A NEW FAMILY MEDICINE, AND VALUABLE SPRING & FALL PURIFIER DR. BUCHAN'S TONIC BITTERS.

This medicine is recommended by the first Physicians of Europe and America as the most appropriate and truly harmless, yet successful general Family Medicine ever invented. It corrects disorders of the digestive and portal organs, removes obstinate constipation, promotes a proper circulation of the blood in the extremities, strengthens weak nerves, renders the mind cheerful and the body active, invigorates and establishes healthy regularity throughout the whole system, more speedily than any other medicine ever offered to the public. It possesses all the properties of Sarsaparilla, including SALSAPARILLA, which valuable medicinal property was entirely lost till now, by the unscientific process adopted in the manufacture of Sarsaparilla preparations. The absence of SALSAPARILLA in all the hitherto advertised preparations of Sarsaparilla, clearly accounts for the entire want of public confidence in the virtues of Sarsaparilla. By a new chemical process, discovered by the World renowned chemist, BARON LEBIG, SALSAPARILLA is now completely preserved in this medicine, and it also contains, in addition, the purifying and other Hygienic virtues of various valuable productions of the vegetable kingdom, in the purest and most concentrated form. It is an alternative of great value.

The preparation acts most kindly on the liver and mucous membranes, corrects and prevents acidity, and assimilation where great quantities are used as food, and is suitable to every kind of constitution, complicated with defective biliary secretions, nothing can surpass its efficacy in the removal of morbid humors about the verge of the anus—strangury, stricture, piles—and especially so in that which accompanies all varieties of perverted menstruation—so much so, that it will be found a valuable emmenagogue, where constipation is present. In constipation connected with long continued derangement of the biliary system, termed bilious dyspepsia, it will be found an invaluable medicine as well as in the constitution of the convalescent stage of fever, when the patient has begun to take food, it is of great value in preventing relapse, by regulating the functions of the bowels and promoting digestion. For the studious and others of sedentary habit and employment, it is the very best remedy in the world for obnoxious constipation, so troublesome and health-detracting by the use of it, the bowels of the sedentary will seldom or never become constipated. In several parts of Europe various classes of society, as well as the sedentary, who are generally more or less of a costive habit, find this medicine to excel all others, they also find it to be highly conducive to health of body and mind. It never interferes in the smallest degree with diet or occupation. THE BITTERS will be found valuable in many chronic diseases, especially those arising from impurities of the blood and costiveness—that bane of health and source of manifold diseases—

- such as Dyspepsia—Loss of appetite—Lowness of spirits—Drowsiness—Headache—Flatulency—Pain in the stomach—Pain in the side—Pain in the small of the back—Pain in and between the shoulders—Acidity in the stomach—Nervous, Periodical and sick head ache—In chronic hepatic affections with dyspepsia. It is a most valuable remedy—also in Spasms—Rheumatism—Unpleasant sensation of fullness after eating—Marasmus, or wasting of flesh in childhood or early youth—Gynaecic Maladies, or Malignant ulcerated sore throat—Hysterics, in various forms—Tetanus in various forms—Chorea &c. &c. &c. or St. Vitus's dance—Chorea, or Green Sickness—Amenorrhoea—Dysmenorrhoea—All glandular enlargements, and various other diseases incident to females.

It produces a powerful and lasting impression upon the glandular system and secretory organs, unobscured by any other article. The great and controlling power which this medicine exercises on the secretory and excretory organs, renders it a medicine of peculiar properties as a curative agent, of various complaints and diseases, not mentioned above.

As a FAMILY MEDICINE, IT IS SAFE AND EFFICACIOUS IT IS WARRANTED TO BE SUPERIOR TO ANY OTHER EVER OFFERED TO THE PUBLIC. Indeed, the Bitters is a regulator of all the secretions, as far as a general remedy can be so. Several families of the highest respectability in Toronto and neighborhood, have used the medicine and speak of it with unqualified approbation.

Lightning Rod Manufactory, On Yonge St. between King and Adelaide Sts. TORONTO, C. W.

At which place we beg to offer our Superior Spiral Twisted Annealed Iron Lightning Rods, with Zinc Protectors, and Electro Positive Elements combined in their Manufacture, thus rendering them equal to Copper as conductors. They are in ten, twelve, and fourteen foot lengths, with accurately fitted brass screws connecting joints, an entire new style of metallic attachments for brick or frame buildings; also Glass Insulators of a novel and ingenious construction, forming a lock. The whole mounted with a solid platinum Silver Point, fourteen inches long, surrounded at the base with three angular negative magnets, which possess the power in an extraordinary extent, of discharging the opposite elements of the most fearful thunder storm, and embrace the entire perfection of science up to the present time; the whole constituting the most magnificent and perfect Patent conductor ever presented to the public. The public are cautioned against purchasing Rods of any person or persons unless they possess a certificate of agency, signed E. V. WILSON, L. R. Agent, and their sample Point, stamped Agents Reproducing Patent, 1852, as we are not answerable for rods put up by any person unless they have our certificates as above. Your attention is called to the above, as from the fact, that several parties have offered to the public an inferior article, plated, tinued, and otherwise glossed over, when in truth they are not worth anything as Metallic Points, nor do the parties offering them know anything about the laws of electricity, consequently it is dangerous to employ ignorant men to protect your buildings and your lives. E. V. WILSON, & H. PIPER & BROTHER.
