WATFORD, FEBRUARY 24, 1911.

Marriage and Property.

Folks are continually chewing about the birth rate in Ontario. I can tell you what's the matter with the birth rate in this Province, if you want to know. It's property! There would be seventy per cent. more marriages only for property. The sparring goes ahead in great shape, and it looks as if they were going to be spliced for sure, when clouds gather in the sky. The young fellow, perhaps, wants to know if her dad won't help set them up. How many cows is he going to give her? That span of colts would come in handy. And the old man sours on him. Both parties are after the almighty dollar, which is of far more importance than marriage or religion. Property is the stumbling block, and in going around it many a man and many a maid have missed the matrimonial altar. Down in Quebec property is a secondary consideration. They get married down there in their teens and sometimes they don't know where they'll get their breakfasts, but they pull through somehow, and each couple raises from twelve to twenty children to replenish not only their land but this one, too—and don't you forget it. The Lord never sent a baby into the world yet but He made arrangements for its keep.

CHILDREN'S SCALP SORES ARE HEALED BY ZAM-BUK.

Mothers are well aware how frequently children contract scalp sores, ringworm, etc., at school. Some little sufferers is sent to school with a sore of this nature. At play, the children change caps, and right there the infection is spread—the damage done.
Some children are particularly liable to scalp sores, etc., and often these break out with annoying frequency. Such a case was that of the daughter of Mrs. Albert Gaedike, of 485 Amherst St. Montreal. Mrs. Gaedike says: "My little three year old daughter suffered frequently from scalp disease, and try as we would, we could not rid the little one of this. We tried everything we could think of, but failed to effect a cure, until balm seemed entirely different to anything we had ever tried before, and from first applying it there was a marked improvement. The sores became less inflamed and less irritable. After a few days, they ceased to trouble the child; and in less than a fortnight from first commencing with Zam-Buk, they were completely healed. In view of these facts I feel it my duty to let mothers know how beneficial Zam-Buk is."
There is no doubt that for scalp sores, ringworm, ulcers, abscesses, cold cracks, chapped hands, frost bite and similar sores, Zam-Buk is absolutely without equal. It is just as good for piles, vari- cose sores, poisoned wounds, cuts, burns and scalds. Rubbed well in over the affected part, it cures rheumatism, sciatica, etc., etc., and rubbed into the chest it relieves the tightness and feeling of weight due to contracting a bad cold. All druggists and stores sell at 50c. a box, or post free from Zam-Buk Co., Toronto, for price. Refuse imitations.

Good Roads.

In this country the time has come when a change is necessary in the control and maintenance of roads. The statute labor system served a useful purpose in the early days and perhaps is useful still; in keeping up roads on the side lines and in more remote sections. The country road plan has had a good trial, and has been productive of good, in improving some of the leading roadways of the country. It is, however, not comprehensive enough to meet the needs of the country at the pres-

ent time. Road making must be of a permanent character. The road built to-day should be a good road fifty years from now. But a road, no matter how well it may be built in the first instance, will not continue so for many years unless it is well looked after. In other words the maintenance of a road after it is built, is just as important as the building of the road itself. And this is one of the strong arguments in favor of government control of roads, or at least, of the leading roads of the country. The weak point in the county system that is being worked out in Ontario is the maintenance part of it. A county with liberal government grants and with proper plans, may be able to build a good road, though there must necessarily be a lack of uniformity, as between the roads built by one county and those built by another. And this lack of uniformity will be more noticeable in the maintenance of the roads than in their building. Some more comprehensive plan is needed and that plan can best be worked out under government control and responsibility.

6 YEAR OLD GIRL Cured of Kidney Trouble.

Mrs. Alex. Moore, of James St., Oxford, N. S., says: "Booth's Kidney Pills cured our little daughter, Christian, aged six years, of many symptoms of kidney weakness. She complained of a sore back, the kidney secretions were frequent and uncontrollable, especially at night. Her stomach was weak and her appetite poor. This caused her to have frequent headaches, and the least exertion would tire her. We had tried many remedies but she did not improve. Finally we learned of Booth's Kidney Pills and procured a box. In a short time she was well and does not now complain about her back, the kidney secretions have become normal, and she plays around the house with no apparent fatigue. We always recommend Booth's Kidney Pills."

Booth's Kidney Pills

Booth's Kidney Pills carry a guarantee that if you derive no benefit your money will be refunded. Booth's Kidney Pills are a specific for all diseases of the kidneys and bladder. Sold by all druggists, soc. a box, or postpaid from the R. T. Booth Co., Fort Erie, Ont. Sold and guaranteed by T. B. Taylor & Sons.

Gold and Silver in Ontario.

Cobalt will easily produce fifteen millions of silver bullion this year. More than half a dozen mines will average a great deal over a million apiece.

Gowganda district, once it gets a railway, and the railway now seems in sight, will ship and increase its shipments at the same rate as Cobalt. It sent out \$900,000 worth of silver in its first year without a railway, which is twice what Cobalt did in its first year with a railway right at the mines.

