Prime Minister Says Aim of Party is to Cut Cost of Living
FACTS OF LUNENBURG SIGNED TODAY

LIBERAL POLICY AGAIN EXPLAINED BY PREMIER KING
It is to Reduce Production Cost and the Cost of Living.
GO HAND IN HAND
The Debt Reduced \$35,000,000, He Says, and Outlook Improved.

Warton, Ont., Aug. 29.—The Liberal Party has two great objectives before it, declared Premier King to a crowd of over two thousand people at the riding of North Bruce, here this afternoon. "One is to reduce the cost of production and the other is to reduce the cost of living to the people. The two go hand in hand."
The Liberal Party, he continued, had taken the sales tax off certain articles that the producers and consumers might be relieved of a large measure of direct taxation, and production from the country's natural resources might be increased.

The Premier said that it was impossible to meet at once all the obligations left for the Liberals by the Union Government. Many matters, such as aid to soldiers, grants to the National Railway and help for the Merchant Marine, had to be taken care of by his Government.
The Premier announced, however, that the balance sheet was taking a very decided turn for the better. The Premier quoted figures to show a decrease in the public debt of \$35,000,000 for the fiscal year, the first time such a thing had happened in 10 years, although he pointed out there was no possibility of such a thing during the years of the war.

BATTLE AT CANTON AND SHOPS BURNED
First Clash in the Civil War in China—Shanghai Anxious.

London, Aug. 30.—Civil war between the provinces of Chekiang and Kiangsu, with Marshal Chang, Tso-Lin, General Wu Pei-Fu and Dr. Sun Yat Sen in the background, ready to aid and encourage warring factions, is now inevitable, unless General Lu Yung-Hsiang voluntarily gives up control of the Shanghai district, according to a Reuters despatch from Shanghai.
American Warships Arrive.
Shanghai, Aug. 30.—(United Press).—Four United States destroyers steamed up the river and dropped anchor opposite the city today, to reinforce the other American warships there to protect American lives and interests in the impending civil war. The river is now filled with foreign man-of-war whose commanders have announced a strict neutrality would be maintained, but that their several countries' interests would be protected at any cost.

London, Aug. 30.—(United Press).—Troops of Dr. Sun Yat Sen clashed with volunteer forces at Canton today and set fire to the city, destroying fifty shops, according to a Central News despatch from Hong Kong. Sun Yat Sen now threatens to bombard the city, and has warned all foreigners in the city to remain indoors.
The trouble was the direct outcome of Sen's seizure of a consignment of 4,000 rifles, 800 machine guns and half a million rounds of ammunition, consigned to the volunteer army, which Canton merchants had recently organized to protect their lives and property.
The war lord permitted the munitions to be landed, but then immediately set them, alleging the mobilization of the volunteer corps threatened his existence as president of South China.

Woman Doctor Says Smokers' Teeth Best
London, Aug. 30.—Dr. Mary Stewart Deacon, of Birkenhead, speaking at the closing session of the Royal Sanitary Institute congress at Liverpool, suggested that smoking acts as a preventative against decayed teeth of thousands of men and women who were to be engaged in munition factories, "invariably I found," she remarked, "that the teeth of men who smoked were badly discolored by the nicotine, but they were sound right through. The class of woman engaged in munition work were certainly not heavy smokers, and I found their teeth decayed to a far greater extent than those of men."

POSTAL STRIKERS RECEIVE NOTICE
Fifty in Toronto Not Needed After September—Charge Breach of Faith.
Toronto, Aug. 30.—Fifty or more postal workers, the majority of whom took part in the local strike last June on opening their semi-monthly pay envelopes yesterday discovered they contained notices signed by Postmaster W. E. Lemon, stating that their services would not be required after September 30. The men assert that they are the victims of a breach of faith, and that the postal strike in Toronto was ended because of a verbal promise by Hon. Jas. Murdock, Minister of Labor, that all would be restored to their old posts.

Pictou, N. S., Aug. 29.—(By Canadian Press Staff Correspondent).—Lieutenants Wade and Ogden, the American world fliers who lost their plane on the flight from the Hebrides to Iceland, and who arrived here today on the American destroyer Barry, inspected this afternoon the seaplane Boston II, awaiting them here for the remainder of the flight, and decided that a new propeller was needed.

MAYOR WILL HAVE NO MORE JAZZ IN HIS BAILWICK
Chief Magistrate of Wilkes-Barre Has Very Definite Opinions.
SAVAGE, HE SAYS
Author of The Parish Priest Says Jazz is Worse Than Drink.

Wilkes-Barre, Pa., Aug. 30.—This thriving mining city suddenly has appeared upon the map as the anti-jazz capital of America.
It has remained for a sooty-skied symbol of the machine age to become the scene of a final fight between the classical and syncretized forms of music. And all because Wilkes-Barre has for mayor—an artist.
Dan Hart is his name and he is in deadly earnest. He personally wrote the ordinance that would sing the swan song of syncretism. This ordinance already has had its first reading. Soon it will be voted on.
He looks upon jazz as immoral. To his ears its jerky rhythm is anathema and its effect upon human emotions will vibrate. And by insisting on an unflinching stand he has set the mutual world vibrating discordantly.
"But Mayor Hart is not to be budged. He says he has first-hand evidence and stands pat. No reformer or 'blue-law' gent is Dan Hart. He is known far and wide as a 'most liberal' mayor. He has refused to allow any municipal laws to interfere with amusements and has gone to bat on this matter more than once.

