

Humors

The Digestive Organs

Some humors are inherited; others are acquired, commonly through derangements of the digestive organs.

Whether inherited or acquired, they are radically and permanently removed by one and the same medicine, and that is

Hood's Sarsaparilla,—it cleanses the blood, perfects digestion, cures dyspepsia, stops all eruptions, clears the complexion, builds up the whole system.

For various reasons humors are most quickly removed in the Spring.

Take Hood's this Spring.

"We have been using Hood's Sarsaparilla for several years past and it has always given the best of satisfaction, especially as a Spring medicine. It builds up the general system and gives new life. I heartily recommend it to the public." DWIGHT C. PARK, Whiteland, Ind.

ACCEPT NO SUBSTITUTE FOR HOOD'S SARSAPARILLA.

AROUND THE CITY.

From Yesterday's Last Edition.

—Judge William Elliot held a sitting of the first division court this morning.

—Mr. Warren, of the Barber Asphalt Company, Buffalo, was in the city today.

—Mr. Andrew Denholm, editor and proprietor of the *Blenheim News*, formerly of this city, is spending a few days in Toronto.

—A man named Rush was hurt in the head at McCleary's day before yesterday, and on Tuesday another workman had his hand crushed. Neither accident was very serious.

—The choir of Talbot street Baptist Church was entertained last night at the residence of Mrs. N. Mills, London South. A pleasant evening was spent in the enjoyment of games and other amusements.

—Hamilton Times, Thursday: John Burns, the London man who pleaded guilty the other day to a charge of stealing tools from John H. Larkin, builder, was sent to jail this morning for two months by Magistrate Jeffs.

—Sergeant Turner, Woodstock; Corp. Pond, Woodstock; Bugler Bowen, Woodstock; Pte. Davis, Galt; Pte. Hollis, Arthur; Sergt. Munroe, Rockwood, will take the night train, beginning April, at Wolseley Barracks.

—Estimates totalling over half a million dollars were passed by the Toronto public school board last night, and the solicitor was instructed to present them to the city in proper legal form, so as to prevent any trouble.

—A representative of the Postum Cereal Company, Battle Creek, Mich., is in the city, and for a few days will give a free demonstration of their celebrated Postum Cereal and Grape-Nuts at Fitzgerald, Scandrett & Co.'s. The public are invited.

—A good deal of interest is being taken among the legal fraternity in the election of members of the Law Society. Technically the whole bench is vacant, and there are 30 to be elected, of which 27 of the old benchers are seeking re-election.

—Mayor Rumball received a letter today from a Grand Rapids firm that wants to locate a factory for the manufacture of farm implements in Canada. It asked for information concerning the facilities the city offers for such a concern.

NO HIGH COURT.

There will be no session of the high court of justice tomorrow. Only one case was entered, and it was afterwards postponed till next week.

RECRUITS FOR HALIFAX.

Lieut.-Col. Holmes, D. O. C., has received orders from headquarters to recruit men for the Halifax garrison. At least half the original men have returned home. The number of recruits to be enlisted were not limited in this order.

THE HIGHLANDERS.

Lieut.-Col. Holmes, D.O.C., has received from Lieut.-Col. MacDonald, commanding the 48th Highlanders, Toronto, and the officers, a handsome bound book containing the origin and history of the regiment and a short account of the Highland regiments stationed from time to time in Canada. The volume is profusely illustrated, and is most interesting.

DISCREDITING THE UNIFORM.

Two or three men, recently of the Halifax garrison, were acting in a disorderly manner down town yesterday. Lieut.-Col. Holmes, D.O.C., happened across one of them and reproved him. As they were in uniform he has power to arrest them, and a picket was detailed for that duty today. The men of No. 1 Company bear an enviable reputation for good conduct in the city, and the D. O. C. feared lest citizens might think that these Halifax men were Wolseley Barracks men.

WENT AROUND THE WORLD.

Mr. Archie McPherson returned to his home in this city last night, completing his trip around the world. He began it six months ago with his uncle, Sir John Murray, the eminent scientist. They went together across the

continent, the Pacific and Asia, visiting Japan, India and the islands of the Indian Ocean, to Europe. Sir John then returned to his home in Scotland, and Mr. McPherson did Europe alone.

MUNICIPAL CONVENTION.

The municipal convention which met here last year assembled at Toronto on Tuesday next. The proposed amendments to the municipal act come before the municipal committee that morning, and will be of interest to the convention. Mayor Rumball and several of the aldermen, who are going to the Toronto Old Boys' banquet on Monday will stay over to attend the convention.

MR. W. H. BARTRAM'S PROTEST.