And nobody can say what Porcupine will do in the way of gold output even this year, once the railway is running, and it will be running before June 1. But it will ship several millions of gold in its first year of operation.

And it looks as if the opening up of other gold and silver camps will follow at an early day. The geologists and mineralogists all advise to that effect, the prospectors are ahead of them in realizing it.

PARISIAN SAGE Will Grow More Hair.

Parisian Sage will stop falling hair in two weeks—cure dandruff in the same time and stop scalp itch at once. It makes the hair soft, silky and luxuriant.

AS A HAIR DRESSING

Parisian Sage is without peer. It contains nothing that will harm the hair—it is not sticky, oily or greasy and prevents as well as cures diseases of the scalp. Women and children by the thousand use it daily as a dressing and no home is complete without it.

MONEY BACK IF IT FAILS.

Druggists and doctors everywhere guarantee Parisian Sage and will refund your money if it fails. Ask your druggist, T. B. Taylor & Sons, what they think of it. They sell it at 50c. per large bottle or you can secure it by mail postpaid from Giroux Manufacturing Co., Fort Erie, Ont. See that the girl with the auburn hair is on every package. Sold and guaranteed by T. B. Taylor & Sons.

Earl Harris, of Kingsville, a pupil in the Essex High School, is suing the board of trustees for unstated damages for injuries sustained in the school gymnasium in 1909. Young Harris was performing on the flying rings and one of the ropes broke, letting him fall. He struck the parallel bar apparatus underneath and sustained injuries about his abdomen.

His One Regret.

"There's no use trying to deny it," remarked Mrs. DeFlatt, "this is the worst cook we've had yet. There positively isn't a decent thing to eat on the table."

"That's right," rejoined DeFlatt. "But," continued his wife, "there's one thing in her favor. She can't be beat when it comes to washing." "Pity we can't eat the washing," sighed the hungry husband.—Chicago News.

A Judicial Reproof.

A justice once reproved a would be suicide thus: "Young man, you have been found guilty of attempting to drown yourself in the river. Only consider what your feelings would have been had you succeeded."—Green Bag.

Wise Rosalind!

Reginald—Darling, I see by the papers that a food expert says that it is possible for a family to live on \$4 a week. Do you think it possible? Rosalind—No, dearest, but I'll be a sister to you!—Cleveland Leader.

One Man's Theory.

"No, I don't think women will ever succeed as railroad engineers." "Why not?" "They would lose too much time holding up their trains at crossing."—Rustian Transcript.

CHOP STUFF.

The new Masonic Hall, Strathroy, was used for the first time last week.

Tuesday morning a load of Orangemen were about to leave Forest for Wanstead. Mr. Louis Coleman stood up in the sleigh to put on his overcoat, and with the starting of the horses he fell backwards. His foot became caught under the seat resulting in a fracture of the small bone.

A RECOGNIZED REGULATOR.—To bring the digestive organs into symmetrical working is the aim of physicians when they find a patient suffering from stomachic irregularities, and for this purpose they can prescribe nothing better than Par- mellee's Vegetable Pills, which will be found a pleasant medicine of surprising virtue in bringing the refractory organs into subjection and restoring them to normal action, in which position only can they perform their duties properly. m

Sir William Mackenzie left \$6000 lying around in Ottawa one day in his private car, while he was paying a visit to the minister of railways. Sir William is so accustomed to millions that he never bothers about his small change. A colored man, however, found the little wad and took two \$50 bills. His moderation was so much in contrast with the standards Sir William is accustomed to that he refused to prosecute him. The incident is a warning to careless millionaires to look after their pocket money.

James Gilbert, of Glencoe, has sold his famous steer "Peter the second" to T. Didmann, of Hamilton. This steer has been kept on Mr. Gilbert's farm for the past fourteen months, making a gain of over 1,000 pounds. He now weighs considerably over 3,000 pounds and promises to make a two-ton steer. Mr. Didmann expects to exhibit "Peter" all through Ontario.

A Good Idea in Hair Treatment.

The trouble with most women's hair is that they won't take the time to give it proper treatment. If you want your hair to have that look of lustre and vitality, you must take care of it.

You cannot expect to have splendid hair if you simply run a comb through it in the morning—give it a dab on the outer edge with a brush—throw it into a braid—switch it around the head—jab in a few hair pins—and let it go at that.

Hair is like any other growing thing—it needs attention—it needs care—it needs thorough grooming regularly—not only the hair but the scalp. If you have the time and patience you won't need any hair tonic—but most women haven't. The next best thing is Nyal's Hirsutone. It is the best thing offered to take the place of hours of combing and brushing.

It tones up the roots, brightens the color, improves the texture and makes it stay gracefully wherever it is put. It restores naturally revitalizes the neglected hair. Your Nyal Druggist cheerfully recommends Hirsutone because he knows. In artistic bottles \$1.00 and 50c.
