IMPRESSIVE DIGNITY TO MARK ROYAL FUNERAL

Servants of House of Braganza Will Carry the Coffins—A Guard of Honor.

LISBON, Feb. 5.—The funeral of the late King Carlos and the crown prince on Saturday will be attended with ceremonies of impressive dignity and with a display of all that mourning pageantry which attends the obsequies of Portuguese monarchs. The ceremonies will begin at 10 o'clock in the morning. From the chapel at the Necessidades Palace, where the bodies have reposed since Feb. 1, servants of the house of Braganza will carry the coffins from their resting-place to the funeral carriages. In front of the coffins will march the high church dignitaries, carrying crosses, the royal civil and military households and the ministers, peers and deputies. Following the coffin will walk the queen mother and her son, King Manuel, after whom will come the ambassadors.

From the Necessidades Palace to the Church of San Vincente do Fora, where the services will be held, the funeral cortege will move slowly through the heavily guarded by troops. The distance is about two miles.

A guard of honor will ride on either side of the imperial funeral car, as will also be the case with the carriage bearing the coffin of the crown prince, which will follow immediately after that bearing the coffin of King Carlos. A body of troops composed of every branch of the army—cavalry, artillery and infantry—will march behind.

Service at the Church. When the Church of San Vincente do Fora has been reached the bodies will be received at the main entrance by the Brotherhood of Misericordia, the archbishop and all the bishops of Portugal, with upraised crosses. Following the coffin will walk the king and the prince of the house of Savoy, Hohenzollern and Bourbon will walk. The king will proceed to the tribune prepared for him and the queen mother, while the prince will occupy a tribune facing the royal box.

The funeral services will be conducted by the Cardinal Patriarch of Lisbon. Before granting absolution a short allocution in praise of Dom Carlos and Crown Prince Luiz will be delivered by him.

After the bodies have lain in state for three days in the Church of San

Vincente do Fora, the coffins will be carried to the cloisters to the royal pantheon, where rest the remains of the prince of the illustrious house of Braganza. The queen mother and King Manuel will follow the bodies of their beloved king to their last resting-place.

LIVE STOCK IN WEST.
What the Annual Report of the C.P.R. Agent Shows.

MONTREAL, Feb. 5.—H. C. McMullen, live stock agent of the Canadian Pacific in the west, has prepared his annual report on the live stock movement in Alberta and Saskatchewan, which shows a very great falling off in the trade last year, as compared with the previous 12 months. The export of live shipments in 1907 amounted to 74,740, while last year they only reached 42,800 head, a falling off of 21,940 head, or a decrease of about 25 per cent. In addition to this there was a very marked falling off in every line of live stock shipments in the two years, horses dropping from 19,549 to 11,352; cattle from 14,681 to 8,043; hogs from 30,093 to 25,585; and sheep from 57,524 to 39,573.

Mr. McMullen attributes this very heavy decrease in the western cattle trade to the fact that the ranchers have abandoned the practice of buying stock in the west. In 1906 a very large number were bought, and these were ready for export by 1907, which explained the preceding figures for that year. In addition to this he says that the whole sale slaying of calves has almost cut the crop of calves in half. These two factors, he regards as the main reasons for the decline in the western cattle industry, not the hard winter of 1906-7, which, he states, did not cause nearly as much mortality among the cattle as was reported.

net result, however, is that the ranchers of the western plains are not making nearly as much money as they did, and the Canadian Pacific Railway has lost a lot of valuable business.

BRITISH PACIFIC FLEET.
Only One Vessel on Western Coast of America.

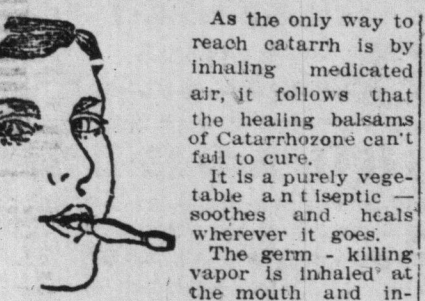

BOSTON, Mass., Feb. 5.—At the British consulate in this city to-day, it was stated that the fourth cruiser squadron, which Halifax advises will be ordered to the Pacific coast some time this year, is now stationed in the West Indies.

The only British war vessel now on the Pacific coast of America, so far as is known, is the consulate here, is H.M.S. Shearwater, with headquarters at Esquimaux, no squadron being at present attached to that base.

Nothing has been heard at the consulate regarding any movement of British vessels to the Pacific.

Protects You From Catarrh!

Just Breathe "Catarrhoxone" and You're Insured Against Colds, Coughs, Bronchitis and Catarrh.

As the only way to reach catarrh is by inhaling medicated air, it follows that the healing balsams of Catarrhoxone can't fail to cure.

It is a purely vegetable and antiseptic vapor is inhaled at the mouth and instantly spreads through all the breathing organs.

Every trace of bronchitis and catarrh is rooted out, and such health and strength is imparted that these troubles never again return.

