THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, MARCH 30, 1920

A Message From "Alice"

St. John, N. B.,
March 29th, 1920.

Dear Mary,—

Since writing you last, I have secured a position with the New Brunswick Telephone Company as an Operator.

I am going to tell you about some of the things we do here.

In the first place, we employ a large number of girls. They like their work and that is a big advantage for them. They are contented and happy.

We are taking on new girls all the time and right now we are looking for a lot. We want them whether they know anything about our business or not, and we will undertake to teach them something useful, and give them a job worth while.

The work is interesting and agreeable, and is the kind that makes you feel as though you had accomplished something when the day is done.

We have a lot of things that some places are just beginning to put in. I know we are one of the first Companies here to give our employees a Life Insurance Policy. Each of us get an Anniversary Bonus at the termination of each year's employment.

Did you ever hear of the beautiful Rest Room we have here, all furnished in wicker furniture with pretty cretonne curtains in the windows. There are books to read and—of course—a Matron to look after us if we are ill.

I could write you a lot more, but come in and see the Chief Operator of the New Brunswick Telephone Company at 22 Prince Wm. St. She can tell you more about the good chances we have. There are a lot of them, and they pay good money.

Your friend,
ALICE.

P. S. Read my fourth paragraph again.

NEW STORE ALMOST READY FOR PUBLIC

Jacobson & Co., 675 Main
Street, to Have Model Store
—Wonderful Improvements
Inside and Out.

After having had their store in the hands of the best local decorators, painters, and carpenters for nearly three months, Jacobson & Co. are once more ready to open their doors to the public at 675 Main street.

Naturally, the changes that can be made in this period of time are many. The fixtures, the modern show windows, the display features throughout the entire store are really good to look at.

Another change that has been made is in the name; from now on the signature to all his advertising will be Jacobson & Co.

Great as have been the additions to their stock of clothing, they are also adding an extensive line of furniture, which will turn their business into that of home-outfitter, to the last letter.

Their new line will be kept up-to-the-minute and complete; this as service to the public and especially the North End shoppers, which will be appreciated.

A large staff will be required to handle the new store and the expected increase in business; an extensive programme of economical merchandising is being tried out, the basic principle of which is: Smaller profits, quicker turnover.

The site of the new store is identical with that of the other store, the change in numbering being in accordance with the by-laws regarding the numbering of all business accurately.

Further and more definite announcement is expected shortly.

A new agreement with the miners of the United States will become effective on April 1, giving them a twenty-seven per cent. increase.

HOSPITALS ARE WORTH WHILE

Dr. White Heard by Rotary
Club in Instructive Address.

A good hospital is one of the best life insurance or accident insurance policies which the residents of any community can have, said Dr. W. W. White, in an address on surgery before the members of the Rotary Club after their supper in Bond's last evening. In an address of intense interest and one in which a serious subject was brightened at times by touches of humor, Dr. White reviewed the development of surgery, told of some of its traditions and dwell more particularly upon the place it now holds in the life of civilized people. Remarkable for its lucidity, like the character of David Copperfield, whose conversation always led to some reference to head of King Charles, anything he had to say always seemed to end in reference to hospital problems, he told briefly but convincingly of the need for the best possible provision for the needs of the local hospital. J. King Kelley, K.C., presided and introduced the speaker.

During the evening three new members, Thomas Macaulay, John Kimball and Charles Baillie, were introduced. Several naval cadets from the steamer Somerset were guests of the club and Captain Mulcahy thanked the club for the hospitality extended to them.

G. A. Margets secured a dozen volunteers for the trip to Charlottetown and almost as many for a tournament bowling team.

A. E. Everett drew the attention of the members to the plans for the convention at Atlantic City next month.

CHURCH SENDING OUT S. O. S.
London, March 29.—The church has fallen on evil days and many parishes are sending out the S. O. S., Rev. J. Oatmeal-Robinson, vicar of Bedford Park, declared. "The idea of a cheap church, cheap vicar, cheap curate, cheap music master, cheap verger in the midst of extravagant riches is one of the reasons why we are so poor and have to fall back on pious ancestors for our upkeep."