Citizen and Country: W. H. Bartram, a London lawyer, has so repeatedly protested against irregularities in the courts that he finds it difficult now to obtain fair play from some of the officials. His charges of corruption have invariably failed, though manifest injustice has repeatedly been done to him. Now he charges a King's counsel with "wilfully attempting to obstruct the course of justice," and the magistrate impudently suggests to Mr. Bartram that "disciplining by the Law Society would be as effective as a trial that involves a punishment of a year's imprisonment."

DICKSON-WEBBER.

A very pretty wedding took place at the residence of the bride's parents, Mr. and Mrs. John Webber, 917 Elias street, on Wednesday evening, March 20, when their daughter, Miss Minnie, was united in marriage to Mr. Alexander S. Dickson, of Detroit, Mich., late of South London. The ceremony was performed by Rev. Mr. Jackson, of the Centennial Methodist Church, London, assisted by Rev. E. H. Sawyers, of Brucefield, a relative of the groom, in the presence of a number of relatives and near friends. The bride was given away by her father and was supported by her sister, Miss Lila Webber, and Janet Dickson, a sister of the groom, who acted as maid of honor. The groom was attended by his brother, Mr. Thomas Dickson. After a choice supper, Mr. and Mrs. Dickson left for their home in Detroit by the 11:25 p.m. train, via the C. P. R., taking with them many valuable presents and the best wishes of their many friends in London.

DEATH OF MRS. WALTERS.

Mrs. Annie Walters, wife of Mr. Thomas Walters, lot 1, con. 3, London township, died today, in the 57th year of her age. Mrs. Walters, who was born in England, came to Canada nearly 40 years ago, and lived for a short time in this city. Her illness, which covered a period of five weeks, was borne with Christian patience and resignation, and her end was peaceful. Mrs. Walters was held in much esteem by a wide circle of acquaintances. She had long been a faithful member of the Methodist Church, and her death will be greatly regretted by the community at large, as well as by her family and intimate friends. Besides her husband Mrs. Walters leaves five sons and two daughters. The latter are Mrs. Robert Clark, William street, and Alice, at home. Her sons are William, Edward and Frank, at home; George, in London township, and John, who resides on St. James street, city. The funeral takes place from the family residence (given above) at 2 p.m. Sunday, to Brown's Cemetery, West Nissouri.

A HANDSOME MEMENTO.

The Right Honorable the Lord Mayor and the Lady Mayoress of Liverpool have just shown, in a pleasing way, their regard for Lieut.-Col. Buchanan, commanding the Royal Canadian Regiment. He has received from them a large album, specially made and handsomely bound and embossed, containing a series of photographs, taken during the progress of the second battalion of the regiment (A, B and I Companies) through that city in December last. The series begins with the arrival at Lime street station and ends with the departure on board the steamship Lake Champlain. The views are beautifully done, and give an idea of the enormous crowds and the magnificence of the demon-

stration in honor of the Canadians. There are also photographs, with the autograph of the lord mayor and lady mayoress, and one of the "specially prepared banners, showing the battle honors of the regiment, which hung in the banquet hall at the luncheon given to the regiment that day. The letter from the lord mayor to Col. Buchanan reads as follows: "My Dear Colonel,—I am sending you by the accompanying parcel, the second Royal Canadian Contingent, as they appeared at various points of view during their march through this city on 10th ult. I hope that this may be a small memento of their short visit here. Kindly accept it as from the lady mayoress, and yours very sincerely, "ARTHUR CROTHWAITE, "Lord Mayor."

DOMINION PARLIAMENT

Members Still Discussing the Budget—A Vessel for a Polar Expedition Asked For.

Ottawa, March 21.—Another day has been devoted to the debate upon the budget, some seven members having spoken today. Several of the speakers made their maiden addresses to the house, among them being Mr. W. R. Brock, who in a vigorous speech advocated a repeal of the preferential tariff, and asserted that unless the government reconsidered its position upon this question the manufacturers would be compelled to cut down wages by at least one-third. Mr. Ross (South Ontario) replied in his maiden speech, and made a most favorable impression on the house.

Mr. Monk asked if the government were prepared to give answer to the proposal made to them that they should equip a vessel for a polar expedition, conducted by Capt. Bernier, he said that he himself favored such action by the government.

The premier replied that this was a matter which the government had under its consideration, but he was not prepared to say what assistance, if any, would be granted. He promised an early answer to the question.

BUDGET DEBATE RESUMED.

