MASACRED IN AFRICA.

BRUSSELS, June 24.—The reformer Sir Dhanis from a good source that the late Dhanis expedition to the headwaters of the Nile, including Baron Dhanis himself, has been massacred. Baron Dhanis last year enlisted 6,000 men in the Congo Free State to take part in a secret expedition. The British government allowed a number of its hussars to join the expedition, but it was only denied that any Anglo-Beigian expedition had been concerted against Mahdists. The general impression, however, was that this force was to act in conjunction with the Anglo-Egyptian expedition up the Nile to complete the conquest of the Sudan.

2 last Dhanis was reported to have died at Lado, north of the territory of Congo Free State, on the White Nile, 325 miles north of Lake Victoria. It was then understood that Dhanis expedition would push on toward in the direction of Khartoum. It was then heard from in September Baron was at Stanley Falls, 600 miles from the nearest Derivish force.

A POLITICAL CRISIS.

OTTAWA Greatly Agitated Over the Contest Between the Government and the Senate.

The Nine Months Rental Proposition Now Put Forward as But an Experiment.

Senators Undecided Whether to Permit the Arrangement or Reject the Supply Bill.

OTTAWA, June 24.—The determination of the government to override the Senate's action in rejecting the Grand Trunk and Drummond County railway deal by tacking on to the supply bill an appropriation equivalent to nine months rental to these two companies, has precipitated something like a political crisis at the Capital. The Senators showed much resentment this morning over the government's action, and no one can tell what they will do. The appropriation of \$17,500,000 to run the gauntlet of the Commons, and in regard to the line of the lower house, it is undecided as yet what the conservatives will do. Some conservative members are for summoning the absent members of their contingent back to Ottawa and fighting the bill all summer. If a view is taken that inasmuch as the arrangement this year can only be a temporary one, and the government must come down to parliament next session to give it permanency, there will be ample opportunity once more for the Conservatives to assert themselves on this question, and that for this session at any rate the country will concede that they had done their duty.

A caucus of the Conservative party was held this afternoon, as a result of which it was decided to await the decision of the government. This was done to-night, and in the nature of a request to be allowed to try the experiment for nine months. As a result, the impression prevails that the vote will be allowed to pass and the responsibility thrown on the government. Meanwhile the Senators are very energetically discussing among themselves the policy for them to adopt. Some are prepared to go the whole hog and throw out the supply bill if it contains this obnoxious appropriation. Others are more conservative in their advice, and contend that inasmuch as the Senate asserted its rights as part of the legislative machine to reject this obnoxious legislation, the government may now be safely allowed to assume the entire responsibility.

If the Senate decides to throw out the supply bill there will be no more to be done. The government then will have to pass a new bill with the Grand Trunk appropriation eliminated.

There is a bare possibility of prorogation this week. Sir Richard Cartwright gives notice of motion for the house to sit on Saturday, and prorogation may take place that evening.

Senator Miller gives notice for the appointment of a committee to investigate the affairs of the Drummond County railway, but he appears to be acting solely on his own responsibility.

The tariff bill passed its third reading in the Senate. The chief criticism was of the combined clause, which Sir Mackenzie Bowell said would be inoperative.

BOOTH-TUCKER LET OFF.

NEW YORK, June 24.—Sentence has been suspended upon Frederick de Lauro Booth-Tucker, head of the Salvation Army in America, for keeping a disorderly house and maintaining a nuisance in the barracks on the corner of Broadway and Broadway street. He appeared shortly before court opened, accompanied by A. Oakley Hall, his counsel at the trial, and by Gen. Benjamin F. Tracy. The commander of the Salvation Army in America was in full regalia of his office and did not look at all disconcerted. Judge Albeeberger rapped on his desk and suspended sentence in a few words, indicating the nature of the prisoner's offense. He had just got as far as "I am informed that you are ready to obey the law," when the prisoner interrupted.

"I am not sure I can accept a suspended sentence under such circumstances," said Booth-Tucker, meaning that he would rather be a martyr out-right than be let off with a scolding. "I have here a few remarks which I will read," he continued, whipping out of his pocket a roll of typewritten manuscript, about 9,000 words in length.

"No, I shall not permit that," said the judge, sharply. "I shall not allow any playing to the galleries."

Booth-Tucker looked disappointed and retired with his rolls of remarks. Later he gave it to reporters. It dealt with the technical nature of the charge, with the relief of the fever, heat with Mohammedans, the results of Christianity and the battle of Bunker Hill.

THE FOURTH OF JULY.

