Expectation That Conflict Will Be Renewed By Revolutionary Party

El Paso, Texas, June 26.—A special blinde despatch received here says a band of Mexican revolutionists attacked the The town of Los Vegas, Mexico, today, and many are believed to have crossed into Texas. The Texas sheriff wired asking the governor if he could arrest any fugitives coming into the state. The governor referred the matter to the attorney general, who held that the state efficers could take no action in the matter of political fugitives com-ing into the state from other countries, and it was a question for the federal authorities to deal with. New York Student's Death—Son of C. M. Roker, the Eminent Mining Engineer

New York, June 26.—Charles M. Roker, Jr., 21 years old, son of the mining engineer of that name, and an ex-student of Columbia university, died in the hospital last night from the effect of a bullet wound in the head. The wound was inflicted at the Roker home, on Riverside drive. The young man, his mother says, had told her he was going to clean his revolver. A moment afterward she heard a shot from his room. Rushing in she found him lying on the floor with blood pouring from a wound in the left temple. He was removed to the hospital, and died there shortly afterward. An autonsy will be held tomorrow. While a deputation will courts a suit instituted by Johnson for a claim on a policy. Such proceeding, it is claimed, is a violation of Section 30 of the insurance law, which declares that foreign insurance companies which remove litigation from the state to the federal courts shall forfeit their authority to do business in this state. The law, it appear, pro-

vides for certain exemptions. For Johnson it was contended that as at the time of the admission of the insurance company, prior to 1860, it was known as the Liverpool and London Fire and Life Insurance company, subsequently in 1864 changing its mame to its present form, it was not entitled to the exemption given by the entitled to the exemption given by the statutes. The company's contention is that the mere changing of its name had not changed its legal status.
