The future King and Queen of Norway (Prince and Princes Charles of Denmark) are expected maining members. Prof. Prince, Camp-NEW TRIAL REFUSED.

street. In order to do this it will be necessary to construct a double track for some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will come when a very considerable composed that the time some distance along the Esquimalt line, will be seen the composed that the time som new a work which will commence in the early amount of manufacturing will be done outh before the storthing immediately in Winnipeg. It cannot be done just after his arrival

WITH JAP POLICY

KOREA ARE DISAPPOINTED

Canadian Trade Commissioner trives and I have learned that facilities are now being provided for a supply of elec-China-Situation on Sakhalien Island.

> Rev. Mr. Grierson, a Presbyterian missionary returning from Korea, was a passenger from the Orient on the steamship Empress of China Tuesday evening. He is accompanied by his wife and two children, and was obliged to leave Korea because of the changes introduced by the Japanese since the war ended. Rev. Mr. Grierson in the short time at the newspapermen's disposal aboard the ship was unable to explain the situation, as it now exists in Korea, but said he intended at the earliest opportunity to inform Canadians of what t is. In a word he says he and all Bri-

a three-years' stay in Hongkong, where ntosh.

Preliminary reports were received there, an increased number of which were don where he makes his report to the officials after which he will proceed to Portsmouth where he will be stationed

> In conversation during the few minutes that the Empress was in port

Mr. Cottier said: "I was sent to Hongkong about three back. There were still six cruisers there, however, but in all probability they will be ordered to other points be recent war, and a large force was main-

tained there."
Mr. Cottier said that the voyage from Hongkong was uneventful, except that some heavy seas were struck, which made nearly all the ladies on board very seasick. He said he was glad to return.

Among other saloon passengers on board the Empress of China were Dr. Diehl, surgeon in the United States navy; W. I. Crow, a well-known silk merchant of New York city, who has been abroad for the past six months; S. Yamanaka and party of several Japanese merchants, who are in this country to purchase goods; Dr. G. N. Lewis, who has been in Manila for some time; E. H. Low, a civil engineer; Capt. Midford, of one of the prominent steamship companies, who is

nonths' recreation abroad. Advices by the Empress speak in alnost pitiful terms of the state of affairs in southern Sakhalien. The Russian setlers have all evacuated the region, but here are no Japanese to take place. The farm houses lie uninhabited except by ownerless cattle, horses and oultry, which seem to await the arrival of human beings to tend them, and the crops stand half reaped in the fields. Many Japanese subjects had proceeded to the island, out their eyes were originally fixed on the opportunities in the northern regions, and now that the island has been partitioned, they see no temptation to remain, and are flocking oack to Japan before the winter sets in to Allan line steamer Virginian saming from Haseba Junko, a member of the diet, who visited Korsakoff recently and has just returned to Japan, complains bitter ly of the unsympathetic demeanour of the civil officials, and says that, so far from meeting with any assistance from them, it was with no little difficulty that he succeeded in obtaining a small space of land to pitch a tent. It is probable that large inducements will he

offered to settlers who are not fishermen. The Nichi Nichi Shimbun says that possibly the Japanese troops may not be vithdrawn from northern Sakhalien be fore next summer. The thermometer at night already falls to 11 degrees F., and the mountains are covered with snow, or housing several thousands of so keep the men where they are until next

FOR JOINT MEETING.

to Seattle This Evening.

(From Wednesday's Daily.) The fishery commission met again to-day and made final arrangements for the pointed by the Dominion government to investigate the British Columbia will leave this evening for Seattle for the joint meeting, which opens to-morrow Prof. Prince, the chairman of the British Columbia commission, does not expect a long meeting at Seattle. The pro-ceedings will, he expects, be somewhat of Christiania, Nov. 7.—The future King M. P. P., of this city, may not be able Charles McIntosh, will leave for Seattl a to-night.
