A RARE CHANCE.
Spring Bank Farm FOR SALE.
THE subscriber offers for sale the above well-known and desirable property, situate at near Ospringe, on the Erin and Guelph G. V. Road, 12 miles from Guelph, 3 miles from Exeter, being the Easterly half of Lot No. 10, in the 2nd Concession, Township of Erin, 100 acres, more or less, between 60 and 70 acres cleared. It is well laid off with good fences, and in a very superior state of cultivation, with good buildings, a never-failing supply of water, the creek running alongside of it, and a good well of water and pump at the door.
The above is acknowledged to be one of the best wheat growing farms for its extent in the County of Wellington. The soil is deep and rich. Also a pleasantly situated property in the flourishing Village of Exeter, consisting of a good Frame Dwelling House and a Stable, two-fifths of an acre of land attached, good garden and some choice fruit trees, &c. Title indisputable.
For terms and particulars apply personally, or by letter (post paid) to the subscriber at Exeter.
PETER MCGILVRAI,
Exeter P. O., County of Wellington.
Guelph, 10th Sept., 1867.

Subscribers wishing to take the EVENING MERCURY by the week, or for a longer period, will please leave their names at the office, and it will be regularly delivered at their residences. Subscribers whose papers are not regularly left by the Carrier Boys, will please call at the office at once and inform us of the neglect.

Evening Mercury.
WEDNESDAY EVEN'G, OCTOBER 9.

General News.
Mr. Thomas Worthington, Assistant Commissioner of Customs and Excise, has been appointed head of the Excise department under Mr. Howland.
They have a queer idea of "prohibition" in Vienna. The police recently threatened a lager-beer seller to fine him heavily if he did not increase the size of his glasses.
The Methodists have twenty thousand churches in the United States, with accommodation for over six million people. It is the most numerous sect in the United States.
A new grass is springing up in the Southern States. It appears to be a dwarf clover, is very thick set, covering the earth with a beautiful carpet of green. It is much relished by cattle, and is a complete exterminator of Bermuda, joint, sedge, and other grasses.
The number of bouquets thrown to Adeline Patti at a late performance of "Sonnambula" at the Theatre Italian, Paris, was so great that the carpenters and scene shifters were required to pick them up.
The widow of Ira Aldridge, the negro tragedian, went to Russia to obtain his body, but could not afford to bring it away, because the priests exacted an enormous fee for every parish it would have to pass through.
The oldest locomotive in America was broken up at a machinery shop in Bangor the other day. It was the "Pioneer," a ten ton engine, and one of the early machines built in England by Stephenson, the inventor of the locomotive. It was built at his works, in Newcastle-upon-Tyne, in 1825, and ran its first trip Nov. 6, 1826. Its last trip was done August 16, 1867.
The difference between Sheridan and Butler is, that the former is the hero of only five Forks, while the other is the hero of as many forks and spoons as he could lay hands on.
THOMAS CARLYLE lives in Chelsea. He loves to sit on a lawn in a small garden. He is a dry, gaunt form; he wears a morning gown and cap, and draws heavy clouds of smoke from his short clay pipe, and he is called the Diogenes of Chelsea.
The proposition to build an International Church in London to the memory of Abraham Lincoln will attract attention and command sympathy on this side of the Atlantic, as well as among our countrymen in Europe. It is proposed to connect this church with the Lincoln School, recently built at an expense of £1,500. To carry out the plans at present entertained the additional sum of £17,000 will be needed.
BIRDS of passage, says the Nord, have begun their annual migration southwards through Belgium a month earlier this year than usual. Already long lines of storks have taken flight; buzzards have been killed in the neighborhood of Paris, and wild ducks have passed in such numbers that the eye cannot follow them. All this, as is known, presages an early or a hard winter.
The New York Express of Monday last says:—"Something of a sensation was created in St. George's Episcopal church, at the morning services, yesterday, by the appearance of a Presbyterian minister [Rev. Dr. Spring] in a black gown, among the surpliced ministers that were ushered from the vestry room, and occupied a place in the chancel. The doctor was there, moreover, it turned out, for more than they were shown, as he was called upon by Dr. Tye to say the concluding prayer."
Whether this is another case for the committee or not, we do not know, but the fact there is no doubt.
Mr. Greeley's autobiography has been written down to his apprenticeship. He says of the four years of his life during which he was learning to be a printer:—"I have never since found at once books and opportunity to enjoy them so ample as while there; I do not think I ever before or since read so much profit. They say that apprenticeship is distasteful to, and out of fashion with the boys of our day; if so, I regret it for their sakes. To the youth who asks, 'How shall I obtain an education?' I would answer, 'Learn a trade of a good master.' I hold firmly that most boys may thus better acquire the knowledge they need than by spending four years in College."
HEAVY GALE.—The Sarnia Observer says: "During Saturday night and Sunday it blew a heavy gale from the north-west, preventing upward bound vessels from going into the Lake, and causing the downward bound to make all speed to secure the shelter of the river and bay opposite our Town. On this account there was quite a fleet in our harbour on Sunday morning, the number of vessels in sight from sixty to seventy. One vessel, the Butcher Boy, was driven ashore near Sand Beach, on the Lake Shore, and quite a number sustained more or less injury to their rigging and spars, causing them to lay over a day or two for repairs. The gale was the heaviest we have had this season.
A man, having rather a grim reputation, has just died at Noyon, Oise, in his 84th year. He was formerly public executioner in the department of the Oise. He was also assistant executioner at Paris at the period when Robespierre, Saint-Just and other members of the Convention died in turn on the scaffold; and used willingly to relate, perhaps with some exaggeration, the part he per-

