To each subscriber who renews for ten years an elaborate illuminated certificate, suitable for framing, will be presented. This certificate will show our readers the excellent designing and printing turned out by The Guide's commercial printing department.

Perhaps no body of farmers ever battled harder to overcome obstacles which would have disheartened most men than the Grain Growers of the West. Rebuffed by the governments, scorned by the protected manufacturers, railway companies and the elevator combine, they have not swerved a hair's-breadth from the overmastering purpose which dominated their every action. The words "square deal" are emblazoned upon their banner, and no threat or ridicule can shake them from their purpose.

The Big Interest

cannot keep a determined organization from success. Every stumbling block that has been placed in the way of the

Association and The Guide has been used as a stepping-stone to further greatness. We are the victors of our opponents. They have developed in us the very power by which we will overcome them. Without their opposition we could never have braced, anchored and fortified ourselves, as the oak is braced and anchored for its thousand battles with the tempest.

To help us successfully accomplish our purpose we want another 10,000 readers enrolled by the 1st of April. If our present subscribers will co-operate to that end and recommend The Guide to all their friends, our hopes will be more than realized. We also wish our readers to send in their renewals today and not wait for a notice to renew.
