

THE GOOPS THE NURSERY

SOCIETY

His Honor the Lieutenant Governor will open the I.O.D.E. Convention, North Yonge street, this afternoon at 4 o'clock, after which a tea and reception will be held by the executive of the I. O. D. E.

Miss Jean George has returned from Anrood.

The Toronto Suffrage Association gave a reception at the King Edward yesterday afternoon for Col. the Hon. James Allen of New Zealand, where women's suffrage is already an accomplished fact.

Miss Elit Boves is expected home from Jackson's Point at the end of the week.

Mr. and Mrs. Hart, who have been the guests of Hon. J. K. Kerr and Mrs. Kerr, left this morning for Kingston.

The Rev. Dean Hare and Mrs. Hare leave the Prince George today for Buffalo.

Colonel and Mrs. Hodgins have left for London, Ont.

Mr. and Mrs. A. P. Burritt have gone to Atlantic City.

Mrs. Edward Pope and her little daughter have returned to Ottawa.

Miss Constance Rudyard Boulton is leaving on Saturday to represent the Chamberlain Chapter I. O. D. E. at the annual meeting in Winnipeg, after which she will go on to Vancouver and Victoria, returning to Toronto late in June.

The president of the Military Institute is giving a luncheon today for Col. Allen.

Mr. Alan McDougall Jones is spending a few days in town from Ottawa.

Dr. and Mrs. McNaughton are in town from Hamilton for a few days.

Mrs. Hargrave, who was staying with Mrs. Parmenter, has returned to Winnipeg.

Mrs. Wm. Bouthée, Walmer road, is giving a tea this afternoon for those who assisted at the violet luncheon.

Miss Elsie Charlton, youngest daughter of the Hon. W. A. Charlton and Mrs. Charlton, is giving a song recital, by invitation, in the Conservatory Musical Hall on Thursday evening, at 8.30 o'clock.

Mrs. George S. McConkey is in Pittsburgh visiting her daughter, Mrs. Woods.

Miss Edith Kay is in Hamilton with Mrs. Turnbull.

Mrs. Walter Davidson has given up her house in Huron street, and will visit friends for a couple of weeks before she and Miss Davidson leave town for Vancouver, where they will in future reside.

A musical meeting of the Loretto Alumnae Association was held yesterday afternoon, when Miss Middleton sang "O Dry Those Tears," "Rose in the Bush" and "Because," and Miss H. Smith sang the Jewel Song from Faust and "Flower Setters," while Miss Mary Morley played Liszt's 14th Rhapsodie. Miss Hayes proposed a vote of thanks, seconded by Miss Dorothy, and Mrs. Lawlor and Mrs. MacMahon were the hostesses, assisted by the graduates of the year.

Yesterday afternoon at half past two the marriage was solemnized of Dorthea Eltar, daughter of Mr. and Mrs. G. L. Whitton, to Mr. L. Joslyn Rogers, eldest son of Mr. and Mrs. L. J. Rogers of Oshawa. Dr. Rankin performed the ceremony in the drawing room, which was decorated with pink roses, sweet peas, and banked with palms and ferns. The bride wore a handsome gown of white duchess satin with Carrick Macross lace and pearls and carried a shower bouquet of roses and lilies of the valley. Her train of tulle was caught with lilies of the valley. Miss Edith May Yates, who was her bridesmaid, wore pink champagne and carried pink roses. Miss Rogers, Isabel Woodley and May Robertson made charming little flower girls in dainty lingerie, frocks and carrying gold baskets with pink roses, with Leslie Whitton as page. Mr. Hovey Lloyd acted as best man. During the signing of the register, Mrs. J. L. Young sang "All Mine Alone," and Miss Ada Briggs played the wedding march. Mrs. Whitton held a reception after the ceremony and was wearing a gown of black satin with touches of mauve and corsage bouquet of orchids. Later Mr. and Mrs. Rogers left for Atlantic City and Philadelphia, the bride traveling in a suit of black and white Bedford cord with touches of King's blue and blue hat. The groom's

IF THIS IS YOUR BIRTHDAY
Look with a seeing eye at the things around you, for there is some unfavorable influence which by understanding you can overcome. Activity and growing interests will fill your year. Avoid games of chance. Those born today will have talent and fine discrimination. If properly directed they will win renown. They should not be under the influence of prejudiced sectarians when young, for their success depends upon a frank and fearless character development.

"The King Can Do No Wrong" is the title of a beautiful picture being produced by the Rex Company. It is a romantic tragedy of love in a North German castle and most of the scenes are laid in a forest.

MISS FISK'S PIANO RECITAL

Last evening a piano recital was given in the Greek theatre of the Margaret Eaton School of Expression by Miss Ruby Fisk, a clever pupil of Miss Etta Rundle.

The program was well chosen from works of Liszt, Beethoven, Bach, Chopin, Schumann, Mendelssohn, Brahms, Wieniawski, Moszkowski, and Walsegg.

An intelligent rendering was given to all the numbers, but in the rhapsodie by Liszt was the technical development of the young pianist best displayed.

There was an unusually large and appreciative audience, and intense interest was maintained throughout the entire program. Miss Fisk was assisted by Miss Edna Stach, Miss Irene Robinson, and Miss Gladys Wallace, who rendered vocal numbers most acceptably.

For Sallow, Wrinkled Freckled, Pimpled Skin

(From Woman's Home Journal.)
If you have any cutaneous blemish, to cover it up, this is only easier to remove the disfigurement with ordinary mercuric wax. Applied nightly, the wax will gradually remove freckles, pimples, blackheads, yellow blotches, or any surface eruptions. The affected article is absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view. Ask the druggist for an ounce of mercuric wax and use this like you use cold cream. Remove in morning with soap and water. Many who have tried this simple and harmless treatment report astonishing results.

