BRITISH WON

AT HEAVY COST

Fort Held by Waziris Taken by Storm and All Defenders Wiped Out.

Simla, India, Nov. 20.—Col. Ton-

nechy, commanding the fourth column of the British expedition engaged in putting down the uprising of the Waziri tribesmen on the Afghan frontier, found a strong tower at Gumatti held by six outlaws, who refused to surrender. The shells from the British guns made little impression on the fort till evening, when the tower was stormed and all its defenders were killed. The British losses were comparatively heavy.

Besides Col. Tonnechy, who was very severely wounded, Capt. G. White, of the Third Sikhs, was killed while leading the storming party, and Capt. Davies and Houston and Lieut. Atry and eight of the native troops were wounded. The tower was razed. Gen. Egerton arrived at Shilwa yesterday and captured the headman and several of the villagers. Col. McRae, commanding the first column, signalled from Spinwar Monday that he had surprised and captured the village and had taken 250 prisoners. Some war munitions also fell into the hands of the first column.

London, Nov. 20.—The St. Petersburg correspondent of the Daily Mail telegraphs that a fire lasting three days has destroyed the Town of Resht, in Persia. Fifteen hundred houses and many warehouses were wiped out and two hundred persons perished.

LIVED ON BLOOD.

The correspondent of the London Daily Mail at Wellington, N. Z., cables that the eight survivors of the steamer Ellingamite, who were rescued on a raft by the British survey steamer Penguin, admit that while their minds were unhinged by hunger, some of them prolonged life by drinking the blood of their companions.

This was mostly done by mutual consent of two parties, incisions being made in their skins, and each sucking the blood of the other simultaneously. Those of the castaways refusing to do this were "tapped" whilst they were asleep, and it is alleged that the stewardess died of exhaustion through loss of blood taken in this process.

The correspondent adds that the story of the survivors has caused a feeling of horror in Wellington, their action being regarded as inexcusable, as the raft was only four and a half days afloat.

200 PERSONS PERISHED!
