SPECIAL FARMING & LIVE STOCK EDITION

GOOD THINGS.

Good and kind words about the farming pages of The World are constantly being given us, as travels are made thru the country.

The agricultural pages seek to give the news of the day as well as information and encouragement to the soil. Our pages are open to all. Our advertising columns are proving of great value. If you do not read these pages or have your ad. here, try it for luck and help on the Farmers' Daily Paper to give a better service than ever.

ONTARIO, THE BEAUTIFUL.

Dwellers in Ontario rural areas are now enjoying the blessed life. They have a setting in nature second to none. The foliage, blossoms, verdure and roses make a paradise of beauty to the soul that looks above the clod that troubles his foot. Seekers after beauty, freedom from distress by storm and flood, and for peace can find no better land than Ontario with all her diversified field, lake and stream.

Scott's anathema against all those who do not applaud their native lands, would fall with double effect upon the farmer's boy or girl, whether he has the best of privileges for pedal ablutions or not, were he or she unable to laud the land of the maple leaf.

But heaven helps no lazy fly. The bee which hums in Ontario fields is the blessed of the earth. So mote it be.

FAIR PLAY TO ALL.

The Breeders' Societies in Canada have nearly all asked the National Live Stock Records office at Ottawa to enforce all the rules laid down to them re registration of animals. One of these rules is that no animal can be recorded whose dam or sire is not transferred to the owner at the time of the service. This rule was not followed closely before this year. Breeders formerly have secured numbers for progeny, where the animals were not recorded. They forwarded applications for similar ones this year and find that the sires and dams must be transferred before a certificate is issued. The records committee ordered this to be done and the records officials at Ottawa had nothing to do but to follow out the orders.

Some of us breeders were annoyed at the delay occasioned by these orders from Ottawa and were not in the best frame of mind to consider the question on its merits. Often the delay caused the breeder considerable inconvenience and some no doubt blamed the department rather strenuously. Second thoughts are often better than hasty ones, and calmer moments revealed that the method pursued by the department was really, the only one for the interests of all the breeders. When one man gets no favors, it assures to all an equality of privilege, which fact is one of the main props of our record's strength with the people. Instead of blaming the recording office, more careful thought will show the wisdom of the observance of the law.

Of course, there is not justification for an official boorishness that often characterizes government officers. Where such is noticed the people have a right to complain and The World will be the first to prod the offender. Courtesy and tact are needed in all business dealings between men or organizations, where harmony is desired. Until the rule is thoroly understood, an extra quantity of porridge and patience ought to be used.

CROPS IN SOUTH SIMCOE.

Fall Wheat Heading Out—Oats and Corn Looking Well—Hay Crop Fair.

The agricultural editor made a short trip to South Simcoe yesterday and was very much surprised to see the crops looking so well.

Simcoe County is looked upon as one of the richest and best in Ontario, and when the rich fields of deep green grain, the good farm buildings and the high-class stock were seen, the reason for this county's popularity was made plain. Fall wheat has been Simcoe's great crop, and the best fields of it in Ontario are no doubt to be found here. Large ten-acre fields with not a break by winter-killing were noticed. Government reports say that about half the wheat was resown, but appearances go to prove that the half crop would be much better than the fields of this cereal in other parts. The color is a rich green and already the grain is heading out.

Oats and barley are also looking well. The grain crops there are decidedly better looking than are those farther south and in other parts seen lately. Corn is being planted liberally, and is coming up well. Careful cultivation, plenty of barnyard manure and clover are building up South Simcoe farms.

The hay crop is light. Clover has suffered badly from winter-killing. Yet the crop in the fields where good cultivation has preceded is very fair, and is already heading out. But the hay will be short, and much lighter than last year. A few fields of alfalfa are noticed. The advantages of this clover are gradually creeping into the farmers' minds.

FIRST STRAWBERRIES.