STYLE

at lowest cost.

Made in Canada, on a very large scale, in one of the best equipped and largest corsetries in the World, D & A corsets give style, wear and comfort at lowest possible prices.

Ask your Corsetière to show you a D & A.

There is a model for every figure.

Dominion Corset Co., Quebec, Montreal, Toronto.

KING FEISAL ON CONDITIONS

Tells Why He Adopted
Course and Speaks of Relations With Allies.

Paris, March 30.—Prince Feisal, who was recently proclaimed King of Syria, has given an interview to the correspondent of the Petit Parisien, in which he explains why he was prompted to accept the crown. He declared that the hesitations of the Entente in its policy toward the Asia Minor settlement were responsible for his action.

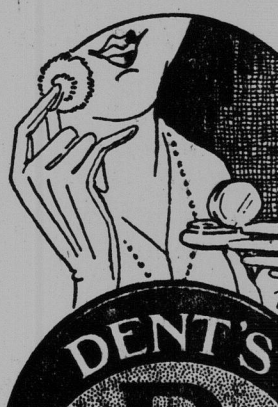

He said that decisions taken one day were changed the next, and this uncertainty on the part of the Allied powers led him to accept the crown without any further waiting.

"The policy of one day giving Palestine to the Jews, the next day granting it to Great Britain, then offering France a mandate over Syria, obscurely defined and which might any day be transformed into a protectorate without the wishes of the Syrian people, led me to act at once," said Prince Feisal.

Concerning the possible refusal of the Allies to recognize either the independence of Syria or his own position in the situation the Prince had this to say:—"I refuse to consider such a hypothesis. If, however, it should occur, neither my people nor the enemies of my people, nor myself, should be held responsible for the consequences. We do not wish to be enemies of the Allies, but friends with them. However, this is possible only under certain conditions."

Minard's Liniment For Dandruff.
PATRONS BUY A HOTEL TO AVOID BEING HOMELESS.

London, March 29.—Patrons living in a residential hotel in the Lancaster Gate district were recently given a fortnight's notice to quit on the grounds that the hotel was to be sold. Realizing the difficulty of finding some place else to live, they solved the problem by buying the hotel themselves. There were seventy at the hotel at the time. They formed a syndicate and bought the hotel and all its furnishings. The place is now run on lines of a residential club. The hotel is run just to cover expenses and the fees of the residents are about half what they were before.

DENT'S GLOVES

Two centuries of leadership in the glove industry of the world justify the general belief that it's good taste and good sense to insist on DENT'S.

1-22

COUNCIL PASSES THE PAVING BILL

A special meeting of the common council was held in the city hall yesterday afternoon when the much-discussed paving bill was up for another review. Minor changes were made in certain sections and the bill was finally passed and ordered printed.

Mr. Thornton again brought to the committee the need for new automatic scales and a overhead track system of conveying meat in the city market. The building, he said, would be cleaned and renovated this spring and new scales would be installed but while this work was underway it would be wise to install the overhead track system. The cost of the work, track and scales would be around \$1,000.

The matter, on motion, was left to Commissioner Thornton with power to act.

A horse, part of the equipment of No. 1 Fire Station, which has been incapacitated for the last few weeks, was, on motion of Mr. Thornton, sold to Thomas Hayes for \$175.

With regard to the condition of No. 1 wharf, West End, Commissioner Bullock reported that a diver would be employed to look at the base of the structure and would make a recommendation to the city engineer on his findings.

Tobias & Ferris asked for an additional \$860 on their contract for excavation for the water department in King Square last year. The amount is made up by the difference between \$110 per cubic yard paid and \$150 now asked. Commissioner Jones is to report today.

