Works thousands of cures annually. Endorsed by the best breeders and horsemen everywhere. Price, \$1: six for \$5. As a liniment for family use it has no equal.

best breeders and horsemen everywhere. Price, \$1: six for \$5. As a liniment for family use it has no equal.

"West Lome, Ontario, Can., Dec. 14, 1898.

DR. B. J. KENDALL CO.

Dear Sirs:—A year ago! had a valuable horse which got lame. I took him to the Veterinary Surreon who pronounced it Occult Spavin and gave me little hope, although he applied a sharp blister. This made matters only worse and the horse became so lame that it could not stand up. After trying everything in my power I went to a neighbor and told him about the case. He gave me one of your books and I studied it carefully and being resolved to do the utmost in favor of my beast, went to the nearest drug store and got a bottle of your Spavin Cure and applied it strictly according to directions. Before the first bottle was used I noticed an improvement, and when the seventh bottle was about half used, my horse was completely cured and without leaving a blemish on him. After ceasing treatment I gave the horse good care and did some light work with him, wishing to see if it had effected a cure. I then started to work showed any more lameness through the whole summer. I can recommend Kendall's Spavin Cure not only as an excellent, but as a sure remedy, to any one that it may concern. Yours truly, SAMUEL TRITTEN.

Ask your druggist for Kendall's Spavin Cure, also

GOLDEN MEASURE.

The imported Shorthorn bull, Golden Measure = 20057 = (72615). illustrated in this number, and owned by Mr. John E. Smith, of Brandon, was bred by Mr. Duthie, of Collynie, sired by Golden Count, who was bred by Mr. J. Deane Willisfrom the famous Cruickshank bull, Count Lavender, and the favorite Sittyton cow, Gwendoline. The dam of Golden Measure is Mistletoe 5th. of the grand old Missie family, in the herd of Mr. Marr, of Uppermill, which produced the Royal champion, Marengo, and many other prizewinners in Britain. Mistletoe 5th was got by Scottish Archer, the sire of Marengo, and her dam was by the renowned William of Orange. From this it will be seen that Golden Measure is one of the very best bred bulls in any country, and his breeding is telling in the character of his calves, which are coming uniformly of the right type, full of the best quality of flesh, and well filled in all points. He is a valuable bull, and is doing good work as a sire in the herd of Mr. Smith. The imported Shorthorn bull, Golden Measure

MR. GEO. HINDMARSH'S SHROPSHIRES.

MR. GEO. HINDMARSH'S SHROPSHIRES.

It has been again our lot to visit Mr. Hind marsh at his home near Ailsa Craig. Ont., and to look over his flocks and herds. His extremely favorable pasture lands renders the business of stock-rearing one of constant satisfaction. It has been gratifying to note from time to time when we have called, with what marked satisfaction Mr. Hindmarsh has been able to point to a splendid bunch of young things, and when we come to analyze the reason, we cannot but congratulate him upon the determination with which he follows out the dictation of his judgment in the selection of his sires. He admits none but the very highest in quality, with good breeding to back it. Two years ago he found a splendid ram, which was selected by Mr. John Campbell, in England. As has been done on former occasions, and again last by Mr. John Campbell, in England. As heep been done on former occasions, and again last year, that gentleman purchased a splendid, well-covered rangy 2-shear ram from the flock of Mr. Harry Williams. Both sheep, to our knowledge, were strong, typical rams of the knowledge, were strong, typical rams of the breed, full of Shropshire character, in the pink of health, and grandly covered. The present flock is made up of some 35 breeding ewes and their lambs, 26 shearling ewes, and the stock their lambs. 26 shearling ewes, and the stock ram. We found the shearling ewes a splendid lot, extremely uniform in size, quality and covering, and a bunch that would do credit to any flock in the country. The young lambs (over 60) were about evenly divided in sex, and bear out the same uniformity as their older sis-ters. A few splendid and useful breeding ewes will be held for sale this fall, which will afford opportunity to beginners to purchase a foundation to start upon correct principles.

SHEEP FOR CANADA AND THE STATES. SHEEP FOR CANADA AND THE STATES.