Mr. Charles Macell, who seconded the address in reply to the speech from the throne, resumed the budget debate. He pointed out that personally the commercial policy he would prefer would be commercial reciprocity with the United States. The most prosperous times in the history of Canada have been during the period of reciprocity. The present government had done everything possible to bring about reciprocity, but the United States had taken a position that made this impossible. The first resolution passed by the house was a resolution calling for protection of Canadian industries and labor. He asked where there could be more efficient protection to Canadian interests than under the tariff. He pointed out that the tariff was the state of Mr. Wallace that Quebec had voted in favor of the best men and the best policy. He pointed out that of the eighteen English-speaking members from Quebec, thirteen are English Protestants and five are English-speaking Catholics, calling attention to a dozen constituencies with a French Catholic electorate, represented by English-speaking Protestants. He expressed the hope that North Bruce, which seemed to have remained Conservative, had voted on straight party lines, not on the racial and religious cry which he could not accept. Mr. Macell appealed for a better understanding between the people of Ontario and Quebec, and a united effort to build up a great nation.

Mr. W. P. Maclean expressed sorrow that he could not accept the position thrown down by Mr. Macell, and discuss the amendment of the leader of the opposition through the spectacles of race and creed, as he had done. Protection and free trade now, he said, was established; and, on the other hand, free trade was in question. Protection was being accepted by Australia and South Africa, and was parental in its character. England is free trade now, but she had been protective, and he hoped and believed that she would adopt many of the methods which belonged to protection. Whenever it came to a vote on the free trade question, he maintained against those of Great Britain, he always stood by Canada. The Conservative party stood by a policy of mutual preference with Great Britain.

TRADING STAMPS

Windsor Merchants Are Aroused Against Them.

Windsor, March 21.—Windsor merchants generally indorse the bill to prohibit the use of trading stamps. Although a deputation was not sent from Windsor to the Ontario Legislature, the Retail Grocers' Association petitioned W. J. McKee to use his influence to give the trading stamps its quietus.

J. S. Edgar, dealer in clothing and leather goods, said: "I signed a contract for a year and have estimated that I paid over \$500 to the trading stamp company. I am positive that I did not get value for my money, and have decided to give up the whole trading stamp business."

"Neither the merchant nor the customer derives any considerable benefit from the stamps. The trading stamps enrich the company at the expense of the customers, with retailers as the medium. To show what profit the company may derive it is only necessary to repeat that the Dominion Trading Stamp Company cleaned up \$50,000 last year."

PRESBYTERIAN MISSIONARIES.

Toronto, March 21.—At the meeting of the Presbyterian home mission committee yesterday, among others, the following appointments of students for the next six months and ministers for two years were made: Chatham—A. R. Linton, Rev. W. Miller, H. E. Abraham, R. J. Young, A. McLean.

FREE AND EASY expectoration immediately relieves and frees the throat, lungs from viscous phlegm, and a medicine that promotes this is the best medicine to use for coughs, colds, inflammation of the throat and all affections of the throat and chest. This is precisely what Bickel's Anti-Consumptive Syrup is. It is a pleasant, refreshing, and gives an idea of the enormous crowds and the magnificence of the demon-

A RADIAL RAILWAY

The Essex and Kent Company Given Power to Extend From Windsor to Chatham.

Toronto, Ont., March 21.—The railway committee of the legislature today considered the bill to incorporate the Essex and Kent Radial Railway Company to extend from Windsor to Chatham, with power to have branches to various points. Representatives of the Windsor, Essex and Lake Shore Electric Railway had objections to make as the new line paralleled the route covered by the others, but the bill was reported after a few minor changes had been made.

MOUNT FOREST SNOWED IN

No Trains Have Arrived Since Tuesday—Engines and Snowplow Detailed and Smashed.

Mount Forest, March 21.—The storm on Monday night and Tuesday has completely blocked railway traffic, and we have not had a train since Tuesday morning, one train being blocked at Kenilworth and the other unable to leave Palmerston. The cuts are filled in some places to the depth of twenty feet with snow, which has become so hard that it has to be removed with picks. Yesterday a snowplow with three engines, in charge of Conductor Lavelle, left Palmerston to clear the road to Durham, and succeeded in reaching within a mile of here, when a deep cut with snow eighteen feet deep the plow left the rails. The front engine ran up on it, and is now perched with the front trucks on top of the plow. In the cab were the fireman, driver and Mr. Lavelle, all of whom had a miraculous escape, as the tender was forced into the cab, smashing seats, floor and windows. All three locomotives were derailed, and are slowly being dug out by a large force with shovels. It is expected that traffic will not be regularly resumed until Saturday or Monday. Passengers are being cared for by the companies.

Merely Mentioned.

Balfour to appear before the inter-department committee on the cable system of the empire on Tuesday next. He will in consequence defer his departure till Wednesday, joining the Himalaya at Marseilles.

