THE LONDON ADVERTISER, MONDAY, FEBRUARY 26.

Splendid Record of the London Hockey Team-An Interna- the close. Bert Sheere, who is also a hockey enthusiast, came down with tional Baseball League Will Be Formed.

HOCKLY

The London intermediate hockey champions fought nine battles before finally landing the cup, and in these struggles scored 53 goals to their opponents' 24. The searon opened with Stratford on Jan. 3, and London won by 3 goals to 2. The return game at Stratford on Jan. 9 was easier, being won by 4 goals to 2. On Jan. 16, London played at Sarnia and the score was to 3. Then three days later Sarnia was defeated here by 10 goals to 5. Scattorth sustained the most severe defeat, the game on Jan. 23 ending with the seore standing 12 goals to 1. The return game at Saforth on Jan. 29 was won by 8 to 5. On Feb. 9 London de-feated the fast Toronto intermediates by the close margin of 5 to 4. The return game on the 16th Inst., was expected in Toronto to result disastrous ly for the locals, but it did not, the Londons capturing it by 3 goals to 1. And then came the final struggle with Belleville-and victory.

Trainer George Black is the man who, to a great measure, is responsible for the splendid work of the team. Captain Ewing and the members of the team also deserve the greatest praise. They put up the finest brand of hockey in the province. Hobbs, Ashplant and Peel, members of the champion Rugby team, played the same great game as they did at football. Westcott won the reputation of being the best "worrier" in the association. He was always in the scrimmage. Johns, in goal, was never equaled in London. Jack Brown, London's star cover point, has played a hard, aggressive game during the entire season. Several papers in other cities where the team have played have stated that his work was as fast as any of the senior league team members.

London won an exhibition game from the Wellingtons of Toronto by 9 to 2, and another from Galt by 11 to 2. The only the game was with the Simcoes. Credit is due to the officers of the club -President Frank Reid, Vice-Presi-dent A. Tillman, Secretary W. A. Mace and Treasurer Ed Harris.

Paris, Ont., Feb. 26 .- A large crowd witnessed the game on Saturday night between Simcoe and Paris in the C. O. H. A. series. There was nothing fast or exciting about the game. Paris found it easy to defeat Simcoe, by 10 goals to 3.

Woodsteck, Ont., Feb. 26 .- A C. O. H. 'A. game was played here Friday night between Brantford and the home team. The first half was in favor of the locals -4 to 0. The visitors made 3 goals and the home team 3 in the last half, making a total of 7 to 3 at the finish in Woodstock's favor. This puts Brant-ford out of the contest.

Milton. Feb. 28 .- The home team defeated the Hamilton Business College seven here by a score of 11 to 1.

Montreal; Feb. 26 .- Montreal defeat-ed the Victorias in the senior championship series on Saturday evening by 3 to

semi-finals in the intermediate championship on Saturday afternoon in the Arona, defeating the Aberdeens, of

Ontarie is in good shape for the game, and prophesies that we shall see more and better baseball this year than ever before in the Canadian towns. George stated that he would be with Brant-ford this year, and that his team would be near the head of the list at

The second second here is

the team, too, and was more easily caught, and had more time to talk. Bert volunteered the information that the International League for this season is an assured fact. The only thing that has delayed active work in

the formation and perfection of the circuit is Black's devotion of his entire time and attention to hockey. The Canadian towns that will have teams in the new league are Hamilton, London, St. Thomas, and either Brantford or Chatham, with the chances greatly in favor of the Indians. The Michigan towns which so far have expressed their intention to enter the circuit are Grand Rapids, Lansing and Saginawa fourth will be added from the half dozen that have already signified their determination to seek membership. The league will be formed in Detroit on March 3. Bert is enthusiastic over London's team of last year, and says that the whole bunch will be back there this year. He says that Pete Lohman will manage the team this season, notwithstanding the announcement of his going to Des Moines. "Why," said Bert, "they would take the whole team out there if they could get them." He expressed his sorrow at not being able to get London into the Eastern, for the London people are more enthusiastic over baseball than they ever were before, which is saying a great deal. Hamilton and

London could, and would, support teams in the Eastern, he thinks, and pay good dividends, too. Great things are expected from Brantford. Both Sheere and Black are perfectly sure of the formation of the International League, and both usually know what they are talking about."