Catarrhoxone has cured thousands, and here is quoted the experience of Mrs. James A. Tweedie, of Jay Bridge, Maine, who sent for sixteen outfits.

of Catarrhoxone for friends in her locality. This lady gives very full particulars why she did so. Her daughter, fourteen years old, had doctored for Catarrh, obtaining no benefit, tried lots of other remedies, but all failed—recalling her father to try Catarrhoxone. Instead of despairing as she had good reason for doing, obtaining Catarrhoxone, and before it was done, as she states, she was completely cured. No wonder she recommends it. Child had drooping in the throat, hawking, spitting, faster than going into consumption; could not sleep at night, and adds: I only wish any one suffering from Catarrh to give it a fair trial; any druggist will enable you to do this, for they all sell it—your money back if Catarrhoxone does not benefit you.

Complete outfit is guaranteed, price \$1.00 small (trial) size, 25c; all dealers or N. C. Polson & Co., Kingston, Ont., or Hartford, Conn., U.S.A.

Mimico Has Blisk Fire Entailing \$2000 Loss—Odds and Ends From Over York County.

TORONTO JUNCTION, Feb. 5.—Through a clever piece of detective work on the part of John Robinson, chief detective of the C.P.R., a purse lost by Mrs. Miller of 34 Whitney-avenue, at the C.P.R. Station on Monday, has been located. Leaving her chateau rather carelessly on a seat in the waiting room while she went to the baggage room with a valise, Mrs. Miller, on returning, opened the chateau and found that her purse, containing a considerable sum of money, had disappeared.

The only occupant of the waiting room when she left was a boy, but he had also mysteriously disappeared. The description of the youth, which she gave to the local police and the chief of the C.P.R., led to the arrest to-day of Frank Gibson, 14 years of age, of 123 East Annette-street. He will appear in police court to-morrow morning on a charge of stealing the purse.

MIMICO.
Local Volunteer Firemen Keep Flames From Spreading.

MIMICO, Feb. 5.—(Special.)—But for the prompt action of the citizens the village of Mimico, which has been fire swept, shortly before 10 o'clock last night, would have been a scene of complete destruction. The fire, which broke out in a building owned by George Beddingfield, near the corner of Church-street and Pilsen-avenue. The alarm was promptly given and the neighbors assisted in the removal of the contents, but the inflammation

nature of the building, coupled with the high wind, precluded all chance of saving the house, which was burned to the ground. The house was occupied by four families, named respectively Corbitt, Weaver, Johnson and E. Gibson, who occupied one room. The building was leased by Mr. Corbitt, who is a shoemaker, succeeded in removing some of his goods to a place of supposed safety, but they were afterwards burned. The loss on the building is placed at \$2000, fairly well covered by insurance. Most of the tenants' effects were saved, but the furniture of the Corbitts, who were the last to leave, was lost. The fire was caused by a gas stove, which was left burning in the dining room. The fire spread rapidly, and the building was completely destroyed.

REPLIES TO COUNCILMAN.
Says Man From Etobicoke Was Not Conversant With Facts.

Editor World: I see by The Morning World that the county councillor from Etobicoke has stated that the Commercial Hotel had no license. Now, Mr. Editor, I think that county councillor was not informed as regards the facts of the case. The Commercial Hotel, or he would not make that statement, as I have been here four years and have conducted business to the entire satisfaction of the public. I may say in justification of myself that I have been in Etobicoke from about 10 to 15 transients every day. Now, I do not want "County Councillor" to think that I know the facts of the case. I have a widely-circulated paper covers all over the Dominion, I would like for him to make the amende honorable. RANCHING IN THE WEST INDUSTRY HANDICAPPED

Conditions of Stock Raising in Various Provinces Discussed at Ottawa.

OTTAWA, Feb. 5.—(Special.)—Hon. John Dryden, ex-minister of agriculture for Ontario, presided at the annual convention of the National Live Stock Association, which opened here to-day. The chief events of the morning session were the opening address by the president and an address by Hon. Sydney Fisher, minister of agriculture.

"The future of the ranching country and the live stock industry of the prairie provinces" was the subject of an important paper by R. G. Matthews of Macleod, Alta.

He took a pessimistic view of the outlook and showed the urgent need of changes in the present conditions if the industry is to live. Two serious drawbacks were noted. He pointed out that the term of lease should be extended to a reasonable time. At present the leases run for two years and ranchers are liable to a move-on order in the event of adjoining lands being opened to agriculture. Another hardship was the special taxation for school purposes.

A discussion on the question raised was led by Robt. Sinton, president of the Live Stock Association of Regina, Sask.

At the evening session interesting papers were read by Duncan Anderson, of Orillia, Ont., on "Conditions and needs of the stock raising industry in the various provinces," and by John Gardiner, of Highgate, Ont., on "The best means for regaining for Canadian breeders the Canadian market for pure bred stock."

Oversubscribed in London.
LONDON, Feb. 5.—The manager of the Bank of Montreal here states that the issue of £400,000 4-1/2 per cent. debentures of the Montreal Street Railway at 96 is over-subscribed. The list opened Tuesday morning and closed the same afternoon. The success of the issue they attributed to the high character of the security and the attractiveness of the price.