A Thrilling Experience.
The story was related yesterday by Lieut. Neville on coming aboard the Richmond after 70 hours of duty on the coasting and fishing schooner, George Neville, United States Air reserve, in charge of fuels and supplies at Indian Harbor, and Seaman Joseph Bowl and William Cahill, at the flight of the United States Army world fliers from indefinite postponement.

THE DEATH TOLL IS INCREASED TO NINE
Even More Nova Scotia Fishermen May Have Been Lost in Storm.
Halifax, N. S., Aug. 29.—Two Lunenburg fishing schooners arriving in their home ports today with flags at half mast, out of respect for two of their crew who were drowned on Tuesday night, make a death list of nine off the Nova Scotia coast during the recent hurricane.

Use Blackmail To Raise Moscow Tax
Vienna, Aug. 30.—It is reported from Moscow that it is now the practice to take flashlight photographs of the audience at night cabarets, especially the most expensive, without the knowledge of the visitors, which can easily be done when the lights are constantly changing for "advanced" dancing displays, and then to assess the persons photographed for income tax at a fantastic rate.
If they protest they are confronted with the photograph, which often reveals them in compromising positions. The system is said to have had great success.

AMERICAN FLIERS MAY START TODAY
Fuel and Supply Keepers at Indian Harbor Have Terrible Night.
On Board U. S. S. Richmond at Ice Tickle, Labrador, Aug. 30.—So far as weather conditions were concerned last night, the prospects of Lieutenant Lowell H. Smith and Lieutenant Erik Nelson having a clear pathway across the North Atlantic Ocean from Greenland to Labrador if they decide to hopland today, were not bright.
Captain H. H. Thiesfeld, the meteorological officer stationed here to watch weather conditions, said that if the flight of the world fliers decided to take off this morning they would be received in Indian Harbor in fair weather. Nothing was heard from Lieutenant Smith's flight at any further post-ponement in the night.

They Guarded Still
Federal agents ran into two veritable Amazons when they attempted to confiscate a still on a farm near St. Paul. The girls, Florence Friemuth, 15, and her sister, Mrs. Susie Friemuth Doffing, had to be dragged, the raiders reported, before the still could be seized. The girls' father, Alex. Friemuth, was arrested as the operator of the "moonshining" plant. After unloading the guns, the agents permitted the girls to pose with their artillery.

Times-Star Fund Grows Slowly
More Babies Added to Milk List.
More babies have been added to the Milk Fund list. This is as it should be, but there are several others that might be added were the funds available. It is for this reason that The Times-Star opened its special fund for this purpose and the results, while gratifying, have not been such as to provide all the milk needed to tide these youngsters over the winter season.
There is still time to make a small contribution—every dollar will count. The need is great and the response should be accordingly generous.
Contributions to date are as follows:—

So Says Quebec's Provincial Treasurer on Return from European Tour.
Quebec, Aug. 30.—Hon. Jacob Nicol, provincial treasurer, on his arrival on the Canadian Pacific liner Melita, accompanied by Mrs. Nicol, after a two months' tour of Europe, stated that he had found the British and other European capitalists very much interested in the future industrial development of the province of Quebec and Canada as a whole.
Hon. Mr. Nicol entertained Louis Straus, a member of the House of Representatives of Belgium, and a journalist of world-wide repute, who was also a passenger on the Melita, making his first trip to Canada for many years, at a luncheon in the Garrison Club. Hon. Mr. Nicol and Mr. Straus will leave by motor today for Montreal and will later proceed to Sherbrooke.

A MODEST MAIDEN PRAISES THE PRINCE
Miss Cahill Says He "Is Just a Man and a Very Nice One."
New York, Aug. 29.—Miss Leonora Cahill, the St. Louis girl who of all the women outside her own party was the only one chosen by the Prince of Wales as a dancing partner on the Bergengaria, gave her impressions of the prince to the British throne yesterday as the ship came slowly up the bay. After the Prince departed Miss Cahill, the centre of attention, was not embarrassed by the hundreds of eyes upon her, nor was she the least bit haughty. She apparently took the whole affair as a happy incident of the voyage, and described the Prince as "just a man, and a very nice one."
"I liked him," she said, "who could help it? He dances very well. He holds you just so, not too tightly, but not too distantly either. I don't know why he picked me out. Surely there were many better looking girls, and goodness, we've been away a whole year and didn't buy any new clothes."
She said the Prince is not only an excellent dancer, but has mastered the art of maintaining an interesting conversation without sacrificing any of the rhythm of the dance.
She was dressed entirely in bottle green. Her brown hair, which was not bobbed, was kept in place by a tiny, close fitting turban.
