MAGNIFICENT BUILDING WILL REPLACE SINGLE HALL; MEMORIAL TO LATE CHARLES FAWCETT

Special to The Standard.

Sackville, N. B., May 31.—Toward the close of a remarkably interesting programme of musical and literary exercises this evening Principal Borden, of the Ladies' College, made two interesting announcements, indicating extensive building operations almost immediately. The first was that the twenty thousand dollars left the Ladies' College by bequest of the late James Hart, of Halifax, is now available and that work will begin on the new Ladies' College building...

Lingley Hall to Disappear. The other announcement is still more interesting. Lingley Hall will disappear but another and larger hall will be erected nearby. This will be called Fawcett Hall, and will be the gift of Mrs. Fawcett...

Sackville, N. B., May 31.—Mount Allison Academy and Commercial College held its sixty-sixth annual closing this afternoon. The report presented by Principal J. M. Peabody showed that the past year was the most successful in its long career. The number of students enrolled was one hundred and twenty, being the largest on record. There were sixty-two students taking the full academic course; forty-four in the commercial department and forty special students...

Teachers' diploma—Jessie Pauline Allan, Bayfield, N. B.; Alice Maud Boyer, Victoria, N. B.; Margaret Campbell Cameron, Sackville, N. B.; Gladys Irvin Dixon, Sackville, N. B.; Francis Elida Hawker, St. John, N. B.; Nellie Albia Myles, St. John, N. B.; Vera May Wilson, Chatham, N. B.

Teachers' diploma—Emma Dora-belle Knight, Amherst, N. S.

Teachers' diploma—Elaine Allison Borden, Sackville, N. B.

Teachers' diploma—Clara Sybil Smith, Sackville, N. B.

Teachers' diploma—Emeline Dora-belle Knight, Amherst, N. S.

Teachers' diploma—Elaine Allison Borden, Sackville, N. B.

Teachers' diploma—Clara Sybil Smith, Sackville, N. B.

Graduates in Penmanship. Laurence M. Bell, Moncton; Leland H. Black, Amherst; John Cameron, Sackville; John H. Chipman, St. Stephen; Cecil W. Hicks, Sackville; J. Russell King, Oxford, N. S.; Octavio Mores, Carlisle, Costa Rica; Morris Myers, Glace Bay, N. S.

Won Scholarship. The mathematical scholarship of twenty-five dollars was won by William Riddick, St. John, N. B. Millard Fillmore, of Advocate, N. S., was a very close competitor.

The following visitors have recently arrived: Miss Annie Colter, Mrs. O. Gronlund, Miss Gilbert, Mrs. W. G. Smith, Miss Annie Smith, Mrs. W. H. Hayward, Mrs. G. F. Anderson, Mrs. Paton, Mrs. Myles, Mr. and Mrs. Miss Hawker, and Miss Myles, all of St. John, N. B.; Mrs. Camber, Woodstock, Col. J. G. Chipman and wife, of St. Stephen.

Professor and Mrs. Horsfall leave in a few days for Europe, where they will spend the summer. Their itinerary includes Paris and other cities on the continent.

The Ladies' College closing took place tonight. The following is a list of the graduates:

Mistress of Liberal Arts. Eva North, Hantsport, N. S.; Mary Lockhart Porter, Windsor, N. S.

Graduated in Household Science. Two year normal course—Alice Mildred Balderston, Charlottetown, P. E. I.; Gladys Allison Borden, Sackville, N. B.; Nellie Blye Thompson, Oxford, N. S.; Vera May Wilson, Chatham, N. B.

One year normal course—Jean Blacklock Peacock, Murray Corner, N. B.

Teachers' diploma—Jessie Pauline Allan, Bayfield, N. B.; Alice Maud Boyer, Victoria, N. B.; Margaret Campbell Cameron, Sackville, N. B.; Gladys Irvin Dixon, Sackville, N. B.; Francis Elida Hawker, St. John, N. B.; Nellie Albia Myles, St. John, N. B.; Vera May Wilson, Chatham, N. B.

Teachers' diploma—Clara Sybil Smith, Sackville, N. B.

Teachers' diploma—Emma Dora-belle Knight, Amherst, N. S.

Teachers' diploma—Elaine Allison Borden, Sackville, N. B.

