

A Three-pound Lady's Maid

Many and many a time have you opened your trunk at the end of a journey and felt disheartened to the point of crying by the crushed and wrinkled frocks that met your gaze. Usually it was a case of bribing the maid or the cook to press them for you. If you only had a travelling Electric Flatiron, what troubles you might have been spared! Easily carried in your trunk, it weighs no more than a decent box of chocolates. Simply attach cord to lamp socket and it's ready for use. Needs very, very little current.

Ask our demonstrator to explain its points of advantage, or phone and we'll gladly send one to your home for free trial.