As was intimated in the report of the Royal Show, written for the Advocate, there were some important purchases made on the show ground, of leading sheep, for both Canada and the States. These purchases have since been largely increased by selections made from the flocks at home. There is of course, no means of ascertaining definitely what sheep have been purchased, so a complete list cannot be given. We know, however, that Mr. G. McKerrow, who represented the Shropshire. Southdown and Oxfordshire Sheep Societies of America, at the international conference, has made some very large purchases from many of the leading flocks, and has left England with a grand selection of sheep of very high merit and character. Among this selection are some five or six very tion of sheep of very high merit and character. Among this selection are some five or six very grand Oxford Downs from Mr. J. T. Hobbs' flock at Maisey Hampton, including the first-prize two-year-old ram at the Royal Show, from Mr. A. Brassey's flock, whose repute is well known to your Oxford men. He has secured at a long figure the pick of his yearling rams, one that is what may be termed a tiptop ram, and a selection of some eight or nine other grand rams. From Mr. J. C. Eady's flock one of his security to five representation. a selection of some eight or nine other grand rams. From Mr. J. C. Eady's flock one of his grand lot of yearling ewes has been taken, not out of the first-prize pen, but a far better ewe than any of that trio. Miss Alicede Rothschild's flock, from Waddesdon Manor, supplies a selection of high quality and merit, whilst the grand old flock of Messrs. J. Bryan & Sons sends seven or eight of its leading specimens. Mr. J. H. Wilson's flock has also been visited, with the result that there has been secured a trio of first-class sheep, and lastly, but by no means least in value or importance, a trio of lambs, each from the flocks of Messrs. J. White and T. W. Jefferys, have been included in what is one of the strongest Oxford exportations that have left the country for a very long time.

Southdowns to the number of nine or ten have been taken from the noted Pagham Harbor Co.'s flock, which will take a rare lot of beating in the States, whilst a Shropshire or so have been selected from the flock of Mr. R. P. Cooper, at Shep-stone. The Lincoln breed also secured Mr. McKerrow's attention, and he took a pair of grand ewes from the flock of Mr. S. E. Dean & Sons, of Dowsby Hall Dorset Horns were selected from the flock of Mr. W. R. Flower, whose position of pre-eminence as a breeder of this variety is beyond dispute; whilst

Horns were selected from the flock of Mr. M.
R. Flower, whose position of pre-eminence as a
breeder of this variety is beyond dispute; whilst
a small and select lot of Hampshire lambs are
taken from the flock of Messrs. J. Dean, and
a tynical selection of Cotswolds from Mr. H.
A. Millst flock. This is a summarized account
of Mr. McKerrow's valuable selection, which,
however, is not a fully detailed one.

THE LAWRENCE-WILLIAMS CO., Toronto, Ont.

GOSSIP.

During a visit to the noted horse-breeding farm of Messrs. D. & O. Sorby, Guelph, Ont., we found the horse stock rather more reduced in numbers than for a considerable period. During the last few months the following animals have been sold: To John A. Turner, Calgary, the 2-year-old Prince Grandeur, sire imp. Grandeur, dam Lady Boydston; the 2-year-old Lady Charming, sire Lord Charming, dam Sunbeam; the yearling Charming Eva, sire Lord Charming, dam Eva: and the yearling Charming Star, sire Lord Charming, dam Starlight. To D. McKinnon, Coningsby, Ont., the 3-year-old Lady Patricia, sire Stanley Prince, dam Princess Patricia; to David Larter, Ponsonby, Ont., the yearling Lord Grandeur, sire imp. Grandeur, dam Lady Boydston; to Robert Harris, Gateneau Point, Que., the 2-year-old Prince Patrician, sire Grandeur, dam Princess Patricia; to Alex. McCaig, Aberfoyle, Ont., the imported 3-year-old Lady Flemington, sire Duke of Flemington.

Of Hackneys, the 3-year-old Woodlands Performer, by Barthorpe Performer, and dam Miss Baker, was sold to Andrew 12 tte, Georgetown, Ont., and the aged mare, Lady Mabel, was sold to Mr. Thacker, Bethany, Ont. Every individual in the above list is a first-class animal, and bred in the purple. Many of them have won prizes in the keenest of competition. Their present owners are to be congratulated on securing such animals, that cannot (barring accidents) fail to place them in the front rank of horse breeders, with proper horsemanship. We understand the prices received were in keeping with the advanced values of horsefiesh and the high character of the animals.