Charles Kimpton of 80 Colborne-street received he first consignment of native strawberries yesterday morning from the Niagara district. He retailed these at 17c a quart. A few days will bring in plenty of this delicious fruit.

BYRRH makes your body feel all alive and your brain wide awake. As a permanent pick-me-up it is unequalled. Drink it.

THE FARMSTEAD

Rain has come.

All's well yet.

Farm prosperity continues.

June's roses are late but sure.

Look out for the Elora filly sale.

A farm without a melon patch—indeed melancholy.

Look out for plenty of water for the stock this sultry weather.

A crust on the soil means rapid evaporation. Stir it.

Innisfil farmers have a great show for crops.

Thomas Teasdale of Concord is building a new house.

Sympathy is expressed for Alfred Rogers of Kinsale in the loss by fire of his big, recently-remodeled barn.

Read the live stock ads. on this page and write the owners, asking for prices.

The first native strawberries were sold on the Toronto market yesterday.

Mr. Matt. Richardson of Caledonia is improving nicely after his recent runaway accident near this farm. This firm have a big herd of Holsteins again.

Don't keep your little pigs shut up. They will thrive much better if you fence off a nice clover field for them. Give them liberty and plenty of milk.

Fourteen Holstein cows belonging to G. A. Gilroy of Glen Buell, Gordon H. Monhard of Monhard, and Matt. Richardson of Caledonia have recently qualified for the record of merit. Two of these, one owned by Monhard and one by Gilroy, made nearly 25 lbs. of butter each in 14 days.

The Broadview Boys' School, Toronto, are busy at their farm plots which look extremely well. The unselfish work of Principal Atkinson is to be commended in thus enthusing the boys for a love of the nature work.

There are too many half-bred horses standing for service thruout the country, especially in the eastern parts of the province. The fee may be an inducement, but looking at it from the value of the stock, the fee, tho cheap, is altogether too dear for such stuff.

The co-operative committee of the Pomona Granges of Maine provided the plan for a system of marketing farm produce. Storage houses are provided, apples and other fruits carefully graded and thousands of bushels thus brought together will command the foreign market. Potato selling "direct" to consumers has been in successful operation for some time.

Consternation has been created among poultry commission men in New York City, says The Farm Journal, thru the organization of the allied duck growers of Eastport, Long Island. Hitherto the growers, whose output exceeds 200,000 ducks annually, have been at the mercy of the commission men, who exacted exorbitant margins for handling the stock. When ducks were quoted at twenty-seven cents a pound, the growers only received thirteen cents a pound. The organization is known as the Long Island Duck Raisers' Association. It will fix its own prices, based fairly upon supply and demand, and it says that the consumer will pay no higher prices than before.

When a horse that has served you faithfully and long passes his prime, do not sell him to a huckster. If you cannot afford to keep him in his old age, it were far better humanely to put him to death rather than to condemn him to several years of beating and semi-starvation in the hands of an ignorant and brutal master.

Fly-time is here, and a good formula to be used with the ordinary hand sprayer will doubtless be welcomed by dairymen. Here it is: To one quart of kerosene add a tablespoonful each of oil of tar, fish oil, carbolic acid and oil of pennyroyal. This mixture, thrown in a fine spray on a cow, is death to flies and mosquitoes.

To heal quarter-crack, apply a bar shoe having an even bearing all round the foot, and have a nail driven thru the edges of the crack to hold them fast. A transverse groove, three-fourths to one inch long, cut to the quick just above the upper end of the crack, and active stimulation or slight blistering of the coronet above this point, will make an even and perfect growth. When the crack has grown off at the lower edge of the hoof, it is perfect.

Swarming of the bees has already started in many parts of the province. Sylvester Mackey of Kinsale reports his bees swarming this hot weather. Mr. Lemon of Lloydtown Crossing lost all his bees by freezing last winter. A strange thing happened this week. A swarm of bees came and took possession of one of the hives. Mr. Lemon is fortunate.

