IDENTIFIED THE BODY.

Man Found Drowned at Windsor  
Was Hiram McCarthy, a  
Machinist of Toronto.

A body in the morgue of Trinity Medical  
College was identified as having been  
killed by Mrs. McCarthy of 8 Regent-avenue as  
that of her husband, Hiram, a machinist,  
40 years of age. The body was found in the  
St. Clair River at Windsor two weeks  
ago, and was placed in the morgue there  
after they met with a discovery made in the  
Toronto papers. Mrs. McCarthy thought  
the man might be her husband and wrote  
himself a letter, but she did not think  
the deceased answered the description,  
and the body was sent on to Trinity  
Medical College.

Friends of the deceased yesterday  
endeavored to secure the body for burial,  
but they met with opposition in the shape  
of \$50.00 charges when they saw Mr. Mil-  
lin, Inspector of anatomy for the college.  
The Inspector stated that the body was  
made up of a fee of \$20 for the trouble  
taken by the Inspector, and has been  
Windsor; \$12.50 for express charges, Win-  
sor to Toronto; cartage from station to  
Medical College, \$4, and expenses of the  
Medical College for taking care of the body,  
\$10.

These friends of the deceased went up  
to see Deputy Attorney-General Cartwright  
last evening, with the result that the body  
will be handed over as the Anatomy Act  
provides. The department will see that  
no improper charges are made, but Mr. Car-  
wright, when spoken to last night, would  
express no opinion as to whether the  
Windsor were excessive or not, having only  
heard one side of the story.

Serious Charges.  
James Hedges, who says he lives at 25  
Bloor-st., is under arrest, charged with  
assaulting Annie King, 28 Brock-avenue,  
and Hattie Chandler, 14 Spruce-street, two  
18-year-old girls. Mounted Constable  
Threlkeld saw the man running along Christie  
street yesterday afternoon, and ques-  
tioned him. Hedges claimed that he was  
endeavoring to get away from a friend  
who was in an intoxicated condition, and  
that the policeman did not believe his story  
and decided to make an investigation. While  
on the way in the direction from which  
the man ran the officer met the girls, who  
claimed that they had been assaulted by  
Hedges and another.

A Gold Coast Missionary.  
Rev. R. B. Solomon Ahuma of the  
Gold Coast, West Africa, was a visitor at  
the Methodist Board room yesterday. He  
is a tall, muscular man, negro, possessed  
of any amount of energy and has been  
in his present field for about 15 years.  
He has been very successful in his work,  
and has been assisting him in his work,  
and three women at the head station. He  
says the two great evils he has to con-  
tend with are the liquor traffic and the  
barbarous practice of the natives in sacri-  
ficing every tenth child to the fetich.

## NOT TIME AT THE COUNCIL.

This Time It Is the Mayor and Ald.  
Lamb Who Get Into a Wrangle  
Over the Mayor's Rights

TO CALL DIFFERENT MEETINGS

Things Get So Bad That Several  
Aldermen Left the Chamber and  
Broke Up the Quorum.

The first meeting of the City Council  
within the holiday season was held yester-  
day afternoon. It marked the high water  
mark of disorderliness of the year.

When Council had been called to order,  
Ald. Graham referred to the letters which  
had passed between himself and the City  
Engineer in connection with the Pover-  
court-road pavement. He had examined  
the blocks and the posts himself, and  
found a considerable number of the former  
bad and some of the latter short. Every  
word of his letter, already published, was  
true, and every statement correct. He  
blamed the Engineer's Department, who,  
he said, did not exercise sufficient care  
over works of this kind. He then con-  
sidered the fact that not only in the case  
of this street, but others also, I have late  
complaints from the Engineer's Depart-  
ment, and little improvement was made  
after the complaints had been laid. I may  
instance one case, that of Elmgrove-ave.  
But I think that when the Engineer has  
taken money out of the general fund, that  
I cannot say whether this was charged  
against the local improvements or not, the  
policy of the Engineer's Department is not  
right.

