New York Fashions

The varieties of styles for the season are numberless and beautiful. First in point of costliness and beauty, are the new silks in cashmere effects, in Persian Paris letter, just go to Worth's and ask to dream and meditate on the object for colors, with shot or changeable for 'Miss Mary." An English brunette which it existed. While in this grave designs. The colors for day wear are rich tones of Egyptian red, yellow, oilve, invisible greens, and rich tones of dark and medium blues, the minging of various colors so managed as to produce a soberness of effect that is very French, mediaval and artistic. On outher being, from the summit of heavenly light sent to tell me what I wish to know, and to guide my course. But the will-o'-wisp soon flitted away and vanished, leaving the streamlet more perplexed than before. Its first creed was gone. Then a rosy cloud dark travered based down to the stream of heavenly light sent to tell me what I wish to know, and to guide my course."

But the will-o'-wisp soon flitted away and vanished, leaving the streamlet that is say heavenly light sent to tell me what I wish to know, and to guide my course."

But the will-o'-wisp soon flitted away and vanished, leaving the streamlet was gone. Then a rosy cloud dark traveced based down to the total course. shades of color. Evening shades are cream, pale blue rose, blue, old gold and She is always arrayed in some one of the

in pure white, the effects produced by pattern alone. Then there are small

yard and upward, and also the black knowledged king of fashion. damasees and satin striped and moire silks that are so extensively used in trimming plain black silk dresses, likewise black all-wool and silk and wool novelties, are seen along with other goods equally well adapted for costumes composed in part of these American black silks. The stripes and designs in all the silk and wool mixtures and allwool figured goods follow the same general rules that have governed the designers and producers of all silk goods. armure, snakeskin, boar's hide, momie, and repped effects meet the eye at every turn, but, above all, stripes take The camel's-hair cloths in Chudda stripes are a genuine novelty. They are smooth finished and extremely

Among silk and wool novelty mixtures a class of goods of a rare and original character is encountered. Except for that peculiar stamp of high fashion which France imprints upon all her textile productions, one might take the rich fabrics on the counters for the The palm-leaf pattern crops out everying the combinations of the kaleidscope in one line, and the satin serve or momie them are in brocaded designs of uncut wool velvet or satin surfaces, producing the ever-recurring chameleon effect goods of this fall's production.

que browns.

In millinery there is a jet revival. Quantities of both variegated and black jet are seen on many hats and bonnets, and jet and colored tinsel glitter ad nauscam or every counter. The most-notable milliners of Paris are repre-ful wife. But he must do his part toented in trimmed hats and bonnets, but se of New York trimmers are noticeably in better taste.

riking novelties in this line is a black sle-thread stocking embruidered with edeval designs in gold-colored slik, that little distance it looks as if embruidered with the little distance it looks as if embruidered with the little distance it looks as if embruidered with the little distance it looks as if embruidered with the little distance it looks as if embruidered with life beyond the honeymoon.

What is the matter. Such is no hetter at all and when you there were a some body who will give you at least some chance to be happy far into the life beyond the honeymoon.

Not Smith's Cow. There is a certain man in Waterford whom we will call R., who is quite a man for practical jokes. He pastures his cow, together with several of his neighbors, in a pasture about half a mile steadier glories yet to be revealed. But above his house. There is a man whom we will call Smith (a name perhaps There is a man whom | the stars set. familiar to all) who lives about a quarter of a mile below, who also pastures his cow there. R.'s and Smith's cow resemble each other very much, both must have fringed your gliding way, being red and about the same size. One day last June about six o'clock, R. went what lilies you have nourished, what up and got his cow, and it being rather stars have risen to tell you their secrets early he let her feed a little in front of the house. Pretty soon Smith came work, too. You have watered the the house. Pretty soon Smith came work, too. along, and seeing, as he supposed his cow standing in front of the house, he said: "Isn't that cow intruding a little, neighbor R?" "Oh, no," said R., "not have helped to turn it into bread. neighbor R?" "Oh, no," said R., "not at all; let her eat. Sit down and tell us what you think of the election." So Smith sat down and they talked quite a stream of my life run on, with varied happiness and helpfulness not anxious the rich fabrics on the counters for the stuffs of Persia and other Asiatic lands.

