JOHNSTON'S FLUID BEEF

Is generally looked upon as a winter beverage, when in reality its strengthening properties are perhaps more requisite during the hot months of summer when our appetites fail us, we don't feel inclined to eat anything, and yet we require something to keep up our strength. By taking two or three cups of JOHNSTON'S FLUID BEEF during the day it will be found to strengthen, refresh and nourish the system, and supply in every respect the place of meat diet.
