

Illinois, to meet the chairman of the company, and is expected to shortly visit Victoria on business.

R. P. Williams, of Rossland, western representative of the Canadian Rand Company, recently made a trip to Field, where the Canadian Pacific Railway Company is having a long tunnel driven through a mountain.

M. K. Rodgers, of Seattle, Wash., formerly manager of the Yale Mining Company and Daly Reduction Company, operating at Hedley, Similkameen, has been visiting that camp after an absence of several years.

L. C. Wynne, formerly of Claudet & Wynne, assayers and mining engineers, Rossland and Princeton, has been appointed assayer for the Hewitt Mining Company, with a silver-lead mine and concentrating mill near Silverton, Slocan.

Paul S. Couldrey, manager of the Le Roi No. 2, Limited, has returned to Rossland from a visit to England and the Continent. Ernest Levy, who had charge of the Le Roi No. 2, during Mr. Couldrey's absence, has gone back to London.

James Cronin, formerly manager of the St. Eugene lead-silver mine in East Kootenay, on May 14 left Vancouver for Hazelton, on the Skeena River, whence he will proceed to the Babine country to open up a silver-lead property in that district in which he is interested.

J. C. Vance, of Anderson, Indiana, U.S.A., manager of the American Mining Company, which is operating a hydraulic placer gold property in the Big Bend district, north of Revelstoke, reached the city on May 21, on his way to the Big Bend to commence the season's hydraulicking.

A. J. McNab, metallurgist at the Consolidated Mining and Smelting Company's smelter at Trail, was married at Yarmouth, Nova Scotia, on April 22 to Miss Bingay, sister of T. W. Bingay, the company's office manager at Trail. Mr. and Mrs. McNab were expected at Trail about the end of May.

W. W. Leach, of Ottawa, Ontario, geologist of the staff of the Mines Branch of the Department of Mines of Canada, has gone to the Bulkley and Babine sections of the Skeena mining division, to continue the geological work in which he was engaged there during the field-work seasons of 1906 and 1907.

Wm. Fleet Robertson, provincial mineralogist, will leave Victoria early in June for the Findlay River country, in the northern part of the province, where reported discoveries of placer gold on creeks tributary to the Findlay are attracting attention. He expects to return to Victoria early in September next.

T. R. Drummond, formerly general manager of the Dominion Copper Company at Greenwood, Boundary district, and afterwards manager of the Nipissing Mining Company, Cobalt, Ontario, has been appointed superintendent for the Newhouse Mines and Smelters at Cactus, Utah, succeeding Alexander D. Moffatt.

Dr. J. Bonsall Porter, professor of mining at McGill University, Montreal, Quebec, has been in British Columbia visiting mining camps. J. W. Bell, assistant professor, has been with Dr. Porter directing the studies of some 30 students comprising the McGill Summer Mining School, which has just completed its tour in the West.

A. C. Flumerfelt, of Victoria, has resigned the office of president of the Royal Collieries and the Alberta Coal and Coke Company, two coal mining companies operating in southwest Alberta. He has been succeeded by H. N. Galer, of Spokane, Washington, formerly general manager of the International Coal and Coke Company, of Coleman, Alberta.

Jas. McEvoy, of Fernie, chief engineer and land commissioner of the Crow's Nest Pass Coal Company, has resigned to accept an important appointment with the German Development Syndicate which last year acquired extensive areas of coal lands in northern Alberta. Mr. McEvoy was for years a prominent member of the Geological Survey Department of Canada.

# MACHINERY FOR SALE