This morning the class in physical culture gave an interesting exhibition of physical drill on the Ladies' College lawn, under the direction of Miss Mitchell. One hundred and twenty white-robed young ladies went through various intricate movements, such as serpentine, Maltese crosses, triangles, diagonals, and Emerson exercises. The graceful movements of these young ladies called forth great applause and admiration from the large number of spectators.

ST. JOHN ASSOCIATION FOR PREVENTION OF TUBERCULOSIS ORGANIZED YESTERDAY AFTERNOON AT ENTHUSIASTIC MEETING

The St. John Anti-Tuberculosis Society was organized yesterday afternoon in the Board of Trade rooms and from the enthusiasm displayed at the organization meeting, this city and county will make a most determined effort to stamp out the White Plague.

The Officers

The new society is an auxiliary of the Provincial Anti-Tuberculosis Society. Its officers as elected yesterday are as follows: President, His Honor Judge McKewen; Vice-Presidents, Dr. M. MacLaren and Mrs. D. McEllan; Secretary-Treasurer, Dr. G. G. Kelvin; Executive Committee, Lady Tilley, Mrs. T. H. Bullock, Mrs. E. A. Smith, Mrs. W. W. White, Father Chapman, Mrs. F. S. Fisher, Dr. S. S. Skinner, Thos. Gorman, Dr. F. L. Kenney, E. L. Rising.

The First of the Campaign

Dr. Daniel, vice-president of the Prevention of Tuberculosis Society was convener of yesterday's meeting. The organization of this society for the city and county of St. John is in accordance with the policy of the New Brunswick Society which aims at having county societies as auxiliaries in all the counties of the province. Monday's meeting was the first in an aggressive organization campaign which will be carried on throughout New Brunswick.

Dr. Daniel's Opening Address. Dr. Daniel, as chairman, in opening expressed his pleasure at seeing so large an attendance. It was unnecessary for him to say how important was the subject they had assembled to discuss. A short time since, a provincial association had been formed for the purpose of combating the ravages of tuberculosis. Tuberculosis, which, along the Atlantic seaboard, more so in fact than in inland districts. For that reason the people of St. John had the keenest of interest in the formation of an anti-tuberculosis society.

Dr. Daniel mentioned having received letters from Bishop Casey and Lady Tilley, expressing sympathy with the aims of the meeting.

Dr. Lang's Motion. At the suggestion of the chairman, Rev. D. Lang moved that the meeting express its approval of the formation of an auxiliary to the Provincial Anti-Tuberculosis Society and that the organization of such a society be proceeded with at once, the society to be called the St. John Society for the Prevention of Tuberculosis.

Rev. D. Lang in making the motion mentioned the encouraging results of the formation of a Ladies' Auxiliary in Halifax and of other auxiliaries in Boston, New York and other cities. The motion was carried unanimously and Dr. Melvin was elected secretary of the meeting.

Constitution and By-Laws. Dr. Daniel mentioned that by-laws and a constitution were necessary for the new society. He also suggested that the ladies be represented upon the committee to draw up the constitution and by-laws.

Provincial Government Assists. Dr. McNevery moved the appointment of such a committee. Everyone, he said, recognized the importance of the objects of the society. The Provincial Government had recognized that importance and within a few days a committee of ways and means would be appointed to look into the matter and a grant of \$15,000 would be set aside.

Dr. McNevery's motion was carried and Dr. Daniel appointed the following committee: Thos. Gorman, Mayor Bullock, Mrs. E. A. Smith and Mrs. DeL. Carrington.

Dr. Thos. Walker. The committee retired and at the request of the chair Dr. Thos. Walker addressed the meeting.

He said the subject under discussion was one of the most important before the public of St. John at the present time. Everyone knew of the many deaths taking place in the city each year on account of tuberculosis. Steps must at once be taken to prevent the spread of the disease. To accomplish that result energetic action would have to be taken.

Dr. Walker then proceeded to tell of

what he had learned of the treatment of tuberculosis in the United States during his recent visit to that country. His attention had been devoted chiefly to New York where a complete system was in operation.

The New York System. In New York there were nineteen stations for the treatment of tuberculosis. He had visited the one connected with the Bellevue Hospital. The organization in that city was the best in America.

