MAY MOVE GOVERNMENT.

WASHINGTON, Aug. 31—France is considering the advisability of moving the seat of her government from Paris to Bordeaux as a precautionary measure, according to official advices received here to-day

JAPAN IS BUSY.

PEKING, Aug. 31— Information has been received here that Ta-Chien, small island out of Kiao-Chow Bay has been occupied by the Japanese The German fortifications of Tsing-Tau front on Kiao-Chow Bay.

BRITISH ARMY

(Continued from Page 1)

bow, and served at once to harass the retiring columns and to keep the German staff fully informed of the movements of their allies. The British force fell back through Bavay on the front between Valenciennes and Maubege, then through Le Quesnoy, where desperate fighting took place southwards. The regiments were grievously decimated, and the broken army fought its way desperately with many stands. Owing to his numbers the enemy was prepared to throw away three or four men for a life of every British soldier. Last night I wrote to the sounds of guns. All the afternoon guns were going on the eastern roads. A German aeroplane flew over us this morning and was brought down.

Our losses are very great. I have seen broken bits of many regiments. Let me repeat that there was no failure in discipline, no panic, no throwing up the sponge. A group of men maybe a dozen, less or more, arrives under the command of whoever is entitled to command. The men are battered with marching, and ought to be weak with hunger, for no commissariat could cope with such cases. But they are steady, and whatever arrives makes straight for the proper authority to report themselves and seek news of their regiment. I saw two men give such reports after saluting smartly. "Very badly cut up, sir," was the phrase one used of his regiment. Others said, "Very heavy loss, I'm afraid, sir," when asked if many were left.

Apparently every division was in action. Some have lost nearly all their officers. Regiments were broken to bits, but the good discipline and fine spirit of the men kept the fragments together, though they no longer knew what had become of the other parts with which they had once formed a splendid whole.

Certain things about the fighting seem clear. One is the colossal character of the German losses. It is clear that although the French General Staff knew their eastern frontier defences had been so perfected as to force Germany to turn to the flank to find a weak spot, although they knew also that not for nothing did Germany antagonize Britain and outrage international opinion, nevertheless they underestimated the force of the Germans below through Belgium. All estimates of the number of the German army corps in Belgium will need revision, and behind the screen in Alsace and Lorraine there were probably far fewer than was supposed, else, perhaps, Muelhausen would not have been retaken.

The German commanders in the north advance their men as if they had an inexhaustible supply. Of the bravery of the men it is not necessary to speak. They advance in deep sections, so slightly extended as to be almost in close order, with little regard for cover, rushing forward as soon as their own artillery has opened fire behind them on our position. Our artillery mows long lanes down the centres of the sections, so that frequently there is nothing left but its outsides. But no sooner is this done than more men double up, rushing over the heaps of dead, and remake the section. Last week, so great was their superiority in numbers that they were no more to be stopped than the waves of the seas.

Their shrapnel fire is markedly bad, though their gunners are excellent at finding range. On the other hand their machine guns are of the most deadly efficiency and very numerous. Their rifle shooting is described as not first-class, but owing to their numbers their infantry rushes on till frequently they and the allies meet in bayonet tussles. The superiority of numbers in men and guns, especially machine guns, and the almost perfectly organized system of scouting by aeroplanes, Zeppelins, motors carrying machine guns, and cavalry, and their extreme mobility, are the elements that hove contributed to the success of the Germans.

To sum up, the first great German effort has succeeded. We have to face the fact that the British expeditionary force, which bore the great weight of the blow, has suffered terrible losses and requires immediate and immense reinforcement. The British expeditionary force has won, indeed, imperishable glory, but it needs men and more men.

The investment of Paris cannot be banished from the field of possibility. We want reinforcements and we want them now. Whether the Chief of the German General Staff, after reckoning up his losses, will find that he has enough men left to attempt a further assault with any hope of success is more doubtful. His army has made a colossal effort and moves with extraordinary speed. It is possible that its limits have been reached.

CAUSED RIOT.

KINSTON, Aug 31—A number of the Germans being transferred from Montreal to Fort Henry here commenced to sing German songs while the train was coming in from the outer station and it almost started a riot with other passengers who were on the train. One other man of sixty said very hotly: 'I would have punched those fellows with my fist if I could have got near them."

