

can be maintained in contact with the affected part for hours without exposure to the patient for re-dressing.

The superior advantages of antiphlogistine over other forms of moist dressings, such as poultices, hot packs, etc., are that it is easily applied, retains its heat for hours, is antiseptic in action, and above all produces satisfactory therapeutic results.

### MEDICAL GYNECOLOGY.

The value of internal medication in certain gynecological and obstetrical conditions is so firmly fixed that even the enthusiasm of the surgeon specialists can not set aside well tried and well proven facts.

That Hayden's Viburnum Compound, after an existence of over one quarter of a century is still growing in professional popularity, best demonstrates its usefulness in the treatment of diseases of women, such as dysmenorrhea, amenorrhea, menorrhagia, threatened abortion, etc.

The New York Pharmaceutical Company, Bedford Spring, Bedford, Mass., have just issued a brochure entitled "Medical Gynecology and Therapy in Obstetrics," and upon request will send you a copy also samples of Hayden's Viburnum Compound. If you have never given "H.V.C." a trial you will never appreciate its value over the many substitutes that are trading upon its reputation.

### WHEN SUSPICIOUS EXAMINE THE URINE.

Of all body excretions the urine offers the best index of threatening maladies and pathological changes. For this reason a little brochure just issued by the New York Pharmaceutical Company of Bedford Springs, Bedford, Mass., is not only timely but useful, and from its arrangements, extremely practical. Besides presenting working tests for the detection of albumen, sugar, phosphates, uric acid, etc., their significance when found is clearly set forth. The few moments spent in reading this booklet will be time well devoted. Send for a copy.
