## Note and Comment

Cricketers from Schenectady and vicinity, in New York State, are with us this week. They have started two games already, losing to Toronto Zingari on Monday by 10 to 130, of which latter score Hugh Reid hit up 60, when he played a wide onto his wicket. Marshall, the correspondent, who was in the field, scored 100. Yesterday the tourists essayed to tackle the Toronto Club, but rain stopped the play when the home team had 30 runs. Today the visitors are guests at St. Al. League team at Varsity, and Friday their opponents are the C. and M. stars on the same course. Friday and Saturday Toronto plays at Rosedale for the championship. Schenectady plays Hamilton on Saturday. This is indeed a big cricket week.

St. Matthews start on their original motor lawn bowling tour to-morrow, playing their first two matches in Guelph, then on thru Western Ontario as far as Goderich and London, winding up July 22 with games at Brantford and Paris.

It's not so serious an offence for an umpire to ask a ball player as to have the order reversed. When Ken H. Roger Brennan was fined fifty dollars, and now Magee gets asked \$20 for lambasting Finnegan. However, Finnegan in the latter case received a horrible mauling, according to the despatches.

Magee lived up to his reputation as a hard hitter, no Kerin and Hart and the rest of them better not rile him. Jordan Magee has a batting average of .59 for 13 games this season, and has played a leading part with his batting in keeping the team fighting along in the front or close to it since the season opened.

Last year Magee carried off the batting honors in the National League with a percentage of .33 for 154 games. In actual play, Crandall of the Giants headed the batting list with .34, while Goode, now with the Chicago Cubs, was second, with .33, but they played in only 43 and 22 games, respectively. Finnegan was an Eastern League umpire of five years' experience, who was added to the National League staff this year.

## Lawn Tennis Games

### Played in Tourney Despite the Rain

Despite the rain good progress was made in the All-Canadian championships, the Rotonde courts drying up quickly, and allowing play to start at 10 o'clock. Some great tennis was seen. Baird again won easily, his opponent, Spencer, was the net and hard line lives being too much for his opponent. Both Spencer and Henderson showed good tennis in their matches and were not extended to win. Calder and Baird, two of the younger players, played a very close match, the latter playing a splendid upshot game. Baird and Wiltch had no difficulty in disposing of J. Blair and Fawn. Burns and Smart won their game with ease and will be keen contenders for the championship.

Another fine program has been arranged for today. The ladies' championship singles start at 2 o'clock. Miss Moyes, the Canadian champion, meets Miss Andras. The latter is playing a very fine game this year, and will give the champion a great run for the match. Miss Andras and Miss Summers have been another close game.

In the open singles Baird, Laird, Northing, Spenser and Dineen will all be in action. The courts are in splendid shape, and the accommodation for visitors excellent.

## BISONS WIN THEIR FIRST DEFEAT FROM BRONCHOS

However, McConnell Lands One of the Double-Header—Two Games To-day at Island Stadium.

ROCHESTER, July 11.—Rochester and Buffalo split even this afternoon. McConnell won his seventeenth game of the season in the opener by a score of 7 to 0. Manager's poor fielding put him in the lead in each of the innings in which the Buffaloes scored in the second. The four errors, two passes and two hits, scores:

## FIVE CITY, THREE LONDON RINKS LEFT IN TROPHY

Great Day's Bowling at Niagara—Rain Fell, But Bowlers Continued.

NIAGARA-ON-THE-LAKE, July 11.—The second day of the Ontario Bowling Association's tournament was favored with fine weather and some great games. The London contingent look to be dangerous ones, and now when it is down to the eighth they have three rinks left. Victoria, Parkdale, Canada, and Balm Beach have one each left to fight with.

The association will start the third round to-morrow morning, and the second round of the consolation will be got away in the morning. The doubles will likely start in the afternoon. H. Muntz of Toronto Victoria had a good day in the trophy competition, disposing of Smoke's Park rink in the morning by one shot, 15 to 11, and running away from Waterloo, skipped by E. F. Seagram, 14 to 8.

S. D. Swift of London won his two games rather handsily, and looks to be a hard man to beat. M. Heaman is another London skip with a good rink and should give them all a tussle. Dr. Alexander is the third London skip left in the trophy.

Tom Cleveland's Grants rink won two nice games, and the old reliable is out after the big prize. A heavy rain fell at 2:30, but the bowlers were back on the lawns at 4:30 and played the draws out.
