If you are an engineer, this chair could be yours.

This is where you could find yourself if you become a Maritime Engineering Officer in today's Canadian Armed Forces. The Master Engineering Control centre of one of our new DDH 280 Destroyers.

No boilers. No stokers. No sweat! The power within these beautiful ships comes from jet turbine engines. The machinery that heats, cools, ventilates and provides water throughout these ships is the latest.

Maritime Engineering Officers on these ships work with some of the most sophisticated equipment in the world...with expertly trained men who are as proud of their work as they are of their ships.

If you're studying engineering, think about this Officer's job. It's a very special one. It could take you anywhere in the world!