Look out for the fence sharp who is calling upon farmers and offering to put up an eight-wire fence with iron posts for eight cents a foot, says Northwestern Agriculturist. No cash is required, but before the fence is set up he gets a promissory note agreeing to pay eight cents a foot as soon as the fence is up. Later it transpires that that means eight cents a foot for each wire, making sixty-four cents a running foot for the fence. What is worse, the fence is so high the bulldog can't jump over it, and the trickster gets into the next county before the gate is opened.

Let me live in a house by the side of the road
Where the race of men go by—
The men who are good, and the men who are bad,
As good and as bad as I.
I would not sit in the scorner's seat,
Or hurl the cynic's ban;
Let me live in a house by the side of the road
And be a friend to man.
—Sam Walter Foss.

OTTAWA, June 20.—(Special.)—It was discovered to-day that 200,000 shares of Foster stock are held in the Ottawa Valley alone.

120 LOADS AT CITY YARDS STALL-FED CATTLE WANTED

Fair Demand at Steady Prices—Grassers Sell at 50c Cwt. Lower.

Receipts of live stock at the city market since Tuesday, as reported by the railways, were 120 carloads, consisting of 1705 cattle, 1502 hogs, 991 sheep and lambs, with 325 calves. The quality of fat cattle outside of the stall-fed lots, was not good. The high prices paid has had the effect of bringing a large number of grassers that ought to have been left for at least a month or six weeks longer on the grass. There were many cattle that were certainly not fit to kill for beef purposes. The result has been that prices for this class slumped another 50c per cwt. since Tuesday, or fully a dollar per cwt. less than was paid for grass cows a week ago. Prices for stall-fed cattle held up better than might have been expected, considering the heavy decline in the grassers, but they also were off fully 25c per cwt. since a week ago, especially for butchers.

Exporters.

Prices for exporters ranged from $5.85 to $6.40, the bulk selling at about $6 to $6.10 per cwt. Export bulls sold at $4.50 to $5, and some very choice quality bulls brought more money.

Butchers.

Prime picked lots of butchers sold at $5.60 to $5.85; loads of good at $5.30 to $5.70; medium at $5.15 to $5.30; common at $4.90 to $5.10; cows, $3.50 to $4.50 per cwt.

Milch Cows.

Trade in milch cows was not as good as it has been. The demand was only for those of good to choice quality. Medium and common light cows were slow sale. Prices ranged from $25 to $55 each.

Veal Calves.

The deliveries of veal calves were liberal. Trade was fairly strong and prices ranged from $3 for inferior to $6.50 for good, and $7 for prime quality new milk-fed calves. The bulk of calves sold at $5 to $6 per cwt.

Sheep and Lambs.

There was a good market for all sheep and lambs of good quality. Export sheep $5 to $5.40; rams $3.50 to $4.25; lambs $3 to $6 each, and prime lots brought as high as $7 each.

Hogs.

Mr. Harris, who bought over 1500, quotes unchanged at $6.90 for selects and $6.65 for lights and fats.

Representative Sales.

Maybee, Wilson & Hall sold 8 extra choice steers, 1300 lbs. each, at $6.40 per cwt.; 7 choice steers, 1260 lbs. each, at $5.85; 18 exporters, 1300 lbs. each, at $6.10; 21 good butchers, 1100 lbs. each, at $5.70; 10 good butchers, 1100 lbs. each, at $5.60; 21 good butchers, 1050 lbs. each, at $5.50; 20 good butchers, 1060 lbs. each, at $5.50; 4 butchers, 1100 lbs. each, at $5.30; 20 medium butchers, 1050 lbs. each, at $4.70; 23 mixed butchers, 950 lbs. each, at $4.10; 10 good cows, 1020 lbs. each, at $4.37½; 3 fair cows, 1170 lbs. each, at $3.80; 10 good cows, 1240 lbs. each, at $4.30; 10 mixed cows and heifers, 1090 lbs. each, at $4.90; 11 feeders, 950 lbs. each, at $4.35; 5 feeders, 850 lbs. each, at $4; several export bulls at $4.50 to $5.

