MRS. WILSON STARTS "SIMPLE LIFE" PLAN

Washington Society to Wipe Out Social Activities and Exercise Close Economy

Washington, April 16.—Mrs. Woodrow Wilson, wife of the president; Mrs. Thomas R. Marshall, wife of the vice-president; and the women of the cabinet have inaugurated a "simple life" movement in aid of economy and efficiency during the war, so as to be able to devote more time and money to constructive preparedness and relief work.

In this "simple life" movement, Mrs. Wilson, and the women of the nation to follow her example, will reduce their living to simple form, deny themselves unnecessary expenditures while the war continues, omit the usual form of entertaining and calling, and virtually wipe out their social activities. No formal announcement of the inauguration of this movement has been made, but a member of the cabinet who was asked for a statement of the facts in the case, furnished the following:

Mrs. Wilson, Mrs. Marshall and the women of the cabinet, realizing some of the problems that this country will have to face as a result of our being in a state of war, have resolved to reduce their living to a simple form, and to deny themselves all unnecessary expenditures while the war continues. They have decided to omit the usual form of entertaining and calling, and to eliminate largely their social activities, so that they will be enabled to give more time and money to constructive preparedness and relief work. In the management of their domestic economy they pledge themselves to buy inexpensive clothing and simple food, and to watch and prevent all kinds of waste. They believe that the time and energy of the country could be given to the conservation of all its resources and the cultivation of all available land for the production of food that it may be able out of its abundance to help those who are in such desperate need. They make an appeal to all the women of America to do everything in their power along these lines, not only as individuals, but by organizing to prevent actual suffering later on, and to hasten the end of the struggle for real democracy.

RECENT DEATHS

Mrs. Thomas Rankine
The death of Mrs. Thos. Rankine occurred on the 5th inst., at Westville, N. S., at the age of 58. Mrs. Rankine was formerly Miss Grosbie Harquail, daughter of John Harquail of Dalhousie, who for years was a trusted official of the town. When news of her serious illness reached her friends her father rushed to Westville. All that medical science could do was done to save her. Before going to live in Nova Scotia, she had been employed for a considerable time at the Central Telephone Exchange in Dalhousie and her extremely kind, polite and obliging manner made her very popular with the subscribers. Apart from that she was a great favorite in the town. Mr. Rankine came out from Scotland seven years ago. He is a brother of Wm. Rankine who is in the trenches. Besides her husband and one child Mrs. Rankine is survived by her parents, Mr. and Mrs. John Harquail, Dalhousie; three brothers, Joseph, tailor of St. John; Vincent, working in an ammunition factory in New Glasgow, N.S.; and Augustus in Saskatchewan, and five sisters, Mrs. Robert Rankine of New Glasgow; Mrs. Aug. If You Want Evidence

That Hemorrhoids, or Piles, Can Be Completely Cured Lead These Letters—Both Are Sworn Testaments

Toronto, Ont., April 16.—Next to personal experience the sworn statements of reliable people is the strongest evidence obtainable. If you have any doubt that Dr. Chase's Ointment will positively and completely cure piles, these letters should convince you.

Mr. Samuel Parker, fruit grower, Grimsby, Ont., has made the following declaration before M. W. Kidd, Notary Public of the same place: "I do solemnly declare that I was troubled with bleeding piles and was advised to go to the hospital to have an operation performed. My wife said, 'No, get a box of Dr. Chase's Ointment. I did so and have used it according to directions while living in Manitoba and obtained a complete cure, for I have never been troubled with piles since. I am now seventy years of age and want to recommend Dr. Chase's Ointment to all sufferers from piles. My wife has used it for itching skin and obtained complete cure."

Mr. Donald M. Campbell, Campbell's Mountain, N. S., writes: "I have used Dr. Chase's Ointment with great success for hemorrhoids or piles of fifteen years' standing. After trying all kinds of so-called pile cures, three boxes of Dr. Chase's Ointment gave me a complete cure. The latest in Serpents, Worms and Twines, in all shades, in up-to-date style.

Physician Was Drug Smuggler?

New York, April 16.—The arrest of Dr. Riley C. Hammers, of Tampa, Fla., on a charge of violating the Harrison anti-drug law, was considered of sufficient importance by United States Commissioner Hitchcock to hold him in \$50,000 bail.

Arrests of several men and two women are expected in the efforts of the internal revenue department to discourage the extensive smuggling of heroin, morphine, cocaine and similar drugs into the United States from Cuba and Mexico.

When Dr. Hammer was arrested in the offices of the Adams Express Company at 32 Trinity place, New York, he had \$8,700 in his pockets, \$1,700 of which John Peake, a revenue agent, testified he had just paid to him for 25 ounces of heroin and 25 ounces of morphine.

Peake said that Dr. Hammers had been under surveillance at Tampa for several months.

"I went to Tampa and represented myself to be a dealer in illicit drugs in New York and began negotiations for the purchase of a supply," Peake testified. "The result was that I came to New York with Dr. Hammers, gave him \$1,700, obtained 50 ounces of the drugs, and caused his arrest by city detectives."

Commissioner Hitchcock was told that while negotiations for the drug had to be conducted in Tampa, the smugglers there insisted upon delivery in one or another of the express offices in New York.

From Florida and the Mexican border drugs in 50-ounce packages had been sent to fictitious names in care of the express companies in New York. By presenting the express company's receipt for the shipment at the point of delivery, the person to whom the drugs had been sold could obtain them. Not less than 50 ounces was sold at one time, it being believed that government agents would not put up \$1,700 to make an arrest.

The drugs seized when Dr. Hammers was arrested were pure and the alleged payment represented \$84 an ounce. The dealers in New York dilute the pure drug with a neutral powder, one ounce of the pure drug making about eight ounces of the powders sold to drug addicts. The distributors here usually sell the
