

EXMOUTHS WIN FROM MONCTON

Harvard Outplayed By St. Francis Xavier

Crimson Goes Down to Defeat in Fast Game With Nova Scotians--St. Joseph's Defeat Mount Allison in First Game of Series--Rambler's Win Over Crescents--All St. John Wins.

Cambridge, Mass., Feb. 5.—Harvard was out-played in every department of the game by St. Francis Xavier in the stadium this afternoon, the visitors scoring four goals to the Crimson's one. The game was very fast, but team play was lacking in the work of both sides.

The ice was very poor and tumbles were frequent. In spite of the cold winds that swept through the stadium, a good sized crowd turned out and the Canadians had their share of supporters. The visitors won out by superior individual work, every man in the seven showing himself to be perfectly at home on skates. Toward the end of the second half their great speed was plainly demonstrated.

Gardner was forced to leave the game toward the end of the first half on account of cramps. His absence and the illness of Huntington, weakened the team appreciably, while the long period of semi-inactivity, on the poor interred seriously with the Crimson's play.

ST. JOSEPH'S THE WINNERS AGAINST MT. A.

St. Joseph's College defeated Mt. Allison in a slow game of hockey on Sackville ice this afternoon by the score of 4-2. The difference between the two teams was essentially practice and non-practice. The visitors showed fine rapid team work which was balked more by individual play by the home team than by combining.

The first goal was scored by Bourgois, the fast St. Joseph centre, within one minute after the game was called, and 20 seconds afterwards Doherty, the visitors' right wing, put in another. Soon after the St. Joseph's point was given a minute off for tripping, and 20 seconds afterwards the College Bridge forwards took the puck past the home men again, and Bourgois put it in once more. After this Mr. Allison kept the rubber pretty much in the other end, and Doherty during the last minute of that half Capt. McDougall scored Mt. Allison's first goal.

Trappell hurt. Five minutes after half time, Trappell, Mt. Allison's left wing, was hurt and the game stopped for three minutes. Trappell's return was followed by a series of close shots for Mt. Allison's goal which were ably stopped by Mr. Allison. Ten minutes before time up, Dicky Boone, cover point for Mt. Allison, got hurt in the knee, and shortly after, McKean the home team's point, and Doherty the visitors' left wing, were penalized for scrapping. Robideaux scored a goal five minutes before the bell rang during the last minute of this half as in the other Mt. Allison made her other goal which was scored by Trappell.

As a whole the playing was very clean, not one stick being broken during the game. The recent thaw and the fact that they have not a rink of their own, just about put the home team out of business as far as practice went. The return match will be played next Thursday. The lineup was as follows:

RAMBLERS TOO MUCH FOR CRESCENTS

Rambler's 5, Crescents 2. Amherst, N. S., Feb. 6.—The champion Crescents arrived in Amherst last evening about seven o'clock in a special train accompanied by about one hundred and fifty of their supporters to play the Amherst Rambler's a post-season game. The Crescents and Rambler's are leading the big four series. Up until tonight they had played an equal number of games and their standing in the league was equal. As the leading game in the league depended on the result of last night's battle the game created the greatest interest and hockey devotees from all over the two provinces, besides the special train from Halifax, there were also spectators from Parrsboro and Springhill. The supporters of the Crescents were confident of victory and the supporters of the Rambler's asked odds of 7 to 5 in the betting. It was 9:25 p. m. when Referee Frank Brown called the rival teams to center ice to give them the instructions before starting the battle. From face of the rubber went into the Crescents territory and for five minutes the veteran Bishop was kept busy warding off the shots that were generally rained upon his net. Condon finally secured the puck and got past all the Amherst players but Lang cover point White. Lang tripped him preventing scoring, but got five minutes in penalty box for offence, a moment or two later Hughes was sent to the pen for a similar fault.

With only five men on the ice the Rambler's put up a magnificent battle not only clearing their own goal, but frequently carrying the war into the Crescents' territory. Shortly after Hughes and Laing got on the ice the rubber was carried down to the Crescents and Hughes scored from a pass by Treadwell. For the next ten minutes the game was equally divided, both teams giving an excellent exhibition of clean and swift hockey, that aroused the enthusiasm of the spectators to the greatest pitch. The Chisholm and Murray got control of the puck and carried it in splendid combination play the length of the rink, Murray scoring a pass from Chisholm. The first half closed 2 to 0 in favor of the Rambler's. The second half opened with a rush and again play for five minutes in Crescents' territory, but finally cleared and taken to the front of the Rambler's net, while the Rambler's goal keeper scored for the Crescents. Striking at the puck he slipped and his mistroke landed the rubber between his own goal posts. One minute later Treadwell in one of his famous serpentine rushes carried the puck down the ice and placed it in the Crescent net. Score three to one in favor of the Rambler's. Hughes hit the Rambler's repeated the trick three minutes later. Then the Crescents woke up. They realized the battle was going against them and for ten minutes the play was largely in the Rambler's territory. White and Laing cleared in splendid style and prevented scoring. The Rambler's good combination relieved the situation. Chisholm finally scored again. Only a few minutes were left and the Rambler's settled down to defensive tactics. Just before the bell rang a shot from Condon found the nets and the swiftest game ever played in Amherst came to an end with a score of 5 to 2 in favor of the home team.