THE MAPLE LONGE SHORTHORNS AND LEICES

THE MAPLE LOBGE SHORTHORNS AND LEICESTERS.

A member of the ADVOCATE staff recently inspected the excellent herd of Scotch and Scotch-topped Shorthorns, and the equally excellent flock of Leicester sheep, maintained by Mr. A. W. Smith on his fine farm at Maple Lodge, Ont., four miles from Ailsa Craig, on G. T. R. The herd of between 40 and 50 head is composed of representatives of several highly meritorious families, among which is the Cruickshank Lovelys, of which there are a number of very good ones descended from the grand imported cow, Lovely 19th, bred at Sittyton. The 4-year-old imported cow, Lady Mary 15th, bred by Mr Still, Nether Auguston, Aberdeenshire, is a substantial cow of excellent quality and character, a daughter of Denmark, of Mr. Bruce's favorite Augusta family, and by the Cruickshank bull, Clear-the-Way, sire of several Smithfield winners. The dam of Lady Mary was by Gravesend, and traces to Jealousy by Scarlet Velvet. This young cow is giving good promise as a breeder, and is nearly, if not quite, a show cow as well. A family that has proved exceedingly satisfactory in the herd is the Constance tribe, one of the best of the Bates sorts, having good size and fine breed character, standing on short legs, and being deep milkers. The Scotch bulls used have nicked well with this tribe, and produced many very fine cattle, the cows winning first prizes at the Provincial Dairy Shows, and the bulls taking prominent places among the winners at Towell with this tribe, and produced many very fine cattle, the cows winning first prizes at the Provincial Dairy Shows, and the bulls taking prominent places among the winners at Toronto. Another deep-milking family traces to Lavinia, and by a succession of Scotch-bred crosses has grown into an excellent feeding sort as well. Still another capital tribe traces to imp. Jane, of the grand old Syme family, bred in Aberdeenshire, noted for thick flesh, and which has produced many prizewinners. Among the noted bulls that have been employed in the herd may be mentioned Lavender Prince, by the Cruickshank-bred imp. Sussex: Conqueror, a Cruickshank Clipper, by the Sittyton Victoria bull, Vensgarth; British Flag, a son of Barmpton Hero, whosedam. Mimulus, was by the great Champion of England, and Abbotsford, straight Cruickshank bull of fine character, a Toronto first-prize winner on his own account and

straight Cruickshank bull of fine character, a Toronto first-prize winner on his own account and as a sire, and bred from the same family as the World's Fair champion, Young Abbotsburn. The bull now in service is imported Knuckle Duster, owned; jointly by Mr. A. W. Smith and Mr. Harry Smith, of Hay; bred by Mr. Bruce, of Inverquhomery, Aberdeen, from his excellent Augusta family: got by Waverly, the sire of the Smithfield winner of 1898, and his dam by the Cruickshank Capa-Pie, a championship winner at Udney, and a prizewinner at the Royal Northern Show. Knuckle Dusteris a bull of fine type and character, and won 1st prize at the Western Fair at London, in 1899, over the 1st prize bull in the same class at Toronto the 1st prize bull in the same class at Toronto the

Ist-prize bull in the same class at Toronto the same year.

The Maple Lodge Leicester flock, of something like a hundred, takes a prominent place in the front rank by its representatives at the leading shows in Canada, having won at Toronto in 1890 first prize for Canadian-bred flock, and in 1890 first prize for Canadian-bred flock, and in 1890 first for both open flock and Canadian-bred, hesides a large share of the other first prizes in the class. Last year a choice importation of 2 rans and 10 in-lamb ewes was made, selected from leading flocks in Scotland, and the yearlings and older sheep in preparation for the shows this year will be even better than any be has ever shown, while a few may be sparted to make up how for in the States or canada. The crop in lamie 1 also very fine, and the whole flock of satisforative good quality and constitution.
