

16th September 1891

Sir,

With reference to the request made in your letter of the 2nd instant, respecting the vouchers stamped '90-90', which have been paid from the current year's appropriation, I beg to inform you that it would be very difficult to give the required information, as no reference to the various vouchers or their file n^os has been kept; but the Department will furnish you, at any time you may so desire, with a statement, showing the balance at the credit of each vote, in order to assist you in keeping the expenditure within the appropriation.

Your obedient servant,

The Indian Commissioner

for man. & N. W. Territories

Regina, N. W. T.

Deputy of the Secretary
of Indian Affairs.