If bothered with wrinkles or crow's feet, a wash lotion made by dissolving an ounce of powdered salicylic acid in a half pint with hazel will prove remarkably effective.

WHAT CHILDREN SHOULD EAT

After ten months' or a year of breast-feeding it is easy to wean a baby.

Once upon a time it was the custom to start a baby on artificial food at a month's notice. The poor child found himself one day happily enjoying every minute of life, and the next he was confronted by an immense glass thing with a rubber top, or a huge white thing called a cup, which he was to learn to use.

There is only one safe, easy way to wean a baby, and that is to gradually introduce him to a bottle of water from a bottle every day of his life from the very start. The first three days of his life here, he requires no food, but he should have water, and this is when he should be introduced to his bottle. He should have a sip of water between meals; and then he can gradually learn to drink out of a cup, or eat cereals, or stale bread.

At ten or eleven months, if the child is strong and healthy, he may take milk out of a cup. It is a matter of education to teach a child to drink out of a cup, or eat cereals, or stale bread.

"Compulsory education" was taken up briskly as the first important item this morning. Mrs. Belton of London said that Manitoba has no compulsory educational act.

"I have looked forward to this day for years," was the prelude of Miss Peters' address on the subject. In her home in St. John, N. B., she had worked for years to obtain what the National Council of Women was now trying to obtain.

"At this point it was announced that the discussion would be postponed until the evening session."

"The domestic service problem was gone into fully by Mrs. Short of Ottawa. She outlined graphically the home with its five or six young children, the mother confined to bed with illness and the father struggling against the adverse circumstances of his surroundings. Yet no domestic help is available."

"Unfortunately," said the speaker, "there is an execrable paper, 'John Bull,' in the old country, which by its exaggerated statements brings out an undesirable class of girls for service."

"Circumstances generally show that we are not going to get suitable domestic help in England or any other country." She knew the assertions sometimes made about the homes here of not being such as would attract girls. The number of hours the girls of the places that are waiting to receive the desirable immigrant girl.

A suggestion Mrs. Short threw out was that the girls should be given a good deal of the difficulty came from the fact that girls have not received the same education as the boys in the schools which would make them effective help in the homes. This should be given in continuation schools. The general object of the hostesses and ladies of the city were also present. The charming environment of the function provided by the unassuming beauty of the magnificent new hotel is something to be remembered.

Madame Fortier, president of the club, presided, and gave the visitors a charming welcome. Mrs. Fortier replied just as charmingly on behalf of the council, saying in the course of her address that this was one of the happiest moments of her life.

An automobile drive thru the city, a visit to the Royal Edward Institute, said to be the finest tuberculosis dispensary in America, and perhaps in the world. Addresses from Mrs. MacDonald McCarthy and Mrs. Short at the institute, and from Mrs. Owen Phillips, were all part of a long-to-be-remembered afternoon.

Copies of the first issue of The Women's Century, a paper devoted to the general objects of women, and containing a great deal of interest to the council, clubs and affiliated societies, were distributed during the evening session. The makeup and matter of the paper, Mrs. Fortier said, is most creditable, and it is hoped that women throughout Canada may become interested and make its columns the vehicle of expression for their many activities. The editors are Mrs. Campbell McIver and Mrs. J. C. Wilgar, and articles from Jean Blewett, Mrs. Albert E. Gooderham, Mrs. L. A. Hamilton, Sonia Leathes, Margaret Patterson, M. D., and other well-known women are found in this first issue.

M. L. Haft.

The report on employment for women then summarized the things desired by its framers.

Mrs. Leathes said all the items for which the report of Miss Dericks reported close inspection over the tress, picture shows and books. One objectionable play had been censured. The staff of the London Library are endeavoring to induce its clients to read less fiction and engage in books of generally higher usefulness.

Over 700 picture shows are now in Canada five years ago. Some managers would prefer to exclude vaudeville owing to expense, but the public demand it. A splendid use was made

"One point not yet discussed," said Mrs. L. A. Hamilton, "is that standardization has not yet been arrived at. The number of hours the girls should work; the amount of remuneration she shall receive, are not yet agreed upon. The moment this is done and the same footing as the other and other employees, at that moment will the girl prefer the service in the home to that of any other."

A resolution for the establishment of continuation training schools closed the discussion.

ROYAL BAKING POWDER CO., NEW YORK.

Royal is absolutely pure and wholesome, the best in every way, of all the baking powders. It makes food of finest flavor, and adds anti-dyspeptic qualities thereto. It has greater leavening strength and is therefore the most economical.

Home Made Bread—Setting the Sponge

THE first requisite for good bread is fresh yeast. A reliable brand of compressed yeast gives best results and is the easiest to use.

Break the yeast cake into flakes with a fork and put it into a cup of lukewarm water for at least an hour. This eliminates the strong odor so noticeable when yeast is first unwrapped and dissolves all the particles of the cake.

When you are ready to mix your sponge measure the amount of sugar that is called for in your recipe and put it in the cup with the yeast. Fermentation will commence at once. Then, when you mix all the ingredients together the rising, leavening process will begin immediately.

There are a number of old superstitions on the subject of bread-making that should be thrown into the discard.

Bread making may be included in the list of quickly cooked foods for, with the process that I am giving you, light, sweet bread can be made in a remarkably short time.

For eight loaves of white bread measure eight quarts of flour. Have ready a large bread bowl. Add
