### "Fruit-a-lives" Conquered Nervous Prostration

R. R. No. 4, Gilbert Plains, Man.

"In the year 1910, I had Nervous  
Prostration in its worst form; dropping  
from 170 to 115 pounds.

The doctors had no hope of my re-  
covery, and every medicine I tried  
proved useless until a friend induced  
me to take "Fruit-a-lives."

I began to mend almost at once, and  
never had such good health as I have  
enjoyed the past eight years. I am  
never without "Fruit-a-lives" in the  
house."

JAS. S. DELGATY.

## BIG DECLINE IN LIVE STOCK IN UNITED STATES

Washington, Feb. 1.—Value of live  
stock on farms and ranches in the United  
States has decreased more than two and  
a quarter billion dollars during the last  
year and the amount of live stock about  
ten million.

Cattle and sheep decreased a number  
more than four per cent. and swine more  
than seven per cent. There was a de-  
crease in the value of more than half a  
billion in milk cows and about the same  
in other cattle, while swine showed a  
decrease of almost half a billion dollars,  
and sheep almost a quarter of a billion  
dollars.

## MORE ACTIVITY IN CLOTHING TRADE

(Toronto Globe.)  
An increase in production is being no-  
ticed by employers of the clothing  
trade in Toronto. In one instance the  
increase is marked, and is reported more  
than 20 per cent. since November. This  
important improvement of labor condi-  
tions in the industry was the point em-  
phasized in discussing general condi-  
tions. "I can't give the exact figures,  
but our production is now quite satis-  
factory," said General Manager Rogers  
of the Canada Clothing Co. "This is due  
to the fact that we put up against the  
workers' organizations. A year or more  
ago a general strike was called in the  
industry, which lasted for seventeen  
weeks, costing us thousands of dollars.  
A settlement was finally made, but  
within a few days we were faced  
by fresh demands. We shut the power  
off, discharging our labor, and then em-  
ployed instructors to teach English  
speaking workers. We are now doing  
very well on production."

Mr. Rogers said the company was  
forced to make a stand because of re-  
strictions which clothing workers' union  
were placing upon output. He de-  
clared union regulations had become so  
severe that a worker was permitted to  
press only so many garments per day.  
This was costly and increased the price  
of garments.  
A representative of another section of  
the trade, which has an arbitration  
board, with an independent chairman to  
deal with labor disputes, reported that  
production was increasing.  
"We are doing it by conferences with  
employees," said he. "We call them to-  
gether and explain the situation, telling  
them there must be an improvement.  
We are getting results, and while the  
process may be slow, we believe these  
results will be permanent."

PRICES OF DRY GOODS  
REBOUNDING, SAYS HAHN  
Campaign to Get Public to End "Buy-  
ers' Strike" Proposed to New Jersey  
Retailers.

Atlantic City, Feb. 1.—Following a re-  
cent sharp decline, forced by the "don't  
buy" policy, prices in the retail dry  
goods market were rebounding, but the  
time was not far distant when a medium  
would be reached, Low Hahn, secretary  
of the National Retail Dry Goods Asso-  
ciation, told delegates to the annual con-  
vention of the New Jersey Retail Cloth-  
iers' Association.  
"Because of the uncertainty of condi-  
tions retailers are continuing to hold  
back," said Mr. Hahn. "The retail  
shelves are becoming practically empty.  
Manufacturers say that if retailers in the  
dry goods business hold back, while the  
orders are in normal times, only 25 per  
cent. of them could be filled. In contrast  
we see the demand becoming greater  
than the supply. However, confidence  
will soon be established and the retailers  
can expect normal business relations  
in the near future."

A. M. Loeb, a clothing manufacturer  
of New York city, proposed a campaign  
to induce the public to buy.

## PRISON FOR LIFE

Tussumba, Ala., Feb. 1.—Hamp  
Kirby, aged twenty, on trial in connec-  
tion with the killing of Dan Stephenson,  
prohibition enforcement deputy, and the  
wounding of two other officers, was  
found guilty last night, and punishment  
was fixed at life imprisonment. Kirby  
was described by the prosecution as one  
of the central figures in a plot to kill all  
prohibition agents in this section of  
Alabama.

## BUSINESS AND SCHOOLS.

Winnipeg Tribune: Business men  
need to realize that public-mindedness  
extends to the school system and it  
must not be weakened by attracting large  
numbers of men and women from the  
profession. If education is neglected and  
a low level of intelligence prevails in a  
community or a country the general  
economic situation will ultimately suffer,  
and suffer seriously. Intelligent  
business men, if they take a long-range  
view of citizenship, should encourage our  
strong men and women to stay in the  
schools. They must be given the finan-  
cial rewards and the sanctions of society  
that are commensurate with the impor-  
tance of the task. The teacher's task  
must be taken more seriously and the  
teacher must be able to respect himself  
and to command the respect of the pub-  
lic.

