A Paroid Roof

The roof that lasts and anybody can lay. Thousands of the most progressive farmers, dairymen and poultrymen, as well as railroad companies and the U. S. Government are using Paroid for roofing and siding in preference to all others, because they have PROVED that Paroid is

The Most Economical
The Most Durable
The Most Satisfactory

of all Ready Roofings

This is why: It is made of extra strong felt, with an extra good saturation which makes it proof against sparks, cinders, water, heat, cold, acids and gases. Light slate color; contains no tar; does not run nor crack and does not taint rain water. Don't be put off with a cheap imitation. Get the economical Paroid—the roof that lasts.