The Vote for Water Commissioner.

To the Editor of The Advertiser:

The musty, dusty odor of staleness that comes from the mayor's recent report to the water commission re those bogus ballots, is very suggestive of an unearthed ancient document. As Mr. John Pocock's testimony easily proves, the pretended desire of our upright men of so well known integrity in high places, to discover "the truth, the whole truth, and nothing but the truth," is a howling farce, not very well played. It is now so evident from the shady transactions of January that this report has quite evidently been "scared out of the grave" in which it was buried by a recent letter sent by the Socialist Labor Party to the city council, a copy of which was published before the mayor's report. There are some wonderfully innocent suggestions in this report as to "how" some of our men of integrity have wandered from the path of rectitude into the hands of a few men of "low" character, but it will not doubt be shown from the Socialist Tribune on the market square during the summer months that what might have been did not happen in this case. Yours truly,

HENRY B. ASHPLEANT.

RECEPTION AT MITCHELL.

Mitchell, March 21.—This evening the mayor and council of the town of Mitchell welcomed home Trooper Harry Hicks of Strathcona's Horse by a public meeting in the town hall and presented him with a handsome gold watch. He was also presented by the children of the public school with an immense bouquet of roses.

MANITOBA COAL DISCOVERY.

Winnipeg, Man., March 21.—The Thompsons of the Anthracite Coal Company, reports a valuable discovery of coal near Rochersee, at a depth of 108 feet below the river banks. The coal is said to be of very superior quality, and its discovery is said to prove that beds of superior coal lie below the lignite deposits on the surface. When the real developments take place, the province will be independent of outside sources for its coal supply.

THE GRAND TRUNK AND CANADA SOUTHERN.

Detroit, March 21.—"It is thought that the buying of Canada Southern has been by other interests than the Vanderbilts," says the New York Financial News. "The Vanderbilt people have been quietly picking up the stock, but the new buying is said to be by parties for account of the Grand Trunk, preparatory to making a bid for property at the expiration of present arrangements with the Michigan Central."

C. P. R. AND THE CROW'S NEST.

Montreal, March 21.—It is reported here that an agreement has been arrived at between the Canadian Pacific Railway Company and the Crow's Nest Pass Coal Company, by which, in return for important mineral concessions, the C. P. R. will withdraw all opposition to a new charter which the Dominion government is asked to sanction from Fernie to the United States border. No official statement is made, although Senator Cox, one of the directors of the Crow's Nest Pass Company, intimated that the report is correct.

BRAKEMAN KILLER BY NEWS-PAPER TRAIN.

Utica, N. Y., March 22.—James Keefe, of Lima Falls, a freight brakeman, was killed by a fast newspaper train just east of this city this morning. He was on the engine of his train in the block, and stepped down upon the passenger track to return to the rear of the train. At that instant the newspaper train struck him.

SAILED FOR MALTA.

Gibraltar, March 22.—The steamship Ophir, with the Duke and Duchess of Cornwall and York on board, sailed this morning. The storm which had prevailed having subsided. All the warships in port were manned and salutes were fired as the Ophir steamed out of the harbor.

ANOTHER MARSEILLES STRIKE.

Marseilles, March 22.—The men employed on the street car line in this city struck this morning, and only a few cars are running. An attempt was made by the strikers to prevent the starting of any cars, but after a few fights the strikers were dispersed by the police.

Marseilles, March 22.—A few street cars are running today under the protection of policemen. The strikers are very much excited. They attacked one car and cut the electric wires. A fight ensued. The gentlemen were assailed by a volley of stones and bottles, and were obliged to fire their revolvers in the air. Then they charged and cleared the streets.

PLOTS IN ST. PETERSBURG.

Berlin, March 22.—The St. Petersburg correspondent of the Cologne Volks-Zeitung, under the date of March 17, forwarded by mail news to the effect that there is evidence in St. Petersburg of the existence of plots against the authorities. He asserts that sums of money are being distributed to the factory hands in St. Petersburg, and vicinity, to induce them to join the disaffected students. The secret police no longer trust even the highest entourage of the czar. No precaution for the protection of the czar's life have been taken; namely, a mechanism which allows no one to open the doors of the room in which the czar happens at the moment to be. The czar has now five conspirators in his study, which he uses one after the other. The walls of the czar's study and bedroom are lined with steel armor. Orders were given Saturday night to keep all the troops in St. Petersburg ready.

EASTERN ONTARIO ORANGEMEN.

Belleville, Ont., March 22.—The Orange Grand Lodge of Eastern Ontario concluded its session at a late hour last night and adjourned after electing officers as follows: Grand master, R. H.