The Germans were quieted by their guards.

MARKET REPORTS

CHICAGO, Aug. 29.—All board of trade speculative markets advanced today, wheat 2c to 2½c; corn, ½c to 1c; oats, 1c to 1½c, and provisions, from 7½c to 50c.

TORONTO GRAIN MARKET.

Wheat, fall, bushel	$1 10	to $1 12
Barley, bushel	0 70	....

Eggs, new-laid	0 25	0 26
Honey, new, lb	0 11	0 12

WINNIPEG GRAIN MARKET.

WINNIPEG, Aug. 29.—Winnipeg wheat opened ¼c lower to ½c higher. Oats and flax were unchanged. Trading was fairly active during the first hour of business and prices strengthened in sympathy with American markets. It was stated that Morgan & Co., New York bankers, had agreed to pay exporters for wheat sold to certain European countries, and this was a factor in stiffening values, being aided by short covering over the week-end. Closing prices were ⅜c to ⅝c higher.

The cash demand was quieter for wheat and prices were steady. The movement of wheat is gradually increasing, and the market generally is showing the effect of hedging.

MONTREAL GRAIN MARKET.

MONTREAL, Aug. 29.—Owing to the limited supply of oats available on spot and for shipment from the west a strong feeling prevails in the market and prices have scored a further advance of 2c per bushel. The demand for car lots is fair, and sales of No. 2 C.W. were made at 64c to 65c per bushel ex-store. There was some enquiry over the cable, but as bids were lower than of late no business was done. In flour the feeling is firm under a good demand and an active trade is doing. Millfeed is scarce and strong with a good demand. Rolled oats fairly active. Baled hay in good demand and prices are tending toward a higher level. The butter market is strong and prices in the country scored a further advance of ½c to ¾c per pound, compared with last week. Sales of finest creamery butter were made at Cowansville at 29¾c, and St. Hyacinthe at 28c. Receipts for the week were 14,668 packages, against 10,224 a year ago. The cheese market is strong, but at the higher prices the demand from English buyers has eased. Receipts for the week were 58,640 boxes, compared with 29,232 the same week last year. Eggs active and firm. Receipts for the week were 6617 cases, against 4201 a year ago. Stocks: Wheat 3,608,582, corn 94,913, oats 309,573, barley 90,894, rye 22,604, flax 97,125, flour 26,043 sacks.

MINNEAPOLIS GRAIN MARKET.

MINNEAPOLIS, Aug. 29.—Wheat—Sept., $1.10⅞; Dec., $1.12¾ to $1.13⅜; No. 1 hard, $1.20⅝; No. 1 northern, $1.12⅞ to $1.18⅞; No. 2 do., $1.08⅞ to $1.16⅞.

Corn—No. 3 yellow, 76c to 77c.

Oats—No. 2 white, 36c to 46½c.

DULUTH GRAIN MARKET.

DULUTH, Aug. 30.—Wheat—No. 1 hard, $1.17⅞; No. 1 northern, $1.16⅞; No. 2, $1.14⅞; Sept., $1.13⅞; Dec., $1.13¾.

CHEESE MARKETS.

BELLEVILLE, Ont., Aug. 30.—Offered Saturday 1105 white and 80 colored. Sales: 910 at 14⅝c, and 195 at 14 9-16c per lb.

LONDON, Ont., Aug. 30.—Nine factories offered Saturday 859 boxes of cheese. No sales. The bidding ranged from 13⅛c to 14⅜c.

ST. HYACINTHE, Que., Aug. 30.—At the dairy board meeting today, 450 packages of butter sold at 28c, and 600 boxes of cheese sold at 14½c per lb.

TWO WERE ELECTROCUTED.

AUBURN, N. Y., Aug. 31.—Joseph Di Gora, of Erie county and George Coyer of Cattaraugus county, were electrocuted in Auburn prison this morning. Both went to the chair stoically. Di Gora killed a successful rival in Buffalo and Coyer slew his wife after she had left him because of cruelty. The electrocutions marked the end of 23 years of service as state electrician of E. F. Davis of Corning. The prison officials declined to give the name of the new executioner.
