London, July 10 .- Desertions from the Bulgarian army on the Macedonian front are increasing greatly, French headquarters in Macedonia informs the Saloniki correspondent of The Times. All the deserters say that conditions in Bulgaria have become un-

The submarine danger in the Mediterranean is declining, the correspondent adds. Supplies needed in Greece are arriving with greater regularity.

The German hesita-tion in resuming the offensive is giving the Allies, although prepared to meet it, little con-cern as day by day they improve their positions by advances in local operations, which a year or so ago would have been locked upon as sizeable battles. In an attack against the new French positions in the Long-pont region, south of the Aisne, the Germans have failed to advance. The enemy has made no attempt to recoup the losses sustained in the French forward movement southwest of Noyon, in which the Germans host 530 prisoners and 30 ma-thine guns.