SKY WILL LOOK LIKE GAY WHITE WAY, IS PREDICTION.
Chicago, March 29.—In twenty years the sky in New York will look like Broadway and 42nd street. Frederic Handley Page of the English airplane industry, said when asked if there would be air jitneys in the future. "It isn't even a future," he explained. "It's just development, not theory. We have a line running regularly between London and Paris. Have carried 4,000 passengers without an accident. As the industry standardizes there's no reason why there shouldn't be lines here, there and everywhere."

Reports of much good work done were given yesterday at a meeting of St. Monica's Society in the Knights of Columbus rooms, Coburg street, Mrs. D. P. Chisholm in the chair. The secretary, Mrs. D. C. Dearborn, was instructed to write Hon. Dr. Roberts to the effect that the society had registered itself in favor of mothers' pensions. Mrs. John Owens reported for the Immigration committee, Mrs. A. J. Mulcahy for the visiting committee to hospitals, and Mrs. W. E. Scully for the good works committee.

MARY PICKFORD SCORES TRIUMPH

Seen in New Picture, "How Could You, Jean?" at the Unique.

Appearing in a role no less fascinating than any of her previous portrayals, the inimitable Mary Pickford was seen in one of her Artcraft photoplays, "How Could You, Jean?" at the Unique yesterday. Both pictures and star demonstrated their popularity with emphasis and Miss Pickford was able to add another artistic characterization to her famous gallery of picture portrayals. This is an excellent photoplay based upon the story of the same name by Eleanor Hoyt Brainerd which was published serially in the Saturday Evening Post. Two other good reels were shown and proved to be very interesting.

Yesterday in Parliament

Ottawa, March 30.—Dr. Michel Steele of South Perth moved a resolution in the commons yesterday urging that steps be taken to educate all aliens to higher standards of Canadian citizenship. It was adopted.

William Duff of Lunenburg urged that the government and marine department develop Canadian fisheries to the greatest possible extent. The debate was adjourned by Colonel Peck.

Hon. Mr. Howell tabled copies of draft conventions and recommendations adopted at the international labor conference, Washington; also orders-in-council ratifying treaties of peace with Serb-Croat-Slovene and other minorities.

—and Seal Brand Coffee—

Nothing else will do
No other can compare with Seal Brand. MIX YOUR BRAINS WITH PRINTERS' INK— EARN \$100.00 WEEK

YOU CAN DO IT—LEARN TO WRITE ADVERTISING IN YOUR SPARE TIME

THOUSANDS of men and women everywhere are earning big money writing advertising. Many are getting more than \$100.00 per week. Plenty have opened advertising offices of their own. Why don't you get into the game, too? Men and women in other lines with little writing experience have doubled and tripled their earnings after getting into the fascinating profession of advertising. Ten times the number of men and women now engaged in this profitable occupation are needed. Fine, big paying jobs are waiting for men and women who know how to fill them.

ADVERTISERS ARE NOT BORN
Good Advertisers Are Made—Advertising is Simply News—We Guarantee to Teach You Retail Advertising in Your Spare Time at Home Within a Month.

There is no mystery about advertising. It is the simplest thing on earth to learn the way we instruct you. This course is not only the most modern, but also the shortest route and the cheapest on the market today—a simplified course that eliminates hundreds of the unnecessary things contained in other courses. It is so simple that the high school boy or girl, the teacher, the clerk, the tradesman or a child can become proficient in the art of advertising.

Three great advertising men have prepared this wonderful course. Men who have spent the better part of their lives procuring and planning advertising. You don't have to know a thing about writing to understand it thoroughly. Every page in the books and the instruction papers written in plain every-day English.

The course contains separate books on the following branches: Department Store Advertising—Directed by Mail Advertising—General Advertising—Mediums—Illustrations—Circulars and Follow-Up—How to Make Layouts—Merchandise Advertising and a Most Wonderful Book of English, Self-Taught—How to Quickly and Accurately Estimate a Copy for Set Space.

This course is ten times as simple and ten times more quickly learned than any other course. A limited number of complete courses will be offered at the amazing low price of \$25.00, purchasable on the monthly payment plan. Read the free examination offer.
