STOCKMEN AT GUELPH

Big Sale of Fine Animals Opened by Hon. John Dryden.

Guelph, Feb. 27.—The Smithfield of Canada, as Guelph has now come to be known, justified again its title today, when the first of the provincial live stock sale was opened here by Hon. John Dryden, minister of agriculture, under circumstances that speak favorably for the future of this event, which is now to be an annual one. The sale, which is held practically under the supervision of the Ontario Government, is one of two sales to be held in the Province of Ontario, the other one being at Ottawa a week from today. The object is to encourage the raising of high-class stock in the province, and also to attract buyers from outside places, both in the Dominion and the United States, and so provide a ready market for Ontario stock.

The sale today attracted quite one thousand people into the city, and there were buyers present from Nova Scotia to the east to Alberta in the west. All the noted stock-breeders in the Dominion were here, and it is worth mentioning that one of the best buyers and most liberal bidders was Mr. A. M. Todd, a manufacturer of fine stock hogs, Berkshires, Tamworths and Yorkshires. This stock was the property of over one hundred breeders, scattered all over the province.

Lieut. Col. M. P. P., today escorted the following members of the Ontario Legislature to the sale buildings: T. L. Pardo, Daniel Burk, J. W. Holmes, R. L. Joynt, J. S. Gallagher, Captain Robert W. H. Taylor, Col. Leys, Nelson Montelitto, James Tucker, J. H. Douglas and T. C. Carpenter. Mr. John Smith, M. P. P. for Peel, assisted by Mr. T. Ingram, of Guelph, and Mr. George Jackson, of Port Perry, conducted the sale, the three gentlemen taking turns in officiating as auctioneers. Hon. John Dryden, minister of agriculture, opened the sale, there being considerably over one thousand people present in the fair building at the time. In a short address, Hon. Mr. Dryden said that the sale was the beginning of an effort to cement all Canada together in a mutual bond of interest and benefit for stock raisers, and to develop an inter-provincial trade. The auctioning of the stock offered was proceeding with all day, and till after 9 o'clock tonight, and about half of the stock disposed of were Shorthorn bulls, and while the prices obtained could not be considered high, good breeders were of the opinion that quality considered, the values were fair average ones. A portion of the stock would be grade first-class. The highest price obtained was for the Shorthorn bull Lord Robert, bred and sold by Alex. Moore, of Greenwood. The price realized was \$315, paid by Mr. W. N. Dymont, of Barrie. Not more than 20 animals brought over \$100, and an average range was from \$65 to \$75. Apart from Mr. A. M. Todd, of Kalamazoo, Mich., the principal purchasers were: C. Archibald, Truro, N. S.; C. W. Holmes, Amherst, N. S.; C. Peterson, Guelph; T. L. Pardo, M. P. P., Cedar Springs; A. Barber, Guelph; W. Ramsay & Sons, Eden Mills; James Jackson, Reid City, Mich.; John Black, Cairnsville; W. H. Taylor, M. P. P., Parkhill; George Jamieson, Lucknow; Wm. Cowan, Galt. Hon. John Dryden's Shorthorn bull Revealer was sold by Mr. C. W. McQueen, of Salem, for \$125. The sale will be continued tomorrow.

Tonight at the Commercial Hotel the Guelph Fat Stock Club tendered a complimentary banquet to Mr. James Millar, of Guelph, the retiring president of the association, who has been connected with the club since its inception. Over one hundred guests were present.

The Railways.

Montreal, Feb. 27.—Following are the official returns of traffic on the Grand Trunk Railway for the week ended Feb. 21, 1901, as compared with the corresponding period last year: 1901, \$220,144; 1900, \$201,078; increase, \$19,066.

The dispute between the C. P. R. and the immigration bureau of the western lines, submitted to Mr. E. St. John last September, has resulted in a compromise. The C. P. R. claimed \$100,000 reimbursement for business which it lost through losing membership in the immigration bureau. The company has now rejoined the bureau. Mr. A. R. Creelman, K. C., of the Toronto law firm, McCarthy, Osler, Hoskin & Creelman, has accepted the position of chief solicitor for the Canadian Pacific Railway. Mr. Creelman will take the position at present held by Judge Clarke, who, however, will be retained as consulting counsel. The appointment will not go into effect until July 1. Mr. Creelman will reside in Montreal.

TORONTO RAILWAY CROSSING CASE.

Toronto, Feb. 28.—The city of Ottawa won yesterday against the C. P. R. in a similar case, the Canada Atlantic secured a victory over the city. The case was that of the Bridge street crossing, and the company had obtained an injunction to prevent the city authorities from barricading or fencing across the track. The city appealed against this injunction and the divisional court this morning dismissed the city's appeal. The railway company, however, is ordered to expedite the case to determine the terms on which the crossing shall be used.

The reason why judgment is opposite to that of the C. P. R. crossing case is that the C. A. R. had obtained the approval of the railway committee of the privy council to its crossing plans.

The door by which the president of the republic, the King of Sweden, the shah and other distinguished visitors were in the habit of entering the Parliament building has been sold for twelve guineas.

MEMORIAL MONUMENT IN LONDON.

London, Feb. 28.—Public subscriptions are asked for the erection of a memorial to Queen Victoria. The committee of cabinet ministers and former cabinet ministers appointed by King Edward to consider the question of a memorial has decided that it shall be erected in London and be permanent and of a monumental character. The King approves of this. The committee is now taking the advice of notable persons as to precisely what would be appropriate.

EIGHT HOURS FOR BRITISH MINERS.

London, Feb. 27.—The House of Commons, after a lengthy debate, today passed the second reading of the bill restricting the work of miners to eight hours daily by 219 to 199 votes. The bill is a private measure. The opponents of the restriction of the hours of labor insisted that such action would enormously enhance the price of coal. However, the bill was passed. It had an object lesson of the effect on trade of dear coal. The British Government had to buy bridges in America, not Uganda, Egypt, or India. The railways bought rails in America, and even coal had to be imported into this country. In the United States, coal was produced 50 per cent more cheaply than they did in England, not because they were more skillful, but because they worked ten hours per day.

RIOT AT THE REICHSRATH.

Vienna, Feb. 28.—A mob of 1,500 unemployed clerks made a noisy demonstration this afternoon in favor of the young Czechs and Radicals in front of the Reichsrath building. The police dispersed them. The session of the Reichsrath opened in comparative quiet after the president had appealed to the members not to force him to a more vigorous enforcement of the rules.

CHANCELLOR TALKS IRON AND STEEL.

London, Feb. 28.—Replying in the House of Commons today to Sir Howard Vincent (Con.), the chancellor of the exchequer, Sir Michael Hicks-Beach, said he was aware that the exports of the United States iron and steel amounted last year to \$145,000,000, over double the value of similar exports in 1897. He altogether denied such a combination of place upon the fact that the greater proportion was not required in America, and was sent to the United Kingdom. As a matter of fact, for the year ending June 13, 1899, the proportion was under \$100,000,000 out of a total of \$108,000,000. The chancellor of the exchequer added that Sir Howard Vincent, in asking the government to take steps to cease such a combination of place upon the fact that the greater proportion was not required in America, and was sent to the United Kingdom. As a matter of fact, for the year ending June 13, 1899, the proportion was under \$100,000,000 out of a total of \$108,000,000.