What has been decided upon as the All St. John hockey team's last practice game before the advent of an outdoor season was played in the Queens Rink on Saturday evening. The snappy Tiger aggregation being the victims. The dice was sent into play at 8:15, and when the time's bell rang down the final curtain, exactly one hour later, the figures stood All St. John 6, Tigers 2.

Those who attended expecting to see the boys a trifle of color, owing to the recent dearth of the necessary ice, were met with agreeable disappointment, to say the least. From the top of the gong the teams went away with a rush; and despite the fact that the ice was rather "sticky," (thereby rendering team-play rather

difficult, a good, clean, scientific exhibition was the result. It must not be assumed from the score that the seniors had matters all their own way, however. On the contrary, the vanquished most forcibly demonstrated their manly sporting proclivities, and kept the regular bumping during the first half and the lion's share of the second. During the closing minutes of the game, however, they perceptibly weakened up, and taking advantage of this their heavier and better conditioned opponents, scoring almost at will, putting on three goals in about twice as many minutes. At the end of the first half the score stood All St. John 5, Tigers 2. The latter's scoring thereafter was represented by a live-sized zero, giving the one and only Mr. Cribbs a half holiday.

WILLIE LEWIS SOME FIGHTER

EXMOUTHS WIN FROM MONCTON

Defeat Y.M.C.A. Basket Ball Team at Railway Town by Good Margin--Return Match to be Played.

They went, they saw, they conquered. Although pitted against one of the fastest teams in the province, and handicapped by having to play in a gymnasium with which they were unacquainted, the Exmouth street Y. M. C. A. basketball team defeated the crack Y. M. C. A. aggregation of Moncton in the railway town on Saturday evening by the score of 86-14. The game which was witnessed by a large number of enthusiasts, was perhaps the fastest seen in Moncton for many years, and the score by no means indicates the closeness of the struggle. The Moncton ball toser's played a strong defence game, their work at times being nothing short of brilliant, and it was with a whirlwind rush, and although the Moncton boys at times showed superior combination, the remarkably fast individual work of the locals prevented their scoring.

Trites and Armstrong were perhaps the bright particular stars of the Moncton line-up, and their defence work was the feature of the evening. For the Exmouth street combination Captain Hipwell was a tower of strength, although the team was fairly even balanced. The teams lined up as follows:

Table listing players for Exmouth Street Y.M.C.A. and Moncton Forwards, including names like Hipwell, Wilson, Greason, Lawton, Brown, and Armstrong.

Latest photograph of the clever eastern fighter who is just now the idol of pleasure-loving Paris. He has fought and won many battles since he went abroad and is coming home for himself and backer.

St. Andrew's Turn Tables. Take Measure of Rivals at Roarin' Game in Second Round of Series--An Ominous Score.

It was skidoo for the Thistles in their match against the St. Andrew curlers Saturday, as they were just 23 points down at the close. The result of the match caused great satisfaction to the supporters of the St. Andrew club as it wiped out the defeat they sustained three weeks ago. This score was offset, however, by the fact that the final match will be awaited with much interest by the local followers of the game.

Table listing scores for Thistles vs St. Andrew in various rounds, including dates and scores like 237-216, 200-223, 437-439.

A number of well known skips had big scores in the match. The rink skipped by D. A. Malcolm was able to make only 7 against 20 for A. O. Skinner's rink. This score was offset, however, by the fact that the final match will be awaited with much interest by the local followers of the game.

SCHOOL BOYS WIN GYM MEET

Defeat Business Boys in Good Series of Sports by Score of 33 to 26--Melrose and Dow the Stars.

The Y. M. C. A. running track and side lines of the gym were not large enough to accommodate the people who wanted to attend the athletic meet held between the business boys and school boys Saturday night, but the four hundred or so who gained admission, enjoyed a good programme of well contested and well conducted sports.

The meet resulted in a victory for the school boys. Seven events in all were contested by the rival teams and at the conclusion the score stood school boys, 33; business boys, 26. George Melrose, the captain of the winning team, made ten points, the highest number scored by any contestant. He won both the shot put and high jump and in each event showed excellent form. He continues to take an active and intelligent part in such sports there is little doubt but that he has a career before him as an athlete. For the losing team Lawrence Dow was the star and showed himself to be a good all round man. He obtained places in four of the six events, and also played well in the basketball game. His eight points gave him second place among the individual contestants. Allen Coster, W. Latham, August McLeod and H. Cunningham tied for third place with five points each.

Table listing scores for School Boys and Business Boys in various events like 100 yd, 200 yd, 400 yd, 800 yd, 1600 yd, 3200 yd, 5000 yd, 10000 yd, 15000 yd, 20000 yd, 30000 yd, 40000 yd, 50000 yd, 60000 yd, 70000 yd, 80000 yd, 90000 yd, 100000 yd.

