After COLLISION IN BAY OF FUNDY Motor Boat Run Down by Little Steamer Mikado, and Mr. White Had Leg Broken and Was Saved With Difficulty—Now in Hospital—Will Recover.

Wednesday, Oct. 4. The Bay of Fundy came near being the scene of a double fatality last Monday night when the little steamer Mikado collided with a motor boat owned and occupied by Mr. Garfield White, of this city, and a man who was employed as engineer. Mr. White and his companion were thrown into the water and while they were battling for their lives, the motor boat sank.

The experience of the two men was a trying one. For five minutes they struggled in the water and it was with great difficulty that the crew of the Mikado succeeded in rescuing them from their perilous position. Of the two, Mr. White fared worse, for when rescued it was found that he had sustained a double compound fracture of his right leg, serious and painful injuries to his ankle and foot, and other injuries. He is now in the General Public Hospital, where at a late hour last evening he was reported as resting as comfortably as could be expected, and it is not thought that any serious complications will set in as a result of his painful experience.

Mr. White, accompanied by his engineer, left here Monday afternoon in their small launch for Apple River (N. S.), where Mr. White has large lumber interests. All went well until about 8 o'clock, when, during a heavy sea, the collision between the two boats occurred. The steamer smashed into Mr. White's launch broadside just as the latter was about to pass in front of the steamer. It was while in the water that Mr. White sustained the painful injuries, having got tangled in the propeller of the launch.

As soon as the rescue was made the steamer rushed the men to port and landed them at the Eastern Steamship Company's wharf at an early hour yesterday morning. Here Mr. White was met by Dr. Skinner, who, after giving temporary first aid, had the man conveyed to the hospital in the ambulance, where he was looked after by Dr. W. W. White and Dr. Skinner. Mr. White resides at 221 German street.