Local News.
THE WEEKLY MERCURY.
FORTY COLUMNS.
THE LARGEST, CHEAPEST AND BEST JOURNAL OUT OF TORONTO IN ONTARIO.
THE WEEKLY MERCURY will be published early to-morrow (Thursday) morning in time for the ENGLISH MAIL, which closes at 9:30. Copies can be had at the bookstores of Messrs. Day and Shevan, and at the office of publication, Macdonell street. This will be an excellent number to send to your friends in Britain. In addition to a vast amount of local and general news, as well as the continuation of the thrilling tale "Norah Cushman," it contains editorial and literary selections—all combining to make it one of the most attractive numbers yet published. Price 5c. Get a copy.

ANNIVERSARY SERMONS.—The Sabbath School anniversary sermons will be preached in the Wesleyan Church on Sunday next, by the Rev. Charles Lavell, Chairman of Guelph District.
MR. STONE'S SALE OF STOCK.—We would again remind our readers of Mr. Stone's sale of thorough bred stock, on Wednesday next the 16th inst., at Moreton Lodge. More than this is unnecessary, as almost every one in any way interested in stock raising knows what to expect at the sale.
SUPPER.—We understand that a supper will be given in the basement of the Wesleyan Church, on the evening of Tuesday, the 22nd instant, the proceeds of which are to be devoted towards liquidating the debt still remaining on the parsonage. It is announced that the Rev. Dr. Taylor will be present.
FOR THE WEST.—The Leader says: On Tuesday evening a large number of cattle and sheep went west—the greater portion for Guelph—by Grand Trunk Railway. They were purchased in the eastern section of the province, and appeared to be in good condition.
FIRE IN CALEDON.—On Saturday evening last the barn of Mr. W. McLean, lot 20th, first concession of Caledon was completely burnt down. The building contained 500 bushels of wheat, besides peas, hay, waggon and harness, which were all destroyed. There was no insurance on either the barn or its contents.
COMMERCE OF GALT.—The Galt correspondent of the Hamilton Times says:—Galt stands the first commercial town on the list for Ontario, and though ten of them have a large number of traders, it far outstrips them all in amount of capital, having invested \$1,021,000; an amount of \$85,000 in advance of Peterboro, the second on the list; \$200,000 more than Brantford, and \$15,000 more than, or nearly double, that of Guelph.

