ANNUAL MEETING CURLING CLUB

The annual dinner of the Curling Club was held last Friday evening, the unmarried men being the guests and the Benefactors acting as hosts.

Mr. A. A. Andrew presided and in his opening remarks thanked the members of the club for the honor conferred on him by electing him president of the club, and in the name of the club thanking all those who had carried the affairs of the club through, the executive committee and the men "who made the ice."

The chairman gave the toast of "The King" and thereafter the toast "The Single men." Messrs. J. A. O'Keefe, H. G. Millican and Victor Scott supplied the oratory for the bachelors. Mr. N. H. Marquis proposed the toast "The Married Curriers" replied to by Messrs. A. E. G. McKenzie, John White and E. H. Anderson. Mr. Anderson excelled as usual in his conducting the currier's chorus and made a happy hit in his "M—yeow" chorus and French song.

Rev. Messrs Schurman, Morris and Drumm upheld their end as honored guests although they did feel the smoke a bit. Did any one say hand-maid?

Mr. Andrew presented the victorious single men (all but one) with the medals won in the series. Messrs. N. H. Marquis, G. F. Miles, Chas. Smith and Clyde LaPraik, who suitably and modestly replied their thanks.

Mr. Jas. P. Jardine brought to the notice of the club the necessity for having some place for a recreation ground for ball playing, etc., and he thought Mr. White should take up the matter with some of the young men. Good old "Vinegar Hill."

The toast of the press was replied to by Mr. J. G. MacColl then the president thanked Mr. Thomas Wran in the name of the club for the interest and trouble he had taken in getting the medals for the competition. Mr. Wran accepted the thanks of the meeting and regretted that his vision of the medals had been a very fleeting one. Never mind there were others to look!

The musical part of the entertainment was upheld by Messrs. Lavoie, O'Brien, Lapraik, Miles, Stanley and Ferguson, who sang a number of choruses in nice style. With the singing of "Auld Lang Syne" the evening was closed.

The musical part of the entertainment was upheld by Messrs. Lavoie, O'Brien, Lapraik, Miles, Stanley and Ferguson, who sang a number of choruses in nice style. With the singing of "Auld Lang Syne" the evening was closed.

ANNUAL MEETING OF TOWN COUNCIL

Appointment Of Officers—Important Purchases of Site for Electric Plant

The annual meeting of the Council was held on Tuesday evening, His Worship, the Mayor presiding. The councillors present at opening of proceedings were Messrs. Alexander, Pinault, McKenzie and Miller. The minutes of previous meeting read and confirmed.

Communication read from Union of Canadian Municipalities with account for the annual fee of \$15.00. Referred to Finance Committee.

Communication from Shives Lumber Co., regarding hydrants. Referred to Water and Sewerage Committee. Councillor Lunan entered the meeting.

Communication read from the Building Inspector, enclosing application of George Sanson for a planing mill on site of old laundry.

This was referred to Fire Protection Committee.

Councillor White entered the meeting.

Communication read from Robert Crawford, ex-chief of police, regarding arrears of salary claimed for the month of July, 1910.

Referred to Police and License Committee.

Petition received from the residents on Stanley Street east, for Water and Sewerage connections. Referred to Water and Sewerage Committee.

A petition for a license to conduct a barbering establishment from Alphonse C. Roy, and a petition from Eugene Tremblay for a license to conduct a store for soft drinks, were referred to Police and License Com.

Petitions for Billiard Room License from Edward Alexander and Aing LaCasse, were referred to Police and License Com.

Petitions for Livery Stable business were received from W. T. Gray, R. Ellsworth, H. P. Doyle and for Trucking Licenses from W. T. Gray, A. J. Arsenau, Geo. Dunn, Wm. G. Young, Edward Young, Adam LeBlanc, Jos. P. LaCasse, J. Arthur O'Keefe and P. McKinney, were referred to Police and License Com.

Communications from the Town Engineer regarding the building of houses on Albert Street and the matter of the width of Wellington Street, referred to Public Property and Site Com.

Coun. Alexander submitted the report of the Water and Sewerage Com., recommending payment of accounts amounting to \$238.02. Report received and adopted.

In a further report Coun. Alexander recommended the purchase of a transit for the Town Engineer. This report was adopted and the Town Engineer was authorized to get prices for the most suitable instrument.

Coun. Miller submitted the report of the Finance Com., recommending payment of accounts amounting to \$83.74. Report adopted.

Coun. Pinault submitted a verbal report from the Public Property and Streets Committee. In it he dealt with the matter of buildings on O'Leary St., which were said to be built on the street line. The Committee found that the buildings of Gray and Ellsworth were not on the old street line and owing to the heavy cost to the town, would make no recommendation, so the matter dropped. Coun. Pinault further stated that an offer had been received from Wm. Dickie for a small piece of his lot on Pleasant and Ritchie Sts. for \$100, but this matter was not further gone into.

Coun. Lunan brought up the matter of putting in iron stakes when surveying and Coun. Pinault said this had been arranged and would be done from now on.

Regarding O'Leary St. it was pointed out that the town had no deed of this street and it was felt that nothing should be done with regard to street improvements, until the deed is in the hands of the town council.

The clerk was authorized to get prices for a sprinkling cart and report at next meeting.

Coun. Lunan presented a report from the Electric Light Com., recommending the purchase of the Shives property by the town, as a site for the Electric Light Station and other town interests. Two propositions had been

before the committee, the Moffat property for \$7,000 and the Shives for \$10,000.