Dr. Fraser in the absence of the superintendent of the clinic had shown a speaker over the entire establishment.

Method of Operation.

When a patient was received at the clinic he was weighed and the history of the patient, his parents and his family was ascertained. He was given advice concerning diet and treatment. As soon as possible a nurse was sent to the patient's abode to report on his conditions, situation, etc. If it was found that the patient had not sufficient means the case was reported to certain charitable societies for assistance. If the patient neglected to report at the clinic within four days after examination a nurse searched for him and reported.

Dispensary Needed Here. Dr. Walker went on to say that a dispensary and a nurse were absolutely necessary in St. John to combat tuberculosis.

Danger Exaggerated. The doctor proceeded to say that the danger of tuberculosis should not be exaggerated, tuberculosis patient was dangerous to no one if his sputum was properly looked after.

In New York advanced cases of tuberculosis were sent to the Metropolitan Hospital on Blackwell Island. New Brunswick needed a sanitarium and was in a fair way to get one.

A Great Object Lesson. A sanitarium was a great object lesson showing the public the value of fresh air. There could be seen tuberculous patients living in the open practically during the entire twenty-four hours.

Treatment of Children. In New York on an old ferry boat was a school for tuberculous children, who were thus separated from their other children and were kept in the open air. Homeless men suffering from tuberculosis were treated in a similar way.

His Honor Judge Forbes also addressed the meeting prophesying that the city would have a successful existence.

Representative Gathering. About one hundred persons were present at the meeting which was most representative. Among those present were the following:

His Worship Mayor Bullock, Ald. Frink, Ald. Lewis, Ald. Kelley, Hon. S. N. Skinner, His Honor Judge Forbes, Rev. D. Hutcheson, Rev. W. M. P. John, E. Wilson, M. P. P. Dr. Acmerney, M. P. P. Dr. Thos. Walker, Dr. Warwick, Dr. Berryman, Dr. Walker, Dr. H. G. Addy, Dr. Emery, Dr. Pratt, Dr. Bishop, Dr. Skinner, Dr. Melvin, Dr. Inches, Dr. Corbett, Dr. Hetherington, Dr. Jas. Christie, Dr. MacLaren, Dr. McIntosh, Dr. Melvin, Dr. Goddard, Dr. Gray, Messrs. W. J. Mahoney, T. O'Brien, T. M. Burns, J. N. Harvey, D. R. Jack, O. H. Warwick, James A. Estley, Florence McCarty, L. P. D. McEllan, E. L. Rising, J. T. McGivern, E. G. Murray, James Reedy, George Blake, W. A. Dougherty, Jr., and Chas. H. Hutchings; Mrs. T. H. Bullock, Mrs. E. A. Smith, Mrs. F. S. Fisher, Mrs. Carrington, The Misses Traversa, Mrs. D. McLellan, Mrs. J. W. Daniel, Mrs. A. H. Merrill, Mrs. E. L. Rising, Miss Alice F. Walker, Mrs. L. R. Hewitt, Miss Alice M. Harquall and Mrs. Dr. H. G. Addy.

At the close of the meeting forty-two membership fees were paid.

The Work in Ottawa. While the committee was out Dr. Daniel addressed the meeting. He said he had two objects, the prevention of tuberculosis and the relief of the suffering. In 1906 Ottawa had established a society for the combating of tuberculosis. It was determined to act by means of a system of house to house visitation. The money to support the work being raised by public subscription. A nurse was secured to make the visits.

Special to The Standard. Chatham, N. B., May 31.—Chatham's hopes for diversion of the I. R. C. branch line into the heart of the town were raised again to a high pitch when Messrs. T. M. Butler, D. Pottinger, Wm. Brady and E. Tiffin, I. R. C. Commission Board, met the members of the Town Council, Board of Trade and citizens generally in a hastily called meeting at the town hall this morning.

Though but an hour's notice was given over 100 representative citizens assembled and by their earnest demeanor while the matter was under discussion must have convinced the officials present with the seriousness with which Chatham citizens view this matter and how much they feel depends on its fulfillment. At present the town is on a branch line approaching somewhat less than a mile from the business centre and consequently is greatly hampered. If the Commission and Government do not carry out the project citizens who worked so hard in the belief that supporting the Government meant railway diversion will be much chagrined.