SKATING

London, Feb. 26 .- I hereby challenge any skater in London to race from one to three miles for the city championship, said race to come off at any rink putting up a suitable trophy. A. J. W. Galbraith, city. Fergus, Feb. 26 .- On Friday night, on

Victoria rink here, John Campbell, of Walkerton, formerly of Parry Sound, met and defeated Norval Baptie, of Bathgate, N. D., in straight heats. The distance was one mile, and the race was an extremely close one. In the last heat Campbell clipped one second off the rink record of 3:17, formerly held by the Fergus skater, John Graham.

FISTIC.

New York, Feb. 26 .- At the Broadway A. C. on Friday night Joe Walcott, the Barbardoes negro, won from Joe Choynski, of California, in the seventh round of what was to have been a 25-round bout at catch weights. Choynski weighed 163 pounds and Walcott 147. Walcott was on the aggressive all the time, flooring the Cali-fornian five times in the first round. Time of last round, 38 seconds. The fight between Jimmy Smith, of Toronto, and Sandow Taylor, of Detroit, which was to have taken place at the Grand Opera House on Friday night next, has, owing to the fire, been postponed.

ONLY A SUGGESTION.

The Crescents of Quebec won the But It Has Proven of Interest and Value to Thousands.

The state

Interesting Letter From Col. Sam Hughes

Received by His Family-The Colonel's Experience at Modder River.

Lieut.-Col. Sam Hughes, of Lindsay, who went to South Africa in the hope of obtaining some position with an imperial force, has been made deputy adjutant-general at Orange River. The following is a letter, dated from Cape Town, Jan. 17, to his family in Lindsay:

'Well, 'all is not gold that glitters,' and all have found that out. War is not all fighting. There is an odd bit of that. War is chiefly rations, broken wagons, and used-up men and animals-with details. Victory sometimes lights on our side, but despite brave men and officers, sometimes against One fellow, while unloading boxes us. of pudding, etc., for Christmas, said: What rot sending us Tommies all these sweetmeats; what we want is a box full of generals.'

"I was in the intelligence department for some weeks. Imagine me, whose aim was the thick of the fight, poking about at most useful work at Cape Town, up country, here, there and everywhere. Yet when I see the camps | ture. I thank goodness for my lot. Our fellows, except for the Sunnyside affair C company, have done nothing but by build railway sidings-very monoton-ous. I went up to Modder River to-wards the end of December on the Bradstreet's Report of the State of transport service as D. A. A. G. But there is nothing doing till Lord Roberts gets into harness, so I came back here for a few day. I visited the battlefields at Belmont, Gras Pan and Modder River, and got as near Magersfontein as 800 yards. One would actually swear the man crazy who would attack kopjes as our men were made to do, instead of quietly surrounding them out of effective range and making them come down for want of water, and thus capturing the entire lot. Our fellows were made to climb up heights

as steep as Queenstown. "At Modder River the advance was for more than a mile on a plain down to the river, while at Magersfontein, where the poor Highlanders were murdered, they had to go against a precipi-tous wall of rock. I spent two days and nights going over Magersfontein. I walked from our extreme left far beyond our right, and far away in front close up to the Boer outposts, within 800 yards of the cliffs. As I neared the right a puff of black powder smoke from the distant kopjes denoted a gun. By the line of smoke I saw the shot was ahead. It burst on the crest of the new howitzer redoubt, and bowled over three Guardsmen, who were digging with many others. One was badly wounded the others but slightly. Another followed, bursting far off to the right. The next I saw by the line of smoke was making towards where I stood. It lit and burst within 80 feet of me. One piece flew within 20 feet of where I was. I picked it up, still hot, and brought it away. I wandered on away towards their posltion, but they were infernally bad shots. Their shells ordinarily have poor bursting charges, being merely segment shells.