It was the feeling of the Council that the Shives property would be more valuable to the town, and it was unanimously agreed to purchase the property for \$10,000, the payment to be arranged by the committee. Coun. Moores entered the meeting at this time.

By permission of the Mayor Mr. Sanson, who was present, was heard regarding the proposed laundry permit. He said it was now proposed to put in an electric plant and there would be no smoke stack, simply a flue from a boiler for heating purposes. He wanted to know why he was being held up as he had done all that the council asked him to do and he would like to get the matter settled. His Worship stated that this matter was in the hands of the Town Solicitor and nothing really could be done until the Solicitor's report had been received by the Council. The change from steam to electric might make a great difference, but it would require to wait until next meeting.

The town officials were then appointed to hold office for one year—Deputy Mayor, Coun. White; Ex-officio County Councillor, Coun. Max M. Mowat; Town Clerk, John T. Reid; Treasurer, S. H. Lingley; Solicitors, Messrs. Trueman & McKenzie; Auditor, Mr. F. E. Blackhall; School Auditors, Messrs. R. M. Hope and M. A. Kelly; Assessors, Messrs. S. A. Poirier, D. F. Graham, and A. M. Henderson; Revisors, Messrs. D. C. Firth and W. P. Gray; Representatives to Board of Health, Mr. Geo. Vermette, Couns. White and McKenzie and His Worship the Mayor; Commissioner of Public Charities, G. E. Asker; Town Engineer, R. J. Sandover Sly; Street Commissioner, Wm. Taylor; Inspector of Plumbing, R. J. Sandover Sly; Chief of Fire Brigade, W. J. Christie; Fire Engineer, George Sargeant; Fireman, Monte Cantwell; Caretaker of Town Houses, Wm. Noble; Manager of W. and S. Dept., R. J. Sandover Sly; Manager of Electric Dept., H. G. V. Farrar; Electric Firemen, Chas. B. Scott and James Cantwell; Town Marshall, C. W. Hughes; Policemen, W. Brown and D. H. Harris; Constables, Wm. Taylor, Aug. Stevens, Duncan Downes, J. L. McDonald; Pound Keepers and Cattle Reeves, Jos. Roy, Jas. R. Hachey, Wm. P. Copeland and John Connors; Weighers of grain, Alphonse Boudreau and James Alexander; Measurers of Wood and Coal, A. F. Ferguson, D. F. Graham, Geo. Boyle, Henry Miller, H. G. V. Farrar, Bryan Annette, Chas. A. Alexander, Donald McBeath, Wm. R. Millican, Geo. St. Onge, A. Boudreau, Jas. Alexander, R. K. Shives, F. M. Murray; Surveyors of Building Material, Bruce McBeath, Duncan O'Connell, F. P. Wetmore, Max M. Mowat, John Dickie, Thos. Farrar, Wm. R. Millican, Donald McBeath, W. H. Wallace, C. A. Alexander, D. A. Stewart, S. W. Dinock, W. P. Burns, Jas. E. Miller, Allan Miller, Jr.

The Police and License Com. were authorized to purchase a telephone for the Chief's house, and the Fire Com. to place a phone in the fire station.

A mild discussion took place on the suggestions that peddlars should have a license but nothing was done in the matter.

Coun. Pinault suggested that instructions be given to have the front street cleared of all the debris lying on old sites. In reply to a question from Coun. Moores re sidewalks, Coun. Pinault said the Com. were hourly expecting the arrival of 3 cars of sidewalk material and immediately they arrived, sidewalks would be put down under the direction of the Town Engineer.

Council adjourned.

Canadian Pacific Railway Officials state that during the next few weeks 45,000 United States farmers will leave the United States to settle in Western Canada. It is estimated that they will bring with them in cash and personal effects at least \$20,000,000.

NEWCASTLE BOARD OF TRADE

Urges the Necessity for Better Train Service

At the monthly meeting of the Newcastle Board of Trade it was resolved to urge upon the I. R. C. management a change in the running of No. 40 mixed train, which leaves Campbellton eastbound at 19 o'clock, but travels too slowly to be of any use for passengers beyond Bathurst, so that such train might leave Campbellton at 18.30 and reach Moncton in time to connect with the express for St. John at 3.10 and the Eastern S. S. Co.'s boats for the U. S. A., and with the mixed that leaves Moncton for Halifax at 3.20; also to have No. 39 which leaves Moncton at 22.40 and takes 13 hours to Campbellton leave Moncton early in the morning and reach Campbellton about noon the same day, such change to be embodied in new summer time table. These changes are also favored by the Chatham and Campbellton Boards.

S. Co.'s boats for the U. S. A., and with the mixed that leaves Moncton for Halifax at 3.20; also to have No. 39 which leaves Moncton at 22.40 and takes 13 hours to Campbellton leave Moncton early in the morning and reach Campbellton about noon the same day, such change to be embodied in new summer time table. These changes are also favored by the Chatham and Campbellton Boards.

At the monthly meeting of the Newcastle Board of Trade it was resolved to urge upon the I. R. C. management a change in the running of No. 40 mixed train, which leaves Campbellton eastbound at 19 o'clock, but travels too slowly to be of any use for passengers beyond Bathurst, so that such train might leave Campbellton at 18.30 and reach Moncton in time to connect with the express for St. John at 3.10 and the Eastern S. S. Co.'s boats for the U. S. A., and with the mixed that leaves Moncton for Halifax at 3.20; also to have No. 39 which leaves Moncton at 22.40 and takes 13 hours to Campbellton leave Moncton early in the morning and reach Campbellton about noon the same day, such change to be embodied in new summer time table.