SEATTLE, June 24.—The British barkentine-rigged gunboat Wild Swan will be here July 3 to add a wrinkle to the warlike countenance of the Seattle Fourth of July celebration. The promise of this vessel was made by Rear Admiral Fallis to the committee of Seattle men who visited Victoria in the interest of the celebration. They were I. Rosenthal, H. A. Chadwick and James D. Hoge, jr. Having accomplished their mission they returned yesterday. It was found in Victoria that the fever, heat which the Seattle demonstration has been worked affected the Jubilee to an appreciable extent, as people are saving their money to come here.

Rear Admiral Fallis also promised that he would endeavor to send two boats if possible, but as Vancouver will celebrate Dominion Day, July 1, 2 and 3, it will require most of the British fleet in that harbor.

FAVORS TRADE UNIONS.

NEW YORK, June 24.—A Washington dispatch to the Journal-Advertiser says: "I regard the organization of labor as the natural and legitimate effort to secure its rights," said President McKinley today.

This strong declaration in favor of organized labor was made in the course of a conversation with Samuel Gompers, president of the American Federation of Labor, and Frank Morrison, the secretary of the organization. Mr. Gompers and Mr. Morrison came to the White House about 4 o'clock. They were admitted at once, and the discussion became so interesting that the President neglected his drive. For an hour labor interests and labor legislation was discussed in all their varied phases.

President Gompers explained that the labor organizations were afraid that they themselves would be classed as trusts and the penalties of the act applied to them rather than to the large combinations usually known as trusts. He thought an amendment should be made specifically exempting labor unions. President McKinley agreed that the labor unions should be protected, and spoke of measures in which he had taken an interest in former years. He did not, however, seem to think there was much danger of their being classed as trusts or subjected to the penalties.

"Unless you believe as some people do," said Mr. Gompers, "that labor unions are an evil, I think you will agree with me that their existence should not be endangered by this bill." "I do not desire to be classed with those who consider trade unions an evil," replied President McKinley, and he finished the sentence with the words quoted at the beginning of this dispatch.

CABOT CELEBRATION.

HALIFAX, June 24.—(Special.)—Lord Aberdeen this afternoon unveiled the tablet erected in the courts of the province building to mark the four hundredth anniversary of the great navigator Cabot landing on the American coast. The exercises took place in the open air in front of the building and were witnessed by a great crowd. Four hundred men from the English warship Crescent formed a guard of honor. Besides Lord Aberdeen the principal address was delivered by Archbishop O'Brien, the retiring president of the Royal Society of Canada.

St. John's, Nfld., June 24.—The celebration in connection with the four hundredth anniversary of the discovery of Newfoundland by John Cabot on June 24, 1497, passed off here to-day with great success. There was a grand parade of the Masonic fraternity, police department and fire brigades, with athletic sports in the afternoon, and bonfires and pyrotechnics in the evening. The American, English, and French warships participated. The American warship Massachusetts proved a great attraction and was visited by thousands.

Boston, June 24.—The four hundredth anniversary of the discovery by John Cabot of the North American continent was celebrated here to-day with the laying of the foundation stone for the Cabot memorial tower in the summit of Braden Hill in the heart of the city. The memorial will cost \$15,000. The stone was laid by the Marquis of Dufferin and Ava.

RAIN QUIETS CUBA.

NEW YORK, June 24.—A letter written by Gen. Maximo Gomez, dated May 17, has been received by the Cuban Junta. It states that the rains having begun, fighting is over for the season. During the period of inactivity the Cuban army numbered to 5,000 men, but, writes Gomez, these men are well equipped, well fed, sturdy and efficient soldiers.

The Spanish army the Cuban general deems are ill-equipped and ill-fed.

A special to the Journal from Havana says: The double execution of Isidoro Carmona and Anthony Jordan, prisoners of war, sentenced for rebellion and incendiarism, occurred at La Cabanas this morning. The prisoners were court-martialed yesterday afternoon.

A dispatch from the Journal from Havana says: A dispatch from Ploactas insists that the backbone of the revolution in the Santa Clara district is broken. It also declares that a majority of the Monegades insurgent forces are without arms, that all lack munitions and are suffering from scurvy and smallpox. Their food supplies are said to be fast diminishing on account of the activity of the Spanish columns engaged in the destruction of the crops.

HAVANA, June 24.—Captain-General Weyler's decree authorizing certain public works, with a view of giving employment to the unemployed, was issued yesterday. It provides for the immediate construction of several new high roads and strategic railway lines in the province of Pinar del Rio, Havana, Matanzas and Santa Clara. It is estimated that the undertaking will involve the employment of 3,560 men.
