

Touring Leafs Victors Again Win at Guelph By 9 to 8

ONE-RUN FACTORY IS GUELPH STORY

All-Stars Pounded Thompson and Came Close to Tying the Score.

Special to The Toronto World. Guelph, Sept. 20.—The barnstorming Toronto Ball Club, champions of the International League, with Manager Larry Lajoie at the head, paid Guelph a visit today and played a game with an all-star aggregation made up of ex-Canadian League players at the Exhibition Grounds.

The champions received a royal welcome from the Royal City, a splendid crowd numbering about 1500 turning out to see them perform. The day was perfect for good baseball and they thoroughly enjoyed the game, as they have not any baseball here for over two years.

The Leafs managed to win by a score of 9 to 8, which excited the crowd. Mayor Newstead extended a welcome to the city and congratulated the Toronto team on winning the International League pennant. Guelph worked for the Leafs for five innings and was in a form, winning only three hits and one run, while Tommy Thompson was hit hard in the seventh and eighth innings, allowing seven runs and six hits.

Justin pitched for Guelph for six innings and was hit to all parts of the park for nine runs and twelve safeties. Hersche pitched three innings, and the Leafs failed to score on him. There was no hitting features, as the grounds were not in good shape, not having been used since the Canadian League days.

Toronto scored four runs in the first inning on hits by Truesdale, Whitman, Blackburne and Warhop, a pass to Jacobson, and Lajoie's dent in the ribs. They scored one in the second on Lajoie's single and Truesdale's double, and three in the fifth on passes to Whitman and Blackburne, and singles by Lajoie, Schultz and Lalonde.

Guelph scored one in the first on a double by Forgue and errors by Blackburne and Lalonde. There was no more scoring for Guelph until the seventh, when five runs came across the plate. Armstrong singled, Kelly going to safe one to centre, and both advanced a base on a passed ball. Thompson then hit another wild pitch, and Armstrong and Kelly scored. Hersche going to third, Forgue struck out. Dinmore singled to centre, scoring Hersche. Kelly was thrown out by Truesdale's error. Lalonde was safe on Truesdale's error. Lamond then sent Dinmore and Gadsby home with a single to right. Guelph got two more in the eighth on passes to Armstrong and Forgue, and a single by Kelly. They went out in order in the ninth. Both teams left for Toronto tomorrow.

WHO WILL BE THE HERO OF THE 1917 WORLD SERIES?

When an ambitious athlete takes a seat on an obscure part of the Giant bench and holds it for three or four seasons he is very likely to blossom forth into a star. Among the most notable of those who went thru this course of seasoning is Rube Marquard.

McGraw has just produced another boy who bids fair to equal the feats of the tall Reuben. He is Ferdinand Schupp, the dark-skinned, frail left-hander who has been making a niche in baseball history since he was called for regular duty. Ferd was in the rear trenches for several seasons, but all the while John J. figured that the boy would some day stand up well before the fire of the first line. And his calculations have been vindicated.

Schupp, many critics believe, will down the White Sox if he is started in the coming world's series clash. In fact his boosters think that Eddie Collins and Joe Jackson, two stars of the White Sox slugging section, will have lots of trouble with Schupp. The two mentioned are left-hand hitters.

FIRST TWO GAMES IN CHICAGO SERIES OPENS OCTOBER SIXTH

Second Game Following Day, Then a Day for Traveling and the Next Two in New York—Soldiers Are Remembered by Commission.

Cincinnati, Ohio, Sept. 20.—When the silver ball-games were played by the Detroit club, fell all up, after President Harry Hempstead, of the New York Nationals, had called "needs," the National Baseball Commission here today officially announced that Charles Comiskey, owner of the Chicago Americans, had won the toss and had the privilege of saying where the first game of the next world's series would be played.

Shortly afterward it was announced the series will open on the grounds of the Chicago Americans, on October 6, while the second game will be played there on Sunday, October 7. On October 8 the two ball clubs will be found traveling on their way to New York, where the third and fourth games of the series will be played on October 9 and 10. October 11 will see the players traveling back westward and the fifth game, if five games are necessary, will be played at Chicago. Then in case another game is found to be required, a two-day wait will take place Saturday, October 13, and Sunday, October 14, being open, and the sixth game being played at New York, October 15.

The first toss made by Mr. Navin fell on the floor, after Mr. Hempstead had called "heads" and was declared a "heads" and the game which happened to the second toss, but in each of these tosses was found to be a "heads" and the game which happened to the third toss had stayed on the table. Comiskey was declared the winner.

The commission selected Umpires O'Loughlin and Evans, of the American League, and Umpires Klem and Rigler, of the National League, to officiate. That the soldiers who are now doing battle for the country, as well as those who are preparing to fight for liberty, were remembered, was indicated by an exhibition game before the soldiers, which will be held at Fort Sheridan, Ill., on October 21. The exhibition game will be held at Fort Sheridan, Ill., on October 21. The exhibition game will be held at Fort Sheridan, Ill., on October 21.

Some Remarks on the Premium Placed on Putting

There has been a little agitation of late concerning the premium placed on putting, and while I do not think that any of the suggestions of the agitators are of any value, I think it is worth the trouble to make some remarks upon the subject, making interesting reading. Today I desire to add my mite to the list of remarks, and to do so I will attempt to put the matter in a way that is not only interesting, but also of some value to the reader. It would seem that the agitators are of the opinion that the premium placed on putting is too high, and that it should be reduced. I think, however, that the premium is just what it should be, and that it should not be reduced. The reason for this is that the premium is a necessary part of the game, and that it is what makes the game interesting. Without the premium, the game would be a mere matter of chance, and it would not be worth the trouble of playing. The premium is what makes the game a test of skill, and it is what makes it a game that is worth the trouble of playing. I think, therefore, that the premium should not be reduced, and that it should remain as it is.