The nalm-leaf pattern crops out every.

While, then he started to go, but R. happiness and helpfulness, not anxious about the unknown sea to which thou The paim-leaf pattern crops out everywhere. Oriental ideas prevail, even in
the strings of contrasting colors show.

Pretty soon Smith jumped up and said

As the streamlet listened, all the the stripes of contrasting colors, showing the cow down the street. He got and they all clustered-dancing light, her down a few rods, when she dodged rosy cloud, golden moon and serene or snakeskin effects in the alternating stripes. Most of these French India little at her and seein bedded him and back she came. Smith swore cashmeres, however, are not striped.

They show a mingling of rich colors in Oriental, Egyptian, ancient Greek, or again wheeled past him and came rushwith chameleon effects produced in the weaving. They are intended for parts of costumes, and must be sparingly used to produce the best effects. Many of them are in procaded designs of vocations are in procaded designs of vocations. ment she got past him and came prancing home. This time Smith was in a white home. This time Smith was in a white ing the ever-recurring chameleon effect observed in nearly all dress and millinery in tears, R., who had been calmly goods of this fall's production.

Black wraps, mostly dolman visites, or sack visites with elbow sleeves, are shown, profusely trimmed with jetted passementeric and fringes; but there are also a large quantity of fancy shaped cutaway jackets seen this season in a variety of colored cloths, the favor being fairly divided between the light hues of dauphin gray and drab, and the dark shades of wine color or Burgoyne, dark blues, invisible greens, and seal and canaque browns.

The teas, who had been called to stopped him and said be had a civil question to ask from a single stem. Different persons who have seen it have compared it with gard to the compared it with took in the situation at a glance, and handed out the cigars, borrowed a lantern, and went up to the pasture after his own beast, who had been called to be seen that the whole is a growth from a single stem. Different persons who have seen it have compared it with der are you trying to do with my cow?" Smith took in the situation at a glance, and handed out the cigars, borrowed a lantern, and went up to the pasture after his own beast, who had been called to be seen that the whole is a growth from a single stem. Different objects. One said it looked like a lantern, and went up to the pasture after his own beast, who had been called to be seen that the whole is a growth from a single stem. Different objects. One said it looked like a star-fish; another said it might be used as a chandelier—all it lacked was the candles. Two other large potatoes grew in the hill with it, on drained swamp iand. Uncle Bob claims the Astley belt on the strength of this produce its equal.—Rome (N. Y.) Sen. watching his operations, stopped him ask him if he wasn't the man who tried to steal R.'s cow.-Lewiston (Me.) tinel.

A Cheerful Wife.

ful wife. But he must do his part to number of genuine gypsies in the ward making her cheerful. It is easy United States has never been officially enough for a man to marry a happy woman. But the bride expectant, when A startling novelty is an owl's head as she thought how happy she would be, a trimming for misses' round hats. The demand for owl's heads exceeds the supply. A prettier novelty is a pigeon's hand going to bed without speaking to head hat trimming. The head hat trimming. ply. A prettier noveity is a pigeon's and going to bed without speaking to head hat trimming. The head is turned slightly on one side, rising from the iridescent neck and breast, and showing one ruby-colored eye with its black in the results of the pretty of the prett

evening when he wouldn't come at all or it descent neck and breast, and showing one ruby-colored eye with its black oupil.

The latest importations of dressed and undressed kids show the new colors and shades that appear in the new cross goods. The Burgoynes, navy blues, blums, browns, yellows, invisible deep sea greens, olives, drabs, grays, ecrus and all the evening shades are found in very variety of tone. A feature in the new importations are misses' gloves with short fingers, really called for by adies who have small hands and short ingers, and medium lengths for those women who have neither very short nor ery long hands.

The hosiery partakes of the oriental and medieval character of the dress goods, both in colors and designs. The osciency partakes of the oriental and medieval character of the dress goods, both in colors and designs. The cases and counters where the richest cookings are displayed reveal as starting combinations of color, are frequently coded. Chevron effects on the insten in wo colors, with the rest of the stocking at the latest first opportunity to grind the cheerfulness to understand its value in daily gife.