No Use in Complaining.  
There is little use of making complaints,  
and all I can do is to continue endeavoring  
to find a proper remedy by exposing them  
and showing them up. I have taken this  
ground in the present case, and will con-  
tinue until a remedy is brought about.

Read When Out.  
Ald. Denison said Ald. Graham had asked  
him to examine the pavement. The blocks  
were, many of them, too small, and the  
spacing, that is to say the distance be-  
tween them, was not correct.

Ald. Lamb questioned the conduct of  
Ald. Graham in reflecting on the Public  
Works Department. It was not proper.  
Ald. Graham was not acting within  
my jurisdiction and right.

Ald. Lamb: Yes, it was proper for you  
to do so, but the specifications in this  
case were approved by the Board of Con-  
trol. One of the best inspectors in the city  
was on the work. He reports the cedar  
siding and according to the specifications.

Should Be Investigated.  
The Mayor: This question is not before  
the Council. Mr. Ald. Graham was given  
an opportunity to explain. The subject is  
one for investigation.

Ald. Lamb: Why not ask the Board of  
Works to investigate it?

The Mayor: It would be a case of the Com-  
mittee on Works trying themselves. A spe-  
cial committee would serve the public in-  
terest better.

Ald. Lamb: Then I want to say that the  
statements of Ald. Graham are, many of  
them, incorrect. I move, that the matter  
be referred to the Board of Works.

The Mayor: Order. I second Ald. Lamb's  
motion. I don't know that the Board of  
Works is the proper place to refer it.

The Mayor: There is no such body in  
existence.

Ald. Denison: The Committee on Works  
Lamb to rise and say that the statements  
made by Ald. Graham are not true.

The Mayor: Order. All this is irregular.  
Ald. Denison: It is not right for Ald.  
Lamb to rise and say that the statements

which to build for the purposes of the  
business. Several members of Council  
objected to any contracting of the square  
space, and upheld the action of the Prop-  
erty Committee in opposing the application.

Ald. Lamb moved that the communica-  
tion be sent to the Property Committee.  
Carried.

Editorial letter, notifying the city  
that they would apply for an injunction  
to restrain the city from buying the J. D. Al-  
den's lot at 89 King St. W. and 123 Yonge St.

City Engineer, in a communication,  
opposed the changing back to the old route  
of the Bloor and McArthur-street cars,  
and urged that the new route be maintained.

tion be sent to the Property Committee.  
Carried.

Inspector of Elevators.  
Ald. Lamb's objection was to the ap-  
pointment of an inspector of elevators was  
that it was the end of the wedge of a new  
kind of taxation.

ities of pure, fresh Butter-  
milk and the best digestive  
ferments.

A combination that  
has taken many years of  
hard work experimenting  
to perfect and which can-  
not be excelled.

There is not a Case of  
Indigestion

Dyspepsia or  
Sluggishness of the Liver

that they will not cure and will help every  
person to enjoy life a great deal better than  
they ever have. The little worries will  
vanish and the larger ones be overcome.

The home will be brighter—business  
better—friends more friendly.

These tablets will allow your meals to be  
a great pleasure and comfort, and you need  
not be always wondering if you can eat this,  
that or something else.

They will impart a perfect complexion  
which we all admire so much.

They will cure all diseases arising from  
imperfect digestion, such as:

Loss of Appetite, Sour Stom-  
ach, Headache, Sleep-  
lessness, Palpitation of  
the Heart, Sluggish Liver,  
Nervous Debility, Dys-  
pepsia, Indigestion.

They are the most perfect remedy ever  
discovered and stand alone—there are no  
other Buttermilk Tablets but Gibb's.

Your druggist should have them, and if  
not write to Canadian Agency, Buttermilk  
Tablets Co., 287 King St. W., enclosing  
price, 50c, and a box will be mailed to your  
address.

Each box bears the Trade Mark, The Girl with the Churn,
