A NEW TIRE, IF IT PUNCTURES

High-Mileage 'Safety '99' is guaranteed against glass cuts, stone cuts, bruises . . . but this premium-tough tire is so indestructible that it will actually be replaced with a new tire, if it punctures (see guarantee).

SAFETY '99' HIGH-MILEAGE POLYESTER

- ... can't "flat-spot", eliminates "cold morning thump"
- ... can't moisture-rot and cause a blowout
- ... built to deliver more miles of smoother, safe driving, than any other tire
- ... stays "round" — you can actually "feel" the extra control and stability right through the steering wheel
- ... equals or exceeds ALL safety requirements; SAE J918A and RMA-1, Canada and U.S.A.

(Yes Polyester Safety "99" does cost a little more — but it's a mighty small price to pay for this new dimension in driving pleasure, comfort and security.)