THE GOVERNMENT OF ONTARIO.—The Leader, which we presume, must be taken as authority in the matter, says it is expected that the first session of the Legislature of Ontario will open about the second week in December. The Legislative buildings in Toronto will not be ready for occupancy before that time. This would be a sufficient reason for delay if there were no other. But it is indispensable that the Canadian Parliament meet before the Local House of Assembly.
SHOOTING AFFRAY IN GALT.—We learn from the Reformer that on Sunday evening last a quarrel occurred in Galt which came near terminating fatally to one of the parties. Two young men disputed about a girl, when one drew a pistol to intimidate the other and fired into the sidewalk. While attempting to reload, his rival endeavored to wrest the weapon from him, but the one in possession of the pistol fired, and the ball grazed the side of the other's head, cutting it severely. If this be true, and the wound not inflicted by a stone, as another report has it, a life came near paying the penalty of rivalry.
New Books.
THE CURATE'S DISCIPLINE: a novel by Mrs. E. Horat. This is a work inscribed as a slight memorial to the love of twenty years to her husband, C. J. G. Ellorot. Published by the Messrs. Harper Bro's, New York, and forwarded to us by Messrs. W. E. Tunis & Co., Clifton. The work is for sale at Day's bookstore.
MANUAL OF PHYSICAL EXERCISES.—Messrs. W. E. Tunis & Co., Clifton, have sent us a copy of this interesting work, published by the Harpers of New York. It contains chapters on gymnastics, rowing, skating, fencing, cricket, calisthenics, sailing, swimming, sparring, base ball, &c., together with rules for training, and sanitary suggestions. The author of the work is Mr. William Wood, instructor in physical education. It is also profusely illustrated. The work is for sale at Day's bookstore, and no house should be without a copy. It is particularly suited for young men.
THE PRESENT AND FUTURE OF CANADA.—Such is the title of a pamphlet written by Mr. H. Lacroix, for the benefit of French Canadians, and which has been translated, and is published by John Lovell, of Montreal. From what we have read of it, we judge that it is cleverly written. The author apparently loves the country that gave him birth, and endeavors to imbue others with a like sentiment.

Police Court.
Before T. W. Saunders, Esq., Police Magistrate.
WEDNESDAY, 9th.—Thomas Martin was brought up this morning to answer a charge of having driven his horse on the sidewalk. He is a stranger, and was dismissed on the plea that he was ignorant of having offended against the By-law.
Wm. Carey, for selling liquor on Sunday, appeared this morning again, the case having been adjourned since Monday last. Carey was from home on Sunday, but previous to his departure he had given strict injunctions that no liquor should be sold that day. His commands, however, were not properly regarded, as it was proved beyond a doubt that his wife had accommodated two customers—the one with ginger pop and the other with whiskey. His wife

