

NEWS AND NOTES.

As it seems to be pretty well understood that we have a hot summer before us, we would say to all anxious mothers that Nestle's Milk Food is an excellent preventative of cholera infantum, and all summer complaints so common to children.

Take small pieces of old newspapers, after being wet, and sprinkle them over the carpet before sweeping. This plan is better than using tea leaves.

CONUDRUMS. — Who hath sun burns? Who hath bad complexion? Who hath chafing? Who hath soreness of lips? Who hath rough hands? Who hath soreness of chin after shaving? They who use not Philoderma!

Pickles are unhealthy as articles of food and often cause acute dyspepsia. Cucumbers prepared with salt and vinegar are next to impossible of digestion.

IRON.—The Iron in Estey's Iron and Quinine Tonic is in a form and in a chemical condition easily broken up and assimilated by the blood, and being combined with pure Sulphate of Quinine and Sherry Wine, forms an agreeable and pleasant Tonic and Invigorator to the whole system.

To keep cheese from moulding rub the cut part with butter, or cover with jam paper. This will keep the cheese dry.

PHILODERMA is as "familiar as a household word."

Lemon-Pie.—One lemon, one tablespoonful of corn-starch, one cup of boiling water, one cup sugar, one teaspoon of butter, one egg. Dissolve the corn-starch in a little cold water; after it thickens, put in sugar and butter, but do not put in lemon, either juice or grated peel, until it is cool.

Estey's Iron and Quinine Tonic is the King of Blood Purifiers. Try it. Druggists sell it.

Moss agates are among the vegetable petrifications of Arizona.

A GREAT WANT SUPPLIED.

The consumers of Kerosene Oil, will find it to their advantage to buy **LUXOR OIL**, as it is without doubt the purest Oil to be had. By actual comparison it will be found as white as water. This is obtained by removing all impurities from the ordinary oil. It is no dearer than ordinary oil. As it will burn one-fourth longer and gives a clear brilliant flame, emitting no smoke or odor. To those using **COAL OIL STOVES** it is highly recommended, as it will give greater heat and will do more cooking for the same money. For sale in barrels and cases, two cans in a case.

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for catarrh. Out of 2000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street West, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—*Montreal Star.*

Stale buns may be made to taste as nicely as when fresh, if they are dipped a moment or so in cold water, then put into a hot oven for five or ten minutes. They will turn out as light and crisp as when first baked.