"Toward sunset I came back along the line to where the navel guns are, about half a mile apart. While the sailors were getting 'Joe Chamberlain' powder cannon of the Boers let slide. The shell whistled close overhead, and

places have been asked what induce ments they will offer. Leamington offers free water, gas and exemption from taxation. It is said that the company favors Windsor. Over 100 Norfolk county veterans of

the Fenian raid met at Simcoe and marched to the opera house, where they were presented with their medals by Lieut.-Col. Tisdale, M.P. At the con-cert which followed a good sum was raised for the patriotic fund. The Windsor board of education

committee on teachers has decided to give an increase of \$25 a year to all school certificates, and receiving less than \$400. This will affect eleven teachers. Estimates for salaries this year, \$30,167. The capitalists who are interested in

the locating of a couple of large lumber industries in Sarnia, says the Observer, were in town on Wednesday from Bay City and Detroit, inspecting the several sites suitable for the en-terprises which they control. The gentlemen were very favorably impressed with the town as a location for their industries, but were somewhat taken aback at the exorbitant prices asked for the property which would be necessary for the concerns. But for

this the matter would without doubt have been settled. As it is negotiations are at a standstill, with the probability that the enterprises will locate in the Georgian Bay district, where they already have interests of a similar

Trade in Canada.

Toronto, Feb. 26 .- Bradstreet's trade review summary says:

Montreal-Business conditions Montreal leave nothing to be desired in the general trade situation. The movement in goods for the spring and summer has, since the opening of the year, been very satisfactory, showing a large increase over the past five years. There have been few failures and light losses so far this year. Labor is well employed. Retailers seem abundantly able to meet their obli-

gations, and the prospects for trade in the immediate future are very encouraging. Remittances to the wholesale trade are good. London-Trade in London has been satisfactory this past week. Suitable purchases are being made for the spring, with a fair proportion of spot cash transactions. Values are firm, and travelers report a good demand from retailers for the approaching

British Columbia—Tight money is reported at one or two trade centers in British Columbia; but the prospects for the early spring trade are bright. Values are firm in most lines.

Hamilton-Business firms at Hamilton report a fairly active week in wholesale circles.

Winnipeg-There has been a much larger volume of business at Winnipeg since the middle of the month than during the first week or two of February. The weather has been more favorable lately and retail trade has been good.

Toronto-Wholesale merchants report an active movement in goods for the coming season.

BANK CLEARANCES

Bank clearances for the Dominion last week were as follows: Montreal, \$13,629,880--decrease 23.1 per cent; ready for night work, a smokeless Toronto, \$9,866,339—increase 2.2 per powder cannon of the Boers let slide. cent; Winnipeg, \$1,733,543—increase 18.2 per cent; Halifax, \$1,282,746-increase 26.0 per cent; Hamilton, \$749,-174-increase 10.9 per cent; St. John, N. B., \$578,304; Vancouver, \$725,369-increase 35.5 per cent; Victoria, \$548,-965—increase 9.6 per cent.

Ottawa, by 3 to 2. Ottawa, Feb. 26.—The hockey match played here Saturday night, Ottawa vs. Quebec, was won by Quebec after one of the poorest games played here this season. The Ottawas were not in good form, and Quebec won-3 to 0. The Toronto Telegram, alluding to the hockey match there on Thursday

night between Belleville and London. says: "London's forwards were fast and furious, Westcott making some brilliant attempts to score, to the delight of the London brigade. The peo-ple's pet, 'Buck' Ewing, also put up a star game, and showed many a Belleville player a pointer. Their defense was good, but the Belleville goalkeeper has Johns beaten a short head. Time and again Winchester-for that's his name stopped shots that seemed food. dead certain to go through. Truly, he The was responsible for the score-3 to 1- are r being so low. MoGuire, the auburn-haired chap on Belleville's forward Hne, worked most hard, and Marks, another line man, was there with his stick."

BASEBALL. Toronto News: "George Black came

to town with his champion hockey team from London on Thursday, and enjoyed himself immensely before and particularly after the game. George gave the News the straight tip that there would be an international League this season, and that the cities in Michigan are not only willing to double up with the Ontario towns, but even anxious. He says that Western

plump it can only result from the food we eat and digest and that food should be albuminous or flesh-forming food, like eggs, beefsteak and cereals; in other words, the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough, and generally too much, the stomach, from abuse and overwork, does not properly digest and assimi-late it, which is the reason so many people remain thin and under weight; the digestive organs do not complet-ely digest the flesh-forming begsteak and eggs and similar wholesome

There are thousands of such, who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs

If such persons would lay their prejudices aside and make a regular prac-

tice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets the food would be quickly and thor-oughly digested, because these tab-lets contain the natural peptones and diastase which very weak stomach lacks, and by supplying this want the

stomach is soon enabled to regain its natural tone and vigor. Stuart's Dyspepsia Tablets digest every form of flesh-forming food,

meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin. dyspeptic men, women and children.