Eramosa Fall Show.
The Eramosa Agricultural Society held their Fall Show at the Centre Inn on Tuesday. The weather was all that could be wished for—genial and pleasant—and in consequence there was a very large turnout of people from all parts of the Township. The horses, stock, &c., were exhibited in a field close to the Inn, and the grain, dairy produce, &c., in the Town Hall.
The Show this year was one of the largest and best that has been held in Eramosa for a long time, and the whole arrangements were excellent and well carried out, for which the efficient Secretary, Mr. Swinford, and the Directors, deserve great credit. In the class of horses the show was very fair. Brood mares and colts were not altogether up to the mark, but in the other classes, especially working and carriage horses and hackneys, the display was very creditable. Mr. J. S. Armstrong's team of working horses, which got the third prize at the County Show took the first, and Mr. Peter Armstrong's team, which was awarded the first at the County Show got the third. There was not a very large show of stock, but generally the animals shown were superior. Messrs. Wm. and Edw'd Tolton and Mr. Charles Head had well-bred and well conditioned aged bulls. Mr. Alex'r Stewart showed a splendid one year old bull, which was greatly admired. His large size, fine points, and purity of breed make him a most valuable and desirable animal. He took the first prize. His cow, which also took the first prize, is a very superior beast. Mr. Geo. Dickieson was the only exhibitor of Galloway stock. The bull he showed is a very fair specimen of that breed. Some heavy well trained working oxen were shown by Messrs. John Dickieson and J. A. Armstrong, and working steers by Messrs. W. S. Armstrong and John Grieve. A very nice heifer was exhibited by Mr. J. W. Armstrong. We missed the very superior stock belonging to Messrs. L. and J. Parkinson, these gentlemen not exhibiting any stock at the Township Show this year. For the same reason the show of sheep was not so good as in former years. Still some of the animals in the different classes were very good, and did credit to the breeders. The principal exhibitors were Messrs. S. Kerr, J. Mckerlie, Edward Tolton, Thomas Waters and Chas. Head. There was but a small show of swine. We noticed a very superior Berkshire boar belonging to Mr. John Currie, which was brought in too late to be entered for competition, but which we have no doubt would have taken a first prize.
The display of wheat and grain was very fair. Both were excellent, the turnips and potatoes being much better than were at the County Show. There were 24 entries of turnips, and 17 of potatoes, which would have gained a prize, but being short in quantity were ruled out. There was a splendid show of apples, equal in every respect to those exhibited at the County Show. Eramosa has always been noted for raising first-class fruit, but the specimens shown this year are, in our opinion, superior to any we have yet seen. Of fall apples there were 27 entries, 24 of winter, and 5 of collections of apples. The butter was also a very attractive show, the quality, colour and make up of the different specimens being all that could be desired.—The competition was also keen in this class, there being 14 entries of salt, and 23 of fresh butter. The show of bread was excellent there being 11 entries in this class. The loaf exhibited by Miss. Plin, which took the first prize, was beautiful in colour, and in all respects of first class quality. There was a much better show of fulled cloth than at the County. Mr. John Johnston got the first prize for a piece of excellent stuff, firm of texture, and made of very fine wool. His blankets were also awarded the first prize. The home made and factory flannel of Messrs O'Brien and Abbott was also of superior quality. Messrs. John Harris & Co., of the Rockwood Woollen Factory, exhibited a pair of factory made blankets. They were not entered for competition, but the judges gave them great praise, and indeed they deserved it, for whether we regard the fineness of the wool, or the excellence of the texture and finish, they are very superior, and do very great credit to the Messrs Harris's skill. There was not a large display of ladies work, but what was shown was very good. Some beautiful specimens of needle work were exhibited, and the specimens of raised raised worsted work was greatly admired. There was not many implements shown. An iron plough of excellent pattern and good finish, also a well made pair of harrows, were shown by Mr. Wm. Forsyth. Mr. Wm. Torrance also exhibited an iron plough, and one of his turnip drills, which are so well known, and so highly appreciated by all farmers who have tried them.
The show on the whole was much larger than it has been for some years in Eramosa, passed off successfully, and to the satisfaction of all. The Judges in the different classes were—Horses, Messrs. C. J. Buckland, Guelph; H. Milroy and John Awrey, Erin. Cattle, sheep, &c., Messrs. Thos. Easton, Nassagaweya; T. bert Kennedy, Erin, and J. Watt, Pilkington. Grain and roots, Messrs. John Beattie, Erin; Henry Larter, Pilkington; Black, Garafraxa. Dairy produce, Messrs. R. Rutherford, Alex. Gibson, and A. O. Buchan, Guelph.

THE DINNER.
The dinner took place at Mr. Armstrong's at the conclusion of the Show. Quite a number sat down to a capital dinner, for which Mr. Armstrong received great praise. John McAree, Esq., President of the Society, accepted the chair, the duties of the vice-chair being discharged by John Dickson Esq., Vice-President. After the company had done ample justice to the good things, the chairman gave the usual loyal and patriotic toasts, which were duly honoured. Capt. Swinford replied to the toast of the "Army and Navy" in a few appropriate words. The vice chairman gave "the judges" responded to by Messrs. Milroy, Thomson, Rutherford and Buchan, who all expressed themselves highly pleased with the Show, and complimented the farmers of Eramosa on its success. "The successful competitors" was next proposed to which Mr. Mckerlie and Mr. John Grieve responded. "The unsuccessful competitors" followed, after which was given four visitors' coupled with the name of Mr. Alfred Hood of Erin. Mr. Hood responded in a few words to the toast of the "Farmers of Eramosa," and then the dinner closed.

