Shoulder For Wilson's Man in Mexico

A DEFINITE STATEMENT

Official Notification Sent to Washington - Seventeen Lives Reported the Cost of Attack on American Farmer and Daughters

(Canadian Press)

Mexico City, Aug. 7.—John Lind, special representative of President Wilson, now on his way to Mexico, will be a person non grata to the Mexican government unless he brings "credentials in due form, together with recognition of the government of Mexico," according to an official statement issued last night by Manuel Garcia Aldape, minister of public instruction, who is acting as minister of foreign affairs, and transmitted to the United States embassy. It was also despatched by the Mexican government to the United States and to Europe. The statement follows:

"By order of the president of the republic, I declare as minister of foreign affairs, ad interim, that if Mr. Lind does not bring credentials in due form together with recognition of the government of Mexico his presence in this country will not be desirable."

Seventeen Die for Outrage

Seventeen Mexicans have paid with their lives for maltreating the daughters of Matthew Gourd, an American farmer near Tampico last week. American farmers participated in the execution of this penalty, according to information regarded as reliable, received here today. The Americans, joined by Mexican land owners in the district near Tampico, organized a posse and rode into the hills in search of the band of outlaws. The band was located and defeated in a fight and several of its members were captured. The seventeen men killed by the posse include those slain in the fighting and those put to death by the vigilantes afterwards. It is reported that twenty-four women of the Atascadero have gone into Tampico as a result of the massacre. The women are doing their best to support the truth of the case on Mr. Gourd and his daughters.

Message From Bryan

Mexico City, Aug. 7.—Secretary of Bryan sent last night the following telegram to the American legation: "I may say to the minister of foreign affairs that Governor Lind comes to Mexico on a mission of peace, his presence will contribute to a settlement of the difficulties. The difficulties should be solved by the president's communication and not give weight to misrepresentation published in sensational newspapers." The message was delivered to the foreign minister.

Increased antagonism has been aroused among Mexicans toward President Wilson's plan for the pacification of the republic by the latest news from Washington that the object of John Lind's visit here is to consult with prominent Mexicans and advise them that the only basis on which Mexico could be recognized by the United States is the elimination of President Huerta. In the Persian capital since midnight, when the snuffing and the national authorities burst into flames. Firing is going on in the main street of the city where the foreign legations are situated.

Bulgaria Compelled to Give Way By Agressive Course of Rumania - Correspondent Fears There May Yet Be Bloodshed

(Canadian Press)

London, Aug. 7.—Peace has been concluded at the Balkans so far as the former allies are concerned, but Turkey, having regained Adrianople, declares she will resist to the last, extremely any attempt to dislodge her from the city which the Bulgarians captured and held. Bulgaria's submission to Serbia, Greece and Montenegro was due to Rumania's interference. Up to yesterday King Ferdinand's government struggled to continue the negotiations, but Rumania threatened to occupy Sofia on Saturday unless Bulgaria gave way on all the points at issue.

General Nelson A. Miles, who arrived in London yesterday from Sofia and will return to the United States ten days from now, reiterated his previous statements that Bulgaria could have coped successfully with Greece and Serbia, but for the interference of Rumania. Miles is of the opinion that Britain has taken the initiative toward forcing Turkey to adhere to the Treaty of London by evacuating Adrianople, but the strong current of opinion in this country is in favor of letting the other powers pull the chestnuts out of the fire.

Kier Hardie Says Cabinet Ministers' Names Are Being Mentioned

PEACE AMONG THE ALLIES

Bulgaria Compelled to Give Way By Agressive Course of Rumania - Correspondent Fears There May Yet Be Bloodshed

(Canadian Press)

London, Aug. 7.—Kier Hardie, Welsh labor member, with brutal directness said yesterday in the House of Commons that the names of cabinet ministers were being bandied about in connection with the unsavory Queenie Gerald "white slave" case, some of the facts in which now are alleged to be suppressed by the Home Office.

Mr. Maclema, the home secretary, was not present, but the under secretary of state for the home department, Ellis J. Goring, was sitting in the chair. Robert Cecil wanted to find out why the women were not charged with being a process when letters had been found in her flat from certain prominent men. Mr. Hardie asked:—"Don't you think the publication of the names of men who tempt women by large sums of money, would act as a deterrent to this sort of vice, and again 'Are you aware that certain prominent names, including those of certain members of the cabinet, are mentioned in the rumors?'"

Mr. Griffith said he was not aware that any such names had been mentioned in the case, but if these men were guilty of any offense, they would be prosecuted, although as the law now stands, none could be proceeded against. The newspapers are getting hot over the affair. All sorts of questions are being asked and the statement is boldly made that Queenie Gerald was not in prison and Saturday, with Frederick in defence would present that she was not the principal but merely the agent for the procurement of men whose names would have been disclosed at the trial.

London, Aug. 7.—In submitting the annual financial statement to parliament yesterday, says the Wellington, N. Z. correspondent of the Times, Colonel A. O. H. Celebration of O'Connell Anniversary

London, Aug. 7.—The annual financial statement of the New Zealand government for the year ending March 31, 1913, was presented to parliament yesterday. The statement shows a surplus of £1,784,000 for the year, leaving a balance of £209,000 after transferring £200,000 to public works.

When they have been adjusted, the government will submit to parliament a policy which will recognize the principle of one control for imperial purposes and give New Zealand a more direct responsibility for and more definite interest in naval defence, and also a better opportunity for the service. It is proposed to increase the staff, arms and equipment necessary for an expeditionary force, but this force will not be called into being until an emergency arises.

His annual financial statement showed a revenue of £11,784,000 for the year, leaving a balance of £209,000 after transferring £200,000 to public works.

St. Thomas, Ont., Aug. 7.—A pretty, fair haired girl eight years of age, was taken in charge yesterday by the Elgin county authorities at Aylmer, where the child had been on exhibition as the "Mamie Haha Show" which has been in that town all week, and the spectators were shocked, when they paid their fee, to see a frightened looking child sitting in a cage surrounded with big snakes including rattlers and copperheads.

The usual position of the child was a crouching one as she had been told to keep her gaze on the reptiles. The two men in charge of the show were William Ford, of Ealing, near London and Charles Cox of London, her uncle. Both were arrested. They will be sentenced on Saturday.

The child has been traveling on the road for six weeks and was compelled to sit in a canvas bed about five feet deep and five feet square for eleven hours a day, with the reptiles. The little girl was brought to St. Thomas and placed in the children's shelter.