Invalids, and children, even the most delicate, use them with marked benefit, as they contain no strong, irritating drugs, no cathartic nor any harmful ingredient.

Stuart's Dyspepsia Tablets is the most successful and the most widely known of any remedy for stomach troubles because it is the most reasonable and scientific of modern medicines. Stuart's Dyspepsia Tablets are sold

by every druggist in the United States and Canada, as well as in Great Britain, at 50 cents for com-

plete treatment. Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people strong,

plump and well.

DUE TO THE COMBINE.

New York, Feb. 24.-The American Newspaper Publishers' Association, representing 22,000 of the large newspapers in the United States, for the past three days in convention at the Waldorf-Astoria, in this city, gave thorough consideration to the sudden increase in the price of white paper and the reason therefore. They attribute the advance in price to the combine, and appeal to congress for legislation on the trust question, irrespective of party.

Common sense would suggest that if burst 300 yards straight in the rear. It was an entirely different shell—a wicked, fiery devil. It was followed one wishes to become fleshy and in quick succession by a lot more. every one close to the ground, and all burst from 300 yards to half a mile b tween us and the camp, two miles behind

"I slept with the advanced picket of the Seaforths. They wear the Mc-Kenzie tartan, same as the Forty-fifth puggery. They are fine fellows. Had there been a general attack that night, Had as expected, I was attached to that corps by consent of Col. Hughes-Hallet, of the Seaforths, who, since Wauchope's death, commands the whole Highland brigade. The attack was only a feint, however. At 3 a.m. the Guards advanced on the right and opened fire, while the naval guns fired round after round on the entrenchments. It was really lovely. The cordite makes a bright, white-yellow flash. To see flash after flash from the rear as I looked back at our big naval guns, and then to the smart rolling of rifles as the hear Guardsmen blazed away, answered by tiers on tiers of Boer rifles from the kopjes, was beyond description. The The lower ground trenches fire of the Boers was a straight line of fire.

"Not a Boer bullet came near us, but our shells dropped all over from 2 to 6 o'clock in elegant fashion. Then to fourteen seconds elapsed between the flash of the cannon and the flash of the exploding shell. Just as we were retiring to camp at 4 a.m., one shell from the Boers lit about 30 feet from us, buried itself, and as it burst raised a cloud of dust. but hit no one. Sunnyside affair was on, and I wanted to see the boys at Belmont. so I went down and was just in time A telegram had come in from Col. Pilcher that 1,200 Boers were chasing him. All available troops were ordered out to meet him. Col. Buchan com-manded two companies of our boys. All British and Australians went out so I went too. Officers all carry rifles After marching before daylight eight or nine miles, met the head of Col. Pilcher's column returning-no enemy within miles, but it gave all a good appetite for breakfast."

And Is Being Permanent Cured Daily

Sole Agent for London by Clarke's Kola Compound-Here Is What a Hamilton Lady Says:

Mrs.Gilbert, 105 Rebecca street, Ham-liton, writes: "I suffered from a bad form of asthma for over nine years, and, notwithstanding all the doctors could do for me, got worse and worse, so that my neighbors looked for my death at any time. I spent money lavishly in the efforts to get relief, but all to no purpose. For six weeks at a time I could not get up or down stairs, and was in a miserable condition. My daughter, who clerks in a drug store, had heard a good deal of Clarke's Kola Compound, and urged me to try it as a last resort. I paid \$2 for a bottle, but that is nothing, for it is worth more than that for very teaspoonful. Two doses gave me splendid relief, and after using but one bottle I am a mar-vel to all who know me. I am doing my own work, can get around as well as ever, and feel like a new creature. Clarke's Kola Compound has been a godsend to me, and I look upon it as a marvelous remedy. You may use this testimony as you see fit, and I London Conservatory of Music shall be glad to give further particulars to anyone inquiring. I gratefully indorse Clarke's Kola Compound." Reopens for Winter Term, Thursday, Jan. 4. Sold by Anderson & Nelles, druggists. A free sample will be sent to any per-

son troubled with this disease. Inclose 6 cents in stamps. Address The Griffiths and Macpherson Company, Limited. 121 Church street, Toronto, Ont.
