. I discovered a Turkish cruiser at the left extremity of the pier. At the right extremity were other vessels, including a Russian warship, I manoeuvred cautiously and escaped detection and launched a torpedo boat at a distance of 150 metres from the starboard side of my vessel. It then turning slightly to the left launched another from the port side, then steamed away at full speed a safe distance and again turning discharged a third torpedo at breakwater. Then such an explosion was heard that we thought a cannon had been fired on land. After the first explosion we noticed lights moving about the cruiser and heard a whistle being blown by officers. The place was lit up by explosion which occurred at a spot a little forward of right funnel. Dense volumes of smoke poured from the funnel, and the vessel lurched forward by the bows. It then started at full speed passing in front of Karabum which certainly had been apprised of the event from Saloniki and the fortress blazed all its searchlights as we passed unnoticed. I carried out a promise previously made by gunners and fired a shot at the fortress from a range of 2,500 metres.

The Situation Perplexing.

TURKS ISSUE REASSURING REPORTS BUT FIVE THOUSAND WOUNDED MEN HAVE ARRIVED AT CONSTANTINOPLE.

Perplexity arising from the policy of the Governments engaged in warfare in south eastern Europe, in total excluding newspaper correspondents from the scene of hostilities is more pronounced than ever. An extraordinary series of despatches from Mazen Pasha, Turkish Commander in Chief, claiming the Turkish army had captured Constantinople and was still holding its own against the Bulgarians, were published at Constantinople. In the absence of independent testimony, however, various assumptions as to the accuracy of these telegrams are possible. They may be belated despatches, referring to earlier stages in the struggle or mere representations for the benefit of the Turkish populace. On the other hand they may mean the Bulgarian victory was not so complete as represented by the Sofia. Nine divisions of Turkish reserves are said to have been ordered to Turkish centre and may be holding back Bulgarian advances. Except that the Turks were retreating on Chatalja, fighting a rear guard action, no details of battle were forthcoming from Sofia, but the arrival of five thousand wounded men at Constantinople tells its own story of the sanguinary character of the encounter. Despite optimistic reports from the Turkish side, it is not believed here that the Turkish army can retrieve itself. All indications from Sofia are that the allies are determined to dictate the terms of peace from Constantinople. That construction is placed on an editorial from the official newspaper, Mirl, published at Sofia and other official intimations, that Bulgarians expect to be at Constantinople within a fortnight. Possibly it depends upon the strength of the Chatalja fortified lines, which for nearly a century have been regarded as an impregnable stronghold, from which the Turks would dare the world to expel them. Diplomatic activity continues in European capital, but the Balkan allies in their present mood are ill-disposed towards European interference.

Important Announcement

A serious typographical error occurred on several of the Advertisements of Lowney's Cocoa which have appeared in this newspaper. The recipe showing how cocoa should be made called for "1-8 tablespoonful of salt." It should have called for "1-8 tea-spoonful of salt." The correct recipe, as it will appear in all future advertisements of Lowney's Cocoa, is as follows:

The Best Way Way to Make Cocoa

Mix two even tablespoonfuls of cocoa with two of sugar. Add 1/8 teaspoonful of salt. Mix gradually with two cups of boiling water. Stir to a smooth paste. Boil 5 minutes. Add two cups of scalded (not boiled) milk, and beat with an egg beater until frothy.
