The year 1896 was the very best in the business experience of the Sun Life Assurance Company of Canada. The fact that the Dominion was in a condition of uncertainty and unrest owing to the Federal elections, rendered it very difficult to secure business, but notwithstanding this great impediment, the Company's record for the year shows a large increase over all previous years. The summary of the report for 1896, as given above, is well worth reading. It represents a good year's work and denotes prosperity and a healthy growth.

The total income for the year amounted to \$1,886,258, an increase of \$358,203.91 over the previous twelve months.

A splendid addition has been made to the assets, which now amount to **\$6,388,144.66**. The increase for the year is \$1,022,374.13—a remarkable showing indeed.

The surplus over all liabilities is \$345,108.65. The valuation of all policies is now made on the Hm. four per cent. basis, instead of four and one-half, (as authorized by the Government) thus increasing reserve on policies by \$1,198,184.44.

The death rate was again below the expectation, which goes to prove that the management has shown great care in the selection of risks.
