

# REV. PERCY BROUGHTON HAD HIS FEET SO BADLY FROZEN THAT TOES WERE AMPUTATED BY HIS COOK—CRAWLED ON ICE ON HANDS AND KNEES TO A HOSPITAL.

SYDNEY, N.S., Nov. 11.—(Can. Press.)—Rev. Percy Broughton, Anglican missionary to the Eskimos in Baffin's Land, arrived yesterday on the steamer Beothic. Mr. Broughton's return was made necessary by the terrible hardships he endured after straying away from his guides while returning to the mission station at Lake Harbour in March last. His guides were detained on the way and he went on ahead, only to take a wrong track. He saw his mistake, however, and returned to find that the guides had passed. The missionary kept on in the open, after spending a night in the open, made for the coast, intending to walk the rest of the distance on the ice to an Esquimaux village he knew. A day after he started a strong wind drove the ice off the shore. He was close enough to shore to get clear, but fell in the water. Removing his boots to wring out his stockings, he found one of them frozen so stiff that he could not put it on again. Going on he went past the village about half a mile and spent another night in the open. In the morning his feet were frozen so badly that he had to make his way to the village on his hands and knees. He sent some of the Esquimaux to the station for help, and while semi-conscious the women inmates of the station in cold water, applied heat. The next day he was removed to the station and lay for three months in a veritable agony. He lost the toes of his right foot, his cook performing the operation. On Aug. 11 the mission ship arrived at Lake Harbour. From her he was transferred to the Dominion Government ship Minto. Here Dr. Goodwin of Halifax treated him, two operations on his feet being necessary. After six weeks on the Minto he was transferred to the Beothic, which landed him here, 81 days after leaving Lake Harbour.

From here he goes to Toronto and thence to London, Eng. He is still lame and shows in his face the terrible hardships he endured. He will return north, he says, in two years, as men able to speak the language are hard to get. The usual stay of missionaries in Baffin's Land is two years at the time. Mr. Broughton went north in July, 1911.

**WILL AMEND RAILWAY ACT.**  
OTTAWA, Nov. 11.—(Can. Press.)—A complete revision of the Railway Act is planned for this coming session. Thomas Price, M.C., of St. Thomas, has been named as the author of the act, with a view to "blanketing" the railroads. One amendment proposed is to do away with the act of railway "blanketing." There will likely be a provision requiring railway companies to survey and locate their routes before submitting them to the minister for approval. Another provision will provide for the superannuation of members of the railway commission.

**Twitching of the Nerves**  
A Distressing Symptom of Nervous Exhaustion Cured by Dr. Chase's Nerve Food.

Mrs. John McKellar. What sympathy you feel for anyone whose nerves twitch and jerk, and what resolves you make to never allow your nervous system to become exhausted, until paralysis of some form claims you as a victim. The only way to watch the warning symptoms, such as sleeplessness, headache, indigestion, tired feelings and irritability. By the prompt use of Dr. Chase's Nerve Food you can feed the feeble, wasted nerves back to health and vigor, restore the vitality of the body, and prevent serious disease. Mrs. John McKellar, 11 Barton street east, Hamilton, Ont., writes: "I was injured some years ago, and that left me with a broken-down nervous system. I could not sleep, and suffered from twitching of the nerves and disagreeable nervous sensations. I then began using Dr. Chase's Nerve Food, and can say that I never used any medicine that did me so much good. I am entirely cured of my old trouble. The Nerve Food not only strengthened the nerves, but also built up my system in every way." Under date of Aug. 23, 1912, Mrs. McKellar writes, confirming her cure, and states that she has had inquiries from many people who had heard of the great benefits she obtained from Dr. Chase's Nerve Food. # PROVINCES ATTEMPT TO CANCEL ACTION COMPANIES' CASE WILL GO AGAINST THEM AND LEAD TO BIG LOSS OF REVENUE.

W. J. HANNA AT OTTAWA  
Compromise of Some Kind May Follow—Strong Pressure Being Brought to Bear.

OTTAWA, Nov. 11.—(Special.)—The provinces are making strong representations to the federal government with the object of having the companies' case, which comes up before the supreme court at its present session, called off. Hon. W. J. Hanna, provincial secretary, was here Saturday and had a long conference with Premier Borden and other members of the cabinet relative to the matter. The provinces realize that the case is likely to go against them and fear that if they lose the power of incorporating companies, it will mean a big loss to them of revenue. In the case of Ontario, it is understood that this loss of revenue would total a quarter of a million dollars. Manitoba and British Columbia would also lose heavily. Strong pressure is being brought to bear by Manitoba. It is said, thru Hon. Robert Rogers, to have matters remain as they are at present. It is understood that a subcommittee may be appointed to deal with the question and that a compromise of some kind is likely to ensue.

# LIBERAL MAY FORFEIT SEAT.

LONDON, Nov. 11.—(Can. Press.)—The question whether Sir Stuart Murray Samuel, Radical member for one shall continue to hold his seat in parliament is to come before a select committee of the house of commons. Sir Stuart Samuel is believed by the members of the opposition to have forfeited his right to sit as a member of the house of commons, owing to his bankers having become purchasers of a share for the Indian government. Under an old act of parliament a member may not be even indirectly interested in such a transaction.

# PEACE OR WAR? DISSENSION IN TURKEY

Army and Population in General Are Being Worked Up to a High Pitch of Resentment Against Government—Grave Internal Crisis Seems to Be Imminent.

CONSTANTINOPLE, Nov. 10.—(Can. Press.)—(Unconfirmed.)—The situation in Turkey is becoming more and more grave. Internal dissension seems to be impending. On the one hand the position of the government is seriously compromised because the army repudiates the mediation proposals, while the other hand the committee of union and progress is giving evidence of renewed activity, while Turkish feeling, both national and religious, is being worked up to fever pitch by the preaching in the mosques and the impassioned language of the great orators. The most serious feature of the situation is the weakness of the government in having first applied for mediation to the army, and later requesting mediation pure and simple and then being virtually obliged to yield to the army which repudiated mediation. Probably only the fact that the powers have not replied to the request for mediation prevented a ministerial crisis and expedited the government from the impasse, as it will not now be called upon to take any action. The committee of union and progress has taken up strongly the cry of "No Surrender." The newspapers Tanine and Yeni Gazete have been suspended for printing violent comments. Incited by Sheik. The Sheik-ul-Islam, who yesterday issued a manifesto to the Ulemas and Hodjas, proclaiming a holy war, made public a further statement today. He says: "The initiative of the military council and with the approval of the council of ministers, a communique of the grand vizier has been issued ordering the desertion of the army now preparing to leave for the headquarters of the army. Reports circulated contrary to the spirit of this communication are false and should be considered worthless."

# Sore Chest Cured In One Night

Broke Up a Heavy Cold, Relieved Pain in the Side, Stopped an Irritating Cough.

"Anyone that goes through all that I suffered last winter will appreciate the value of a remedy that cures like Nerviline cured me." These are the opening words of the solemn declaration of F. Von Hayden, the well-known violinist. "My work kept me out late at night, and playing in cold, drafty places brought on a severe cold that settled on my chest. I had a harsh, racking cough and severe pains darted through my sides and settled in my shoulders. I used different remedies, but none broke up my cold till I used Nerviline. I rubbed it on my neck, chest, and shoulders, and in a few minutes the cold disappeared. Realizing that such a heavy cold had run down my system, I took Ferronine at meals, and was completely cured and strengthened. Since using Nerviline I have no more colds or pleurisy, and enjoy perfect health."
