THE MARTELLO TOWER.

Bank's branches were clamoring for their money, and got it, nine days before the suspension, says a Toronto despatch. That conditions were desperate must have been known to the officials a long time before the crash. The investigation will evidently make necessary a closer relation between the federal Department of Finance and all of the banks. Ottawa should surely have up-to-date information regarding such conditions.

Secretary of State Hughes and Chief Justice Taft of the United States Supreme Court.

This is not the first warning of the sort from the Bar Association or from form the Bar Association or from the Bar Association or from the particular committee recommends that plans for a committee recomme

scribes as so alarming. The Americans were awake the such perils for a time Nelson's Ship to Be a Memorial

of the restoration of H. M. S. Victory, already time for concerted national action, but there is little likelihood of that. Mr. Average Citizen will probable to the concert of the c ably browse along until "something big happens." Will be, in the Kipling phrase, keep on doubting until he hears "the drumming guns that know no doubting the considering her 158 years—she was launched May 7, 1765—she still is in doubting the considering her 158 years—she was launched May 7, 1765—she still is in doubting the considering her 158 years—she was launched May 7, 1765—she still is in doubts?" Perhaps. Active and strong-ly organized revolution is of slow rowth. If it is in the making at least same as she was when Nelson was in it casts no shadows sufficient to give command. She still has twelve of the unusually long or severe, according to many American leaders would endorse the declaration of Professor Irving Eisher of Yale, that isolation as repards Europe is not possible for the