Mr. Butler displayed plans of the proposed route which will not only put the railway along the wharves and through the town's business centre but will also open to capitalists enle-

That practical beginning, said Dr. Daniel, was the best. The visits of a nurse were productive of much better results than the distribution of literature.

The speaker proceeded to quote from the reports of the Ottawa nurse. Her work in the Dominion capital was stated to be very successful.

A Great Step Forward. Dr. Daniel stated that New Brunswick had taken a great step in advance when the provincial legislature set aside a grant for the purpose of having a commission examine and report on the extent of tuberculosis in

Special to The Standard. Wolfville, N. S., May 31.—The closing exercises of the Acadia Seminary were held in College Hall at 2.30 o'clock.

The hall was beautifully decorated with apple blossoms, the class flower of 1909, and was crowded by an interested audience. After a few words of welcome by the class President, Miss Elsie Estabrook, of St. John, the class history was read by Miss Clara Lewis. It showed evidence of careful preparation and was written in an interesting original style. A piano solo by Miss Charlotte Lawrence, 90, followed, after which the class prophecy was read by Miss Helen Messereau. Principal Robinson said the class history is generally regarded as the most interesting part of the class day exercises and this year's was no exception.

Miss Messereau a Favorite. Miss Messereau was a favorite at Acadia because of her platform ease and pleasing personality. The depicting of the future of the members of the class was replete with humor and forceful imagination. The presentation of gifts and the reading of the valedictory by Miss Eugenia Bogart, concluded an afternoon which for interest has been surpassed by few preceding seminary classes.

Horton Academy. The closing exercises of Horton Academy took place in College Hall this evening, the room being crowded to the doors. Principal Robinson was in the chair and the members of the Academy faculty occupied the platform.

The matriculating class, which numbers twenty-seven, marched into the room to the strains of the professional march which was rendered by Miss Messereau and Miss Smith. After prayer had been offered and a violin solo well rendered by R. S. Henshaw, of Wolfville, Principal Robinson addressed the school upon the work of the year. The Academy has passed into its thirtieth year, and its history in its history and the matriculating class is unusually large. Financially and in every other way the year has been most prosperous.

Principal Robinson was followed by Mr. C. S. Young, who read the class history. The class prophecy, which was well delivered by S. B. Allen, of River John, and the valedictory which was read by J. H. West, of Moncton, were both received with loud applause.

The Prizes. The prizes for the year were then distributed.

1.—Prize of \$10 donated by W. M. Black, Wolfville, for general scholarship, won by J. Hinson West, Moncton, N. B.

2.—Prize of \$10 donated by W. L. Archibald, for senior scholarship, won

Special to The Standard. Winnipeg, May 31.—Figures which are nothing short of startling are contained in the report of the Immigration Department for the fiscal year, which was issued from the local offices this morning. The year closes on March 31 and the report contains statistics for all Canada. It shows immigration to Canada via ocean ports, or in fact from Great Britain and European countries, decreased to the extent of 117,081 persons from the preceding fiscal year. This decline has not seriously affected the influx from the British Isles.

Increase From States. On the contrary the immigration of settlers from the United States, not only shows an increase over the last fiscal year, but it breaks all records for migration across the southern border. In the twelve months prior to March 31, 59,332 settlers from the United States came into Canada, bringing with them money and effects, the estimated value of which was sixty million dollars. It is computed each settler that comes from over the boundary is worth on an average \$1,000.

Interesting Summary. A summary of immigration to Canada for the past three years is as follows:

1906-07 222,702 59,263

1907-08 204,157 58,312

1908-09 207,076 59,832

Totals 533,935 177,407

Steady Stream of American Families. A lot has been said of the American invasion of Canada, but it is doubtful if the extent of the movement has ever been so pronounced as in the past year. The figures show that American farmers are crossing to the Canadian prairies in a steady stream. It is said the figures for April last will show from 10,000 to 15,000 arrivals across the border, and J. Bruce Walker, Commissioner of Immigration for Canada from the United States this

NEW BRUNSWICK STUDENTS IN LEADING PLACE AT ACADIA; MANY ATTEND THE CLOSING EXERCISES

Special to The Standard. Wolfville, N. S., May 31.—The closing exercises of Acadia Seminary were held in College Hall at 2.30 o'clock.
