ARRANGING FOR CONFERENCE HERE

C. N. R. Officials Suggest
Next Tuesday for Meeting
at City Hall.

His Worship Mayor Potts this morning received a wire from C. J. Smith, chief assistant to Sir Henry Thornton, asking if it would be convenient for the port committee to meet himself, J. E. Dwyer and the foreign traffic agent of the C. N. R., on Tuesday. His Worship sent back word that Tuesday was a very busy day but he would arrange to meet at 4 o'clock that afternoon if Mr. Smith and his associates could not come at any other time but he would prefer to have the meeting at 11 o'clock on Wednesday morning.

ADMIRAL BEATTY WORK GOES WELL

Will Climb Faster From
Now On, With Good
Weather.

The eighth week of progress on the construction of the Admiral Beatty Hotel finds the work well-advanced with pouring of concrete in the columns being the main item on the programme now and for some weeks to come. The representative of Ross & McDonald, architects at the site, said this morning that concrete pouring was proceeding for the column and flooring of the second floor, with forms being erected for the third floor. Work on the first floor in this direction has been completed. The building will be eight stories in height but officials say progress from now on, provided the weather holds good, will be more marked than to date.

Excellent progress has been made on the construction of the chimney which is in the rear of the former Trinity rectory. This will rise to a height of about 110 feet and this morning the 85-foot mark had been reached. This work is being done by skilled bricklayers. The bricklaying for the power house walls also is well-advanced. The laying of stone on the ground floor has commenced now.

CHILDREN'S HOUR OBSERVED TODAY

Special Programmes in the
Pythian Hall and Lud-
low Street Church.

Pythian Castle was filled with happy-looking children this morning for a public meeting in connection with "Children's Week" and all seemed to enjoy the excellent programme arranged for their benefit. The meeting was presided over by A. G. Gunn. While the children were gathering piano selections were played by Miss Myrtle Fox, Little Mary DeWolfe had the honor of raising the flag for the "flag salute."

A Bible story was told by Mrs. G. Parker, a health story by Miss Eason, a hero story by Mrs. W. Edmond Raymond and a nature story by Dr. William McIntosh. The musical part of the programme was under the direction of J. F. Browne.

A detachment of Boy Scouts did good service in ushering the children to their seats.

A copy of the following health rules, given to each child:

Drink at least 4 cups of milk a day and 4 cups of water.
Eat some kind of cereal every morning.
Eat one green vegetable every day—potatoes daily.
Do not drink tea or coffee.
Eat fruit at least once a day.
If you must eat candy, do not eat it later than one half hour after your meals.

Play out of doors every day.
Sleep nine to eleven hours every night with windows wide open.
Brush your teeth three times a day—after meals.
Wash your hands before you eat.
Have a bath at least once a week.
Keep smiling.
Try these rules and see how much you gain in weight and health each month.

In West End.

An inspiring service was held in the Ludlow street Baptist church this morning in connection with Children's Week, with about 85 children in attendance. Rev. John Unsworth, curate of St. John's Stone church, conducted the services and told a Bible story. Mrs. Harold Lawrence gave a health talk, and was followed by Miss E. Heffer, who related the story of the brave deed of Jack Cornwell, the boy sailor hero of the Battle of Jutland. A. M. Gregg gave a nature talk. Miss M. E. Mullin presided at the organ, and Miss Jamieson led in the choruses. Mrs. L. W. Simms and Mrs. Usher Miller, members of the general committee, were present, also.

These gatherings were under auspices of the Children's Work Board of the Maritime Religious Education Council.

At Main Street Church.
In connection with the Children's Week services, a parents' meeting was held last evening in the Main street Baptist church and was well attended. W. J. McAvity was chairman and gave the opening address. The following programme was carried out: Solo, Miss Jessie Jamieson; reading, Miss Olive Estabrooke; solo, Murray Thomson; address, Mrs. A. E. Esley; address, Rev. Dr. David Hutchinson; piano duet, Mrs. Lee Hunter and Miss Hazel Flewelling.

