

which about \$5000, it is estimated, will be realised from unpaid subscriptions.

The Session regret that the contributions to the Schemes of the Church, and to other work outside of the borders of the congregation, have been so small during the past year. Though equal to those of previous years they are not by any means as large as might be reasonably expected from the number and wealth of the congregation; and though the contributions for congregational purposes have, upon the whole, been liberal, yet in the vast field of mission work, both home and foreign, we have done but little.

It is worthy of record that the Kirk-Session voted unanimously in favour of the "Basis of Union" sent down by the Synod, and the congregation were also unanimous with the exception of two dissentient voices.

The *Presbyterian* is supplied as usual to each family of the congregation on the first Sabbath of every month.

The amounts contributed by the congregation, and under the control of the Session, during the past year, of which a detailed statement is appended, have been as follows:—

REGULAR WEEKLY COLLECTIONS.....	\$1047 81
FOR SCHEMES OF THE CHURCH—	
Ministers' Widows' and Orphans' Fund	\$ 94 00

	327 30
Collection at Opening of New Church	506 35
Other purposes	354 38

Total.....	\$2619 84

All of which is respectfully submitted.

WILLIAM HAMILTON, *Clerk*.
