OFFICIAL.

LONDON, March 27. The Governor, Newfoundland: Early in the week after repeated attacks, west of the Meuse, the enemy occupied Exocourt wood and Haucourt Hill. Recently there have been no infantry attacks, and the British front nothing special.

There is considerable fighting on the whole of the Russian front, especially west of Drinsk and near Lake Zurich. The Russians have captured enemy positions at various points, making many prisoners.

British seaplanes, escorted by light cruisers, attacked German airship sheds at Schleswig-Holstein on Saturday. The weather was stormy. Three seaplanes are missing. The destroyer Medusa is believed to have sunk through collision. Our destroyers sank two enemy patrol vessels and one torpedo boat.

In a fight in the North Sea on Feb. 24th, between an armed enemy raider and the British merchant cruiser Alcantara, both were sunk. Of the enemy's crew of three hundred, 120 were rescued.

The cross-Channel steamer Sussex, torpedoed, has reached port. A hundred lives were lost.

The Atlantic transport liner Minneapolis has been torpedoed and sunk. Eleven lives were lost.

General Smuts has achieved further important success, driving the enemy from positions on the Ruffa River.

BONAR LAW.

ST. PIERRE BULLETIN.

PARIS, March 27. (Official.)

In Argonne mine fighting in our favour; at FFI Monte, bomb-lighting, and in Courtes Chaussees sectors.

West of the Meuse the night was relatively calm. East of the Meuse artillery fighting was interrupted on the Douaumont-Vaux front. In Woëvre, violent bombardment, especially a Mourville and Chatillon region.

No infantry action on rest of the front. Calm night.

THE SUBMARINE SITUATION.

WASHINGTON, March 27. View of the submarine situation is taking on aspects of much gravity.

The possibility of breaking off the diplomatic relations with Germany is again being discussed as one of the eventualities which is expected to follow, if it is shown that the steamships Sussex and Englishman are victims of submarines.

STEAMERS SUNK.

LONDON, March 27. The French steamship Hebe, 1,494 tons, the British steamship Cerne, and the British fish-carrier Kharatoun, of Hull, have been sunk. The crews of the Hebe and Cerne have been landed, and two members of the crew of the Kharatoun have been saved, but a feared that the remaining nine men have been drowned. Lloyd's report that the British steamship St. Cecilia, the sinking of which was announced yesterday, was blown up by a mine. She had a general cargo from Portland, Maine.

SOLDIERS ARRIVE AT HALIFAX.

HALIFAX, N.S., March 27. Nine officers, one warrant officer and 96 non-commissioned officers and men, returned wounded or invalided, arrived here to-day from Liverpool.

Among them was Clinton Anand, of Elmadaie, who has been wounded several times. He belonged to a Calgary battalion. These men will be taken to Quebec.

NOT A TURKISH SUBMARINE.

WASHINGTON, March 27. Turkey to-day informed the U. S. that it was not a submarine of the Ottoman Government which sunk the liner Persia in the Mediterranean last winter, with the loss of an American life. The Turkish note, in reply to repeated inquiries from the U.S. declares that all Ottoman submarines are under instructions to fly their national flag, and that none was in the vicinity when the Persia was sunk. Both Germany and Austria declared that their submarines destroyed the ship.

LIVES LOST ON THE 'ENGLISHMAN.'

WASHINGTON, March 27. Advice to the State Department to-day from Bristol, England, say that one American, T. Backley, a horseman, was apparently lost by the sinking of the British ship Englishman, and that the total loss of life was 7.

Girls! Thicken and Beautify Your Hair And Stop Dandruff

Try this! Your hair gets wavy, glossy and abundant at once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knoviton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

horsemen and three members of the crew.

GERMAN TRENCHES BLOWN UP.

BERLIN, March 27. More than 100 yards of German trenches near St. Eloi, have been blown up by the British, the German Army Headquarters announced to-day.

LIVES LOST ON THE MINNEAPOLIS.