TAKE FREIGHT OVER HIGHWAY BRIDGE

C. N. R. Terminal Agent
Places Project Before
Mayor Potts.

Clarence Pushe, terminal agent of the C. N. R., interviewed Mayor Potts yesterday afternoon in connection with the matter of using motor trucks and trailers to carry freight from the east side to the west side wharves, in order to save the toll charge made for crossing the railway bridge with their cars. His Worship suggested that Mr. Pushe take up the matter with the Provincial Government to ascertain how heavy a load they would allow to cross the highway bridge, and held out hope that if this could be satisfactorily arranged the city would not put any obstacle in the way of using this means of transportation.

It was intimated, His Worship said, that if the trucks were used the Government could handle freight more economically than by paying the toll charge for cars.

DINGLEY TO RUN TILL END OF MONTH

May Be Smaller Boat in
Winter if Freight
Justifies.

A. C. Currie, general manager of the local branch of the Eastern Steamship Company, returned from Boston and New York today on the S. S. Governor Dingley. He was accompanied by his wife and daughter Mabel.

He announced that the S. S. Governor Dingley will be withdrawn from the Boston-St. John route on either October 20 or November 1. As the latter date falls on Saturday, he said it would probably be named as the last sailing date. With regard to a service for the winter months, he said it all depended on the freight offering. If there were indications of a steady movement of freight a small boat would be secured and placed on the route; if not, there would be no service until next spring.

Among the passengers who arrived this morning on the Dingley were: Mr. and Mrs. H. C. Olive, who were visiting in the United States; Mrs. Alexander Machum and two children, who had been on a visit to relatives in Boston; Robert Sweetman and son Arthur, who had been visiting in Beverly, Mass.; and Rev. W. J. Howes of Salt Lake City, who came here on a visit to relatives.

The liner brought 80 passengers and approximately 60 tons of general cargo. She will return to Boston tonight and it is expected that she will take away approximately 300 passengers. Some local baseball fans are said to have booked passage as far as Boston on the way to see some games in the world series.

LOST HUNTER'S IN CAMP AGAIN

There Was Anxiety Over
Edward J. Noel, of
Saint John.

That his son, Edward J. Noel, is safe and well, was a message received last night by John Noel of 31 Meadow street. He received word yesterday that his son, who was a member of a hunting party in the woods back of Ennisville, had been lost and despite efforts on the part of companions, no trace of him could be found. He had been left in charge of the camp on Thursday morning, and when his companions returned he was missing. When he failed to return that evening shots were fired in hopes to attract his attention and flares were lighted, but all to no avail. Yesterday the other members of the party sent word to the city about the incident.

This afternoon came the glad news that he had returned. He had been lost but none the worse for his experience.

AT THE Y. M. C. I.

That they were getting down to the season's work at the Y. M. C. I. was said today by one of the directors. Tomorrow, at the regular meeting in the afternoon, there will be nomination of a new board of directors as the terms of those now serving will expire this month. Election will follow at an early meeting and then the department committees will take up the various branches of activity.

As Hiram Sees It

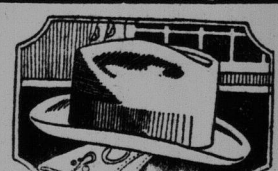

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "have you shot a moose?"
"No, sir," said Hiram, "I tame 'em."
"I remember," said the reporter, "that one Mr. Stillier tamed some very young ones. Is that your plan?"
"No, sir," said Hiram, "I just call a big feller and put a halter on him."
"On a bull moose?" asked the reporter.
"Yes, sir," said Hiram.
"I don't believe it," said the reporter.
"That's don't worry me," said Hiram.
"But it is absurd," said the reporter.
"Look-a-here," said Hiram. "This is the time of year for hunting' yams, ain't it?"
"Yes," said the reporter.
"Well," said Hiram, "I'm tellin' this one. You don't hev to believe it—just print it the same as you do all the rest. If anybody doubts it—send 'em out to The Settlement an' I'll show 'em the halter."