Shipped out on order one car sheep, Winnipeg, and three cars of butcher cattle on order to St. John, N. B., and Bermuda.

McDonald & Maybee sold: 14 butchers', 1150 lbs. each, at $4.65 per cwt.; 7 butchers' 850 lbs. each, at $4.65; 9 butchers', 1000 lbs. each, at $4.75; 7 butchers', 850 lbs. each, at $4.50; 6 butchers', 1150 lbs. each, at $4.13; 25 butchers', 900 lbs. each, at $4.35; 12 butchers', 1070 lbs. each, at $4.50; 8 butchers', 830 lbs. each, at $4.35; 8 butchers', 1040 lbs. each, at $3.80; 14 butchers', 900 lbs. each, at $4.30; 13 butchers', 1090 lbs. each, at $4.75; 13 butchers', 1010 lbs. each, at $3.35; 16 butchers', 890 lbs. each, at $4.35; 11 butchers', 820 lbs. each, at $3.75; 7 butchers', 980 lbs. each, at $4.35; 6 butchers', 750 lbs. each, at $4; 8 butchers', 1130 lbs. each, at $3.75; 26 calves, 130 lbs. each, at $5.75; 24 sheep, 105 lbs. each, at $5.50; 53 spring lambs, $6 each; 1 milch cow, $55; 5 milch cows, $30 each; 1 milch cow, $39; 1 milch cow, $56.

James Ryan bought 9 milch cows, at $30 to $52 each.

Jesse Dunn bought 7 loads of exporters, 1300 lbs. each, at $5.90 to $6.25 per cwt.

D. Puddy bought for Puddy Bros.' Abattoir Company: 75 lambs, at $5.50 to $6 each.

Wesley Dunn bought 350 sheep at $5.40 per cwt.; 400 lambs, at $5.50 each; 200 calves, at $6.50 each.

Alfred Pugsley bought for Harris Abattoir Company: 200 lambs, at $4.75 to $6 each: 200 sheep, at $5.40 per cwt.; 100 calves, at $5 to $6.50 per cwt.

J. H. Dingle bought: 1 load of cows, 1100 lbs. each, at $4.20 per cwt.; 1 load of stall-fed butchers', 1150 lbs. each, at $5.90; 2 loads stall-fed butchers', 1000 lbs. each, at $4.95; 1 load stall-fed butchers', 1100 lbs. each, at $5.20.

James Armstrong & Son bought 1 car load of 25 milkers and springers, at $4 to $55 each.

C. Zeagman & Sons bought 100 butchers', 800 to 1050 lbs. each, at $4.75 to $5.50 per cwt.

Hunter & Atwell bought 2 loads butchers', 1050 to 1250 lbs. each, at $4.50 to $5.65 per cwt.

Crawford & Hunnisett sold: 1 load of butchers', 1060 lbs. each, at $5.70 per cwt.; 1 load butchers', 1050 lbs. each, at $5.60; 1 export bull, 1850 lbs., at $5.75; 1 load cows and bulls, 1225 to 1700 lbs. each, at $4.50 per cwt.

George Dunn bought: 1 load steers, 1200 lbs. each, at $5.70 per cwt.; 2 loads of cows and bulls, 1000 to 1300 lbs. each, at $4 to $4.50 for cows and $3.75 to $4.75 for bulls.

T. Halligan bought: 4 loads of mixed cattle, all butchers', 1075 lbs. each, at $4.85 to $5.65 per cwt.

Market Notes.

Jos. Wilson and Wesley Dunn have been taking a few days' holiday fishing at Trent Bridge, catching muscalonge. They arrived home on Wednesday, having had a good time and were fairly successful, as regards the number of fish taken, as many of the denizens of the market could testify. They were guided by Jas. McLaughlin of Trent Bridge, who is noted as being the greatest of muscalonge fishermen.