Interest to farmers. This would up the proceedings, and parties at a distance were thus enabled to reach their homes at a reasonable hour. The following is the Prize List will be given to-morrow

TO-DAY'S TELEGRAMS.
Special and Exclusive Despatches to the Evening Mercury.
From Father Point.
Father Point, Oct. 9.—The steamship Nova Scotia passed here at 11:20 last night.
From Richmond.
Richmond, Oct. 8.—Amount of tobacco shipped from Richmond during the month of September was over one million lbs., on which a tax of half a million dollars has been paid.
From Memphis.
Memphis, Tenn., Oct. 9.—An attempt was made last evening to prevent by riot the composers in the Bulletin office from going to work at the terms offered by the proprietors. One of the printers, named Jamieson, was shot, and several persons were wounded.
From London.
New York, Oct. 9.—The Herald's London special says the invaders of the Pontifical territory act more in the character of brigands without leaders than Italian patriots. Numbers of revolutionists, however, continue to cross the Italian frontier and the movement is decidedly towards Rome. The Eternal City continued tranquil. In the provinces the peasantry replace the Papal flag with the Garibaldiens retire.
From Fort Harker.
New York, Oct. 9.—The World's Fort Harker special says 5000 warriors were assembled to meet the peace commissioners at that place.
From New York.
New York, Oct. 9th.—There were 469 death in New York last week, and 304 in Brooklyn. Latest election returns indicate that Pennsylvania has gone Democratic and Ohio Republican.

Cable News!
OF TO-DAY.
NEWS FROM ITALY!
THE CARIBALDIAN FORCES MARCHING ON ROME.
PLAN FOR SETTLEMENT OF THE ROMAN QUESTION.
THE FENIAN TROUBLES IN BRITAIN.
(MIDNIGHT DESPATCHES.)
VIENNA, Oct. 8.—The Emperor Francis Joseph has concluded to make no change in the existing Concordat, and negotiations with Rome for the purpose of making a new Condat have been abandoned.
AUGSBURG, Oct. 8.—King William of Prussia arrived in this city to-day on a tour through South Germany.
LONDON, Oct. 8.—Despatches from the East report that a sanguinary conflict had taken place on the Turkish frontier between the Montenegrins and the Turks.
BIARITZ, Oct. 8.—The Marquis de Moustier, Minister of Foreign Affairs, and Chevalier De Nigrie, Italian Ambassador, arrived here just before the troubles broke out in Italy, and have since been in constant consultation with the Emperor. It is said that the following plan for the settlement of the Roman question has been agreed upon: Italy to take possession of the Roman Province; Pope Pius IX. to remain in Rome and retain the Government of the city until his death, when the temporal power of the Pope shall cease.
FLORENCE, Oct. 8.—Officers of the Papal forces engaged at Baguaria, claim that they gained a victory in that battle; that seventy of the enemy were wounded and one hundred and ten made prisoners.
LATER.
The volunteers of Garibaldi are marching upon Rome from every direction. The Florence press urge the government to anticipate them, and occupy the city with national troops. The report gained currency that the American Minister, Hon. Geo. P. Marsh, demanded the release of Gen. Garibaldi, on the ground that he was a citizen of the United States. This is denied; but it is true that Mr. Marsh had asked the government to show clemency to a distinguished prisoner. Garibaldi has issued a address denouncing Rattazzi, and urging his followers to carry on war for the possession of Rome.
Rumors constantly arising in regard to the designs of Fenians, cause much anxiety in England and Ireland. All prisoners vans are doubly guarded by armed policemen to prevent any attempt at rescue. Threatening indications lead the authorities to apprehend some disorder at Berwick, and proper precautions are being taken.
Dublin, Oct. 8th.—The Fenian convict, Kelly, died while in prison, and his funeral took place yesterday. There was a great demonstration of sympathy for the deceased. An immense crowd of people surrounded the house where the remains were laid out, and a long procession loved them to the grave.
Paris, Oct. 8.—Orders have been issued for the enlargement of the Cadres of the French army, but the effective force will not be increased.
Liverpool, Oct. 8th.—Cotton quiet steady; breadstuffs active and nearly all descriptions material advanced. Wheat 14s 3d per cwt, and 15s 1d for Calcutta. In a
