HAVE U.S. NAVAL OFFICERS ACT AS TRIBUNAL

Sir Edward Grey Suggests to Put Sub. Incidents Before Them. REPLIES TO HUN ACCUSATIONS

British Navy Not Guilty of Inhumanity, Affirms Sir Edward.

London, Jan. 5.—The first suggestion of an international court, composed of Americans, to try differences between the British and Germans, is contained in a communication from Sir Edward Grey, made public last night by the Official Press Bureau.

SLAUGHTERED THE CREW?

The Germans in this case accused the British of having slaughtered the crew of the submarine U-51. The case was brought before statements by American military officers aboard the British steamer Nicolson, which was being attacked by the German submarine when the Baralong came to the rescue.

U. S. NAVAL TRIBUNAL.

The communication concludes: "These three incidents, almost simultaneous in point of time and differing greatly in point of character, might with the case of the Baralong, be brought before some impartial court of investigation; for example a tribunal composed of officers belonging to the United States navy."

REPLY UNNECESSARY.

"The Government do not think it necessary to make reply to the suggestion that the British navy has committed the crime of inhumanity. According to the latest figures available the number of German sailors rescued from drowning often in circumstances of great difficulty and peril amounts to 1,150. The German navy can show no such record, perhaps through want of opportunity."

The German memorandum received from Ambassador Page contains sworn statements by J. M. Garrett of Kiln, Miss. Charles Hightower and R. Cosby of Crystal City, Tex., "Bud" Emerson of Palen and Edward Clark of Detroit, Mich., and James Curran of Chicago.

Australian Cadets to-night at the Opera House in a splendid musical programme. Band of thirty pieces.

A system of stopping moving trains by wire-locks has been invented. Among the sights on the island of Martinique is the mining of material for the manufacture of lime from the bottom of the sea. The bulk of the lime used on the island is manufactured from madreporic stone or reef-coral so mined.
