2nd The RUSSELL WATCH being made on correct and setentific principles, it must for natural consequence that it will keep time. 3rd - Each part of which the RUSSELL WATCH is composed is a reflex of the perfect may high, underskilful direction, it is produced. 4th Truth is the essential of each part. 5th - Uniformity and conformity must therefore characterize the several parts in fulfilling the purose for which they are made and brought together.

6th Reproduction, as regards watch work, is simply an application of the principle that "things which are equal to the same things are equal to one another," and if there is any merit, the RUSSELL WATCH possesses that merit to a demonstration. 7th—The greatest variety of price, quality and size, that confidence and perfection will admit, afforded by the RUSSELL WATCH. 8th-The RUSSELL WATCH stands pre-eminently above all competitors for public favor and 9th.—Proofs of the foregoing—the universal testimony of all Watchmakers who have sold, and the positive statements of the theusands in Europe, the United States, and Canada, who have worn the RUSSELL WATCH.