The 100 rope skip was the first event called. Byron Millidge, Warren McPherson and Harry Heans appeared for the school boys, W. Latham, Fred McKel and Lawrence Dow for the business boys. Millidge was the only contestant to finish without a break. Lawrence Dow, Fred Knudell, and D. Leavitt the intermediates, Macdonald stepped out of the ring on his first turn which appeared to unnervé him. Melrose took first place with a put of 31 ft. 9 in.; Dow was second with 30 ft. 3 in.; and Sinclair third with 29 ft.

The most exciting event of the meet was the second heat of the 17 potato race between Donald Munroe and Percy Cunningham. The latter lost half a lap shortly after the start by missing one potato and dropping another. He kept pluckily at his work, however, and managed gradually to cut down the lead of his opponent. The excitement was intense as the boys came down the home stretch on almost even terms and although it looked like some parts of the building as if it were a dead heat, the judges found that Munroe was the winner.

The other two heats in this event were contested by August McLeod and Harold Cunningham and Louis LeLacheur and Colin Chimo. McLeod obtained first place by doing the distance a quarter of a mile in 1:45.45. LeLacheur was second 1:51.45 and Munro third 1:55. The running high jump was started with the bar at 4 ft. C. Alexander dropped out at 4.6 Knudell at 4.8 and Sinclair and Nobles at 4.9. Leavitt did 4.10.34 and Melrose took first place by going one inch better, in the jump off for third place Sinclair won with 4.9. The start of the eighteen foot rope climb was made with the boys sitting on the floor. H. Cunningham reached the top first by a good margin in 7

FOOTBALL TO GET HARD JOLT

Sub-Committee Appointed to Radically Reform American Game--Savage Tackling Held to Blame for Evils.

New York, N. Y., Feb. 6.—A radical revision of football is under advisement in charge. Greater safety for the players and more variety for the spectators are felt to be essential if the game is to be permitted by public opinion to live. The rules committee adjourned tonight until March 25, after appointing a sub-committee to consider the plans for reorganization. The sub-committee is composed of A. A. Stagg, University of Chicago; Dr. W. L. Dudley, Vanderbilt University, Nashville, Tenn.; and O. W. Savage, Oberlin, Ohio. When the rules committee reconvenes, it will pass formally on the recommendations decided upon in the meantime by the sub-committee.

In the main, the committee now feels that injuries to players are largely due, not so much to tackle, as to savage tackling. Accordingly, it is recommended that there be no more diving tackles; that a rigid physical examination of all candidates be instituted upon, with medical supervision of all players throughout the season; that the buffeting with the shoulders of ends racing down the field after the ball be abolished and that the back who receives a punt be protected from unnecessary violence by the ends. Under one of the three plans suggested, playing halves would be shortened from thirty five to thirty minutes, with fifteen minutes intermission between halves and these halves themselves split again into four periods of fifteen minutes play, with intermissions of five minutes. It is a question in the opinion of the committee, if it would not be well to abolish football between high schools, or at least between high schools and colleges where the players are more mature in physique.

Under one of the three plans suggested, playing halves would be shortened from thirty five to thirty minutes, with fifteen minutes intermission between halves and these halves themselves split again into four periods of fifteen minutes play, with intermissions of five minutes. It is a question in the opinion of the committee, if it would not be well to abolish football between high schools, or at least between high schools and colleges where the players are more mature in physique.

At the conclusion of this event the basketball game between the Intermediate class and High School was called. The business boys had things pretty well their own way and prevented their opponents from making a field goal. Latham at centre was the big point maker for the winners while Melrose who played opposite him did not show up as well as in the field events. The forwards and backs on both teams were weak at combination work. Whenever they got the ball within scoring distance of their opponents' goal they would all get together in a bunch and this loose all chances of making a good shot or a pass out. The final score stood 11 to 3. Ron Kerr refereed in an efficient manner. The lineup follows:

Table listing scores for Basketball game between Intermediate class and High School, including names like H. Cunningham, Penlidon, Latham, P. Cunningham, D. Leavitt, Dow, H. Heans, W. Latham, and scores like 11-3.

What proved to be one of the most popular features of the evening was the catch-as-catch-can wrestling match between Warren McPherson of Class A and Harvey Evans of Class C. The gladiators were introduced by Mr. E. J. Robertson, the physical instructor and were loudly applauded as stripped to the waist they shook hands in the centre of the mat. McPherson outweighed Evans, but the latter put up a game struggle and it was some time before his shoulders were put to the mat. McPherson obtained the second fall and the match after several minutes more strenuous work.

At the conclusion of the 60, the prizes were presented by Mr. G. E. Barbour, now president of the Harriers' Club. An oak shield was awarded to the winner, the victor in the wrestling match received a box of candy. Prizes were also presented Harold Vail, August McLeod and Louis LeLacheur for selling the most tickets for the meet. The sports were in charge of the Harrier Club. The officials were: Referee—Edward J. Robertson. Judges—Chief W. W. Clark, C. E. MacMichael, M. M. Jarvis. Timekeepers—A. W. Robb, H. J. Smith, Ralph Pugh. Starter—Geo. McA. Blizard. Scorekeeper—John F. Horsman. Clerk of Course—L. O. Beaufay. Marshal—James Stearns. Announcer—John G. MacKinnon.