A. Shortreed of Fergus, one of the best known live stock dealers in Ontario, stated that for two weeks in succession he had to depend on Wm. McClelland to dispose of his cattle, and that he considered Mr. McClelland one of the best judges and salesmen of cattle on the Toronto market.

LAHMER'S BERKSHIRES SELL FOR FAIR PRICES

A Small Crowd Owing to Busy Season, But Good Breeders Present.

VINE, June 19.—(Special.)—The Hillcrest Berkshires were sold out to-day at fairly good prices. The crowd was not large, but buyers and breeders were present from sixty to seventy miles distant, while mail orders came in from as far west as Sarnia. The Berkshires were of good type and breeding, and in good condition. One sow that sold for the highest figure was certainly a fine specimen, and as the owner remarked, if this animal had been in the States, she would have sold for $200 or more.

Thos. Teasdale, the president of the Berkshire Breeders' Association and a prominent breeder of York County, was present. He leaves in a few weeks to judge the swine at Winnipeg fair, which honor he has had for the fourth time. Other noted breeders of this fine animal were seen amongst the crowd. The rain which continued for the greater part of the afternoon somewhat interfered with the sale, but owing to the good it was doing the soil, good nature prevailed. Auctioneer McConkey wielded the hammer.

The following are the leading prices secured:

Concord Triumph to Wm. Wilson for $35.

Imported Stall Pitts Winner to W. A. Graham of Wanstead, Ont., $36.

A young boar to George Ross of Simcoe, for $20.

Hillcrest Kate (a gentry sow), to R. F. Somerville, Forest, $108.

Sneigrove Duplicate, to a local buyer, $54.

A sister of Hillcrest Kate to Ira L. Howlett of Keldon, $39.

Imported Melody (aged), to Ira L. Howlett, $17.

Holyrood's Fashion to Ira L. Howlett, $47.

Holyrood's Ideal to Mr. Beaumont of Bracebridge, $30.

Hillcrest Lullaby to I. Nelson of Vine, $35.

Hillcrest Sample to I. L. Howlett, Keldon, $43.

Young pigs and small sows sold from $20 to $10 according to age and condition. Mr. Lemon of Lloydtown secured a nice little boar. Other bidders from Mariposa were present. Mr. Lahmer has reason to feel gratified upon his success.

AN EXCELLENT WHITEWASH.

A piece of information that is continually in request is a recipe for whitewash that will not wash off. We do not suppose there is such a thing, but the following is considered as good an article as there is in its line. It was used by U. S. Grant to whitewash the White House at Washington. Some time ago there was published an autograph letter, written in December, 1871, by Mr. Grant, then president of the United States, to a friend in California, in which this formula was given. Half a bushel of unslaked lime. Slake with warm water; cover it during the process to keep in the steam. Strain the liquid thru a fine sieve or strainer; add a peck of salt previously well dissolved in warm water, three pounds of ground rice boiled to a thin paste, and stir in boiling hot; half pound of powdered Spanish whiting, and a pound of glue which has previously been dissolved over a slow fire, and add five gallons hot water to the mixture; stir well, and let it stand for a few days, covered up from the dirt. It should be put on hot. One pint of the mixture will cover a square yard, properly applied. Small brushes are best. There is nothing that can compare with it for outside or inside work, and it retains its brilliancy for many years. Coloring matter may be put in, and made of any shade—Spanish brown, yellow, ochre or common clay.

"HINGE-STAYS" MAKE DILLON TWICE AS STRONG
Short, stiff, hard, steel wire stays make a "hinge-like" joint at every lateral wire on the Dillon fence. These "Hinge-stays" give our fence a greater degree of elasticity—enable it to withstand greater strain. They act like, and really are, hinges—make our fence swing or spring back into shape after receiving a heavy blow, or the unusual pressure caused by a furious bull or other animal endeavoring to push his way through to freedom. Catalogue tells more about this "twice as strong" fence.