LONDON, March 27. A Lloyd's dispatch from Malta, dated March 24th, says that the crew of the Minneapolis, which was torpedoed, have arrived here, with the exception of eleven men, who have been lost.

CARGO ON FIRE.

BOSTON, March 27. Part of the cargo of the British steamer City of Naples, which arrived here on Friday from Calcutta, was damaged to-day by fire, which broke out in the hold from an undetermined cause, while the ship was at the Mystic wharf, Charlestown. The loss is estimated at \$200,000. The chief damage was from water, which was pumped into the hold to a depth of 12 feet. The ship was only slightly damaged.

BRITISH TAKE TRENCHES.

LONDON, March 27. British infantry stormed to-day and took the first and second line of German trenches along a front of six hundred yards at St. Eloi, says a British official communication issued this evening.

UNITED STATES WILL PROBABLY MAKE SOME ENQUIRIES.

WASHINGTON, March 27. The U.S. probably will make some enquiry of the German Government over the sinking of the Sussex. A mass of evidence has been transmitted to Lansing by the American Embassy at Paris. The statements of Samuel Bemis, one of the survivors, and others, say the wake of a torpedo was seen.

SUBMARINE CAMPAIGN.

WASHINGTON, March 27. According to information received here, the German Ambassador has been advised that Admiral Von Tirpitz had proposed to conduct a relentless submarine campaign against all shipping to British ports, and was asked what in his opinion, would be the effect of such a campaign upon neutral nations, particularly the States. The Ambassador's reply is said to have been an important factor in the retirement of the Admiral.

Knowing these facts and the attitude of the German Government and Tont officials, it is certain that if a submarine was concerned in the Sussex disaster, the Imperial Government would do everything in its power to satisfy the U. S. It was made clear by the German Embassy that it believes it was a mine and not a torpedo that damaged the Channel steamer, and that the German Government may issue that statement.

MANCHESTER ENGINEER TORPEDOED.

LONDON, March 27. The Central News says that the Manchester Engineer was torpedoed to-day by a German submarine.

It was at first supposed that the vessel was not badly damaged, but she foundered when making port in tow. The Manchester Engineer was 4,302 tons gross, built in 1902, and owned by the Manchester Liners Ltd., of Manchester.

APPRECIATION.

LONDON, March 27. Lieut. General Count Cadorna, the Italian Commander-in-Chief who has been visiting England, on departure telegraphed Kitchener as follows: During my short stay I have been able to appreciate the wonderful effort Britain is making for the noble cause which the Allies are devoting themselves. Your firm belief in victory is also my own.

SENAC REPORTS BY WIRELESS.

WASHINGTON, March 27. The coastguard cutter Senac reported by wireless to-day that she had located the Norwegian ship Svaland, dismantled and adrift in a raging storm, 235 miles southeast of Halifax, and that she would take her in tow as soon as the gale abated.

Dick Smith, the English lightweight champion, was defeated on points by Harry Reeve, in a 20-round bout held here to-night.

FARM HELP SCARCE.

CHICAGO, March 27. Efforts of the Canadian Government to obtain 20,000 farm hands from the United States, have met with but limited success, according to W. J. White, Inspector of the Canadian Government agencies in the United States.

WILL SEND RELIEF SHIP.

LONDON, March 27. At a meeting held to-day in connection with the Shackleton Antarctic expedition, it was decided to take immediate steps for the organization of a relief expedition to rescue the explorers left at Ross Sea. The question of sending a second relief vessel to Weddell Sea was decided as soon as the ship Endurance, which took Shackleton and party south, is spoken and known whether Shackleton is on board.

Ever Eat Grape-Nuts

is of two kinds:

There's a vast army of physical and mental workers who do.

One reason—its delicious nut-like flavour.

Another—it is easily and quickly digested—generally in about one hour.

But the big reason is—Grape-Nuts, besides having delicious taste, supplies all the rich nutriment of whole wheat and malted barley, including the "vital" mineral salts necessary for building brain, nerve and muscle.

Always ready to eat direct from the package, Grape-Nuts with cream or good milk is a well balanced ration—the utmost in sound nourishment.
