The highest price paid for well faited and well dressed hogs at Mott

With a view to securing what we thought a wholesome recreation for the young people of the village, we last week insorted a paragraph saying:

"A good skating rink, properly conducted, would be a paying investment for some enterprising Athenian."

At one of the services in the Methodist church last week this item was publicly condemned by Rev. John Grenfell and his remarks were ably seconded by Mr. Kerr, the evangelist. The proscription of a skating rink in this town is something new.