## TEACH FRENCH IN ALL HIGH SCHOOLS OF ONTARIO

Sir John Willison Also Advo-  
cates Exchange of Teachers  
With Quebec.

Montreal, Feb. 1.—In a short talk to  
the high school boys' Canadian Club  
yesterday, Sir John Willison advocated  
compulsory teaching of French in all  
the high schools of Ontario and the ex-  
change of high school teachers, to the  
number of two, by five or thirty, between  
Quebec and Ontario, with the object of  
breaking down the language barrier be-  
tween the two provinces.  
"It is clear that in Great Britain, as  
in the United States, experiments in  
public conduct have not produced any  
great body of opinion favorable to gov-  
ernment interference in business or in  
transportation," said Sir John, speaking  
at a Canadian Club luncheon. The sub-  
ject of his address was "The Railway  
Situation in Canada."

## WOMEN URGE THAT THEY BE NOT GIVEN THE VOTE

Ottawa, Feb. 1.—The Federation of  
French-Canadian Women, Hull branch,  
has gone on record as opposing votes for  
women in municipal, provincial or fed-  
eral elections. A resolution contends  
that "the franchise given to the women  
by the federal government is contrary  
to the best interests of the family, society  
and the country; as the law was made  
to protect the family, and the women  
measure it should be repealed in as  
brief a time as possible; the woman's  
franchise is in the hands of the law-  
maker, and she should guard the interests  
of the family; politics will make women  
lose their dignity and cause discord in  
the family."

The resolution was concluded with the  
opinion that nothing has been originated  
that would destroy and prove so fatal  
to the family and society as woman  
suffrage.  
Montreal, Feb. 1.—The possession of  
provincial suffrage for the women of  
Quebec has become a forlorn hope as far  
as this section is concerned, according  
to information received indirectly by the  
suffrage committee of the Montreal  
Women's Club. In the opinion of Henry  
Miles, M. L. A., last year's sponsor of  
the measure proposing to admit women  
to the practice of the law in the province,  
neither the measure championed by him  
in last session nor the suffrage bill will  
have a hearing this session.

## TALKS MASS ACTION BY THE UNEMPLOYED

Montreal, Feb. 1.—Determination that  
the city shall be made to provide the un-  
employed with a decent living this win-  
ter was expressed at a large meeting, at-  
tended mostly by ex-servicemen, in the  
city hall under the auspices of the  
One Big Union.  
Taking as his slogan: "No surrender,  
no compromise," P. J. Rea, a young ex-  
soldier, declared that the time for de-  
legations and talk was ended, and that  
the only way in which the unemployed could  
get a square deal was by relying upon  
themselves and using mass action.

## DECIDE VENO CANNOT PLAY WITH CHATHAM

Fredericton, N. B., Feb. 1.—The official  
ruling of the Amateur A. Union of Can-  
ada in the case of Stanley Veno and the  
Chatham club of the N. B. H. L. was  
received here this morning. It follows:  
St. John, N. B., Jan. 31, 1921.  
Clarence Wade, Secretary N. B. H. L.  
Dear Sir:—With reference to the stand-  
ing of one Stanley Veno of Chatham,  
who played in last Wednesday night's  
game with Chatham against Fredericton,  
would say that, under our ruling, this  
man is the property of the Moncton team  
of the Eastern League, and was therefore  
not eligible to compete with the Chatham  
team.

Kindly take note of this.  
Yours very truly,  
President M. P. B. A. W. COVEY,  
A. U. of Canada.

tania, and three years, who plays the  
piano with extraordinary skill, is the  
latest attraction at aristocratic tea par-  
ties in the Spanish capital. He is placed  
by his nurse on the piano stool and be-  
gins his performance without any trace  
of nervousness.

## WIRELESS TEST

Hartford, Conn., Feb. 1.—Twenty-five  
wireless operators in various eastern  
states last night were tuning up their  
radio sets in preparation for the first  
civilian trans-Atlantic wireless test. It  
is scheduled to start at ten thirty to-  
night. Three hundred civilian wireless  
operators in England and Scotland will  
be listening at their instruments for the  
test message.  
The message has been divided into

twenty-five parts, each to be sent by a  
different station in the United States.  
A station in Michigan is the farthest  
west of those taking part.  
The Maxim station recently estab-  
lished a transcontinental civilian wire-  
less relay record, sending a message to  
Los Angeles and receiving a reply six  
and one half minutes later.

from the time he was led from his cell

son, negro slayer of Sheriff R. Scott  
Hunter, went to his death at Eddyville  
jail yesterday, with a plea for divine  
mercy on his lips.  
Eliason confessed to having fired the  
shots, but maintained he thought he was  
firing at negroes who had threatened his
