

[1869.]

CANADIAN SCHOOL SLATES.

THE public in general, and all parties interested in

CANADIAN MANUFACTURES,

will please take notice, that these beautiful Slates are now being manufactured by THE DANVILLE SCHOOL SLATE COMPANY, at GANSONVILLE, NEAR DANVILLE, PROV. QUEBEC, and are taken from a vein of Slate discovered in the Quarries now being worked by THE DANVILLE SLATE COMPANY, and which they are now offering to the public in the confident belief that, on one trial, they will be pronounced superior in touch, durability and finish, to any article heretofore produced.

A moment's trial with the pencil will demonstrate the peculiar qualities and superiority of this article over any other now known.

All orders addressed to the undersigned, who has been appointed their General Agent, will receive prompt attention.

ROBERT MILLER,

MANUFACTURING STATIONER,

MONTREAL.

CARTER'S

COMBINED WRITING AND COPYING

INK.

THIS Combination Ink has been awarded the highest Premiums over all others in New York, Boston, and Baltimore, and is pronounced by the most celebrated Chemists the best Ink ever offered to the public.

It is used by many of the largest Commercial Houses, Banks, Railroads, and other Corporations, and gives perfect satisfaction.

It possesses the following advantages over other Inks, viz:

- First. It flows freely from the pen, and does not thicken by exposure to the air.
- Second. It will give a perfect and instantaneous copy.
- Third. It will not mould.
- Fourth. Being equally as good for Copying as for Book-keeping, it entirely does away with the use of two kinds of Ink.
- Fifth. It is more permanent than common Ink.
- Sixth. The color, when first written, is a beautiful dark green, but that remarkably short time it changes to a BRILLIANT JET BLACK—not a breakable black.
- Seventh. It is admirably adapted to the most delicate writing, and does not make its mark.

This Ink is warranted to flow as freely as Stephens', Arnold's, or any other Writing Fluid now in use; to give as perfect a copy as any Copying Ink; and not to mould.

ROBERT MILLER,

Agent, MONTREAL.
